CENSUS OF 1901.

COUNTY OF ESSEX.

SUMMARY OF THE CENSUS RESULTS.

THE Ancient or Geographical County of Essex contains, according to revised returns furnished by His Majesty's Ordnance Survey Department, an area of 986,975 statute acres. Its population numbers 1,085,771 persons. In 1801 the population was 227,682; it has, therefore, increased during the Century nearly five-fold.

AREA AND
POPULATION
TABLES
1, 2 AND 3.

The Administrative County, together with the County Borough of West Ham, contains an area of 979,532 statute acres, and a population of 1,083,998, against 783,374 in 1891, an increase of 38·4 per cent.; the number of Inhabited Houses is 201,082, against 145,840 in 1891, an increase of 37·9 per cent.; of Uninhabited Houses the number is 13,894, against 9,683 in 1891, an increase of 43·5 per cent.; and of Houses building, 3,681, against 1,354 in 1891, an increase of 171·9 per cent. Of the 13,894 Uninhabited Houses, 3,637 are "In Occupation," that is, utilised for business or other purposes, but without inmates on Census night.

The Registration County contains an area of 904,215 statute acres, and a population of 1,062,645. The differences between the Ancient, the Administrative, and the Registration County are set forth in Table 2. The respective boundaries of the Administrative and of the Registration County are delineated on the Map attached.

Where comparative figures are quoted, those for 1891 generally relate to areas as constituted in 1901.

The Ancient County of Essex is divided for Parliamentary purposes into 11 Constituencies—8 Divisions of the County and the Boroughs of Colchester and West Ham, the latter containing two Divisions.

PARLIAMEN-
TARY CON-
STITUENCIES.
TABLE 4.

The following Constituencies have populations exceeding 100,000 :—

Southern or Romford Division	217,085	West Ham :—South Division	161,639
South Western or Walthamstow Division	185,549	North Division	105,719

There are 452 Ecclesiastical Parishes or Districts situated wholly or partly within the Ancient County of Essex. Of these Parishes, or parts of Parishes, 447, with an aggregate population of 1,083,944, are within the Diocese of St. Albans; and 5 parts of Parishes, with a population of 1,827, in that of Ely.

ECCLESIAS-
TICAL
PARISHES.
TABLE 5.

The Administrative County contains a population of 816,640, and the County Borough of West Ham a population of 267,358, the aggregate population thus amounting to 1,083,998. The increase in the Administrative County since 1891, apart from the County Borough, is 238,169, or 41·2 per cent.; in the County Borough it is 62,455, or 30·5 per cent.; and in the total population 300,624, or 38·4 per cent.

ADMINISTRA-
TIVE COUNTY,
AND COUNTY
BOROUGH OF
WEST HAM.
TABLE 6.

The Administrative County has one Court of Quarter Sessions, and is divided into 18 Petty Sessional Divisions. The County Borough of West Ham and the Municipal Boroughs of Colchester, Maldon, and Saffron Walden have separate Commissions of the Peace, and separate Courts of Quarter Sessions; and the Boroughs of Harwich and Southend on Sea have separate Commissions of the Peace only.

PETTY
SESSIONAL
DIVISIONS.
TABLE 7.

The total population of Urban Districts, including the County Borough and Municipal Boroughs, amounts to 843,222, and that of Rural Districts to 240,776. The population in the Urban Districts has increased by 292,715, or 53·2 per cent., since 1891, and that in the Rural Districts by 7,909, or 3·4 per cent.

TABLE 9.

The County contains the County Borough of West Ham, 6 Municipal Boroughs, and 25 other Urban Districts. The following Table shows the increase of population since 1891 in each Borough and Urban District with a population in excess of 20,000, as constituted on the Census day:—

	POPULATION.		In-crease per cent.		POPULATION.		In-crease per cent.

RURAL
DISTRICTS.
TABLE 10.

There are 17 Rural Districts within the Administrative County, containing an aggregate population of 240,776. This represents 22·2 per cent. of the entire population of the County.

CIVIL
PARISHES.
TABLE 11.

The number of Civil Parishes within the Administrative County is 398. In addition the County Borough of West Ham consists of one Parish.

REGISTRATION
DISTRICTS.
TABLE 12.

The Registration County contains a population of 1,062,645, and is divided into 16 Registration Districts, which are again sub-divided into 57 Sub-Districts. In Table 12, besides comparative figures of houses and of population in 1891 and 1901, a column is given to show the number of Families or Separate Occupiers in each Registration District and Sub-District, and Civil Parish. These amount to 225,520, giving an average of over 4·7 persons to a family, as compared with 4·4 in London. It may here be stated, though the figures are not presented in Tabular form, that the population of Essex, as shown in the Tables, includes a total of 703 persons—389 Males and 314 Females—who were enumerated as having passed the Census night in Barns, Sheds, Caravans, etc.

TENEMENTS.
TABLE 19.

The total number of separate Tenements in the Administrative County, together with the County Borough of West Ham, which had been 164,153 in 1891, rose to 230,492 in 1901, the increase being equal to 40·4 per cent. Of this total, the Tenements containing five or more rooms increased from 89,432 to 138,946, equal to 55·4 per cent., while the increase of those with less than five rooms was from 74,721 to 91,546, equal to 22·5 per cent. The rate of increase in the larger Tenements was therefore more than twice as great as that in the smaller Tenements. Stated in another way, the Tenements with five or more rooms were equal to 54·5 per cent. of the total Tenements in 1891, and increased to 60·3 per cent. at the recent Census, while the percentage of the Tenements with less than five rooms declined from 45·5 to 39·7. Nevertheless, a marked increase is shown in the number of one, two, and three-roomed Tenements in which more than two people per room were enumerated. Thus the number of one-roomed Tenements each containing more than two persons increased from 824 to 1,018, or 23·5 per cent.; the number of two-roomed Tenements each containing more than four persons from 1,297 to 1,434, or 10·6 per cent.; the number of three-roomed Tenements each containing more than six persons from 1,972 to 2,217, or 12·4 per cent., while the number of four-roomed Tenements each containing more than eight persons showed a slight diminution. The increase of population in the Administrative County, together with the County Borough, was 38·4 per cent.

In the aggregate of Urban Districts the proportion of Tenements with less than five rooms to the total number of Tenements is 38·5 per cent., and in the aggregate of Rural Districts it is 43·5 per cent.

TENEMENTS IN
URBAN
DISTRICTS.
TABLE 20.

The proportion of Tenements with less than five rooms, which averages 39·7 per cent. in the entire County, shows considerable variations in the larger Urban Districts. The proportion in these ranges from 11·9 in Ilford, 18·0 in Southend on Sea, and 20·5 in Chelmsford, to 50·0 in Harwich, and 56·9 in West Ham.

Table 22 shows the increase or decrease of population in the Registration County, and in each of the Registration Districts, as compared with the difference between registered Births and Deaths: the Table has been extended by the addition of a column showing the balance of change which must be ascribed to migration. The increase of population in the Registration County since 1891 amounts to 301,454, and the excess of Births over Deaths to 130,761. It follows that the County has made a net gain by migration of 170,693 persons. The Registration Districts where the gain by migration is most pronounced are: (a) West Ham (including the County Borough of West Ham and the Urban Districts of East Ham, Leyton, and Walthamstow), in which the total increase of population is 215,262, made up of an excess of Births over Deaths of 83,084, and a gain by migration of 132,178; and (b) Romford (including the Urban Districts of Barking, Ilford, and Romford), in which the total increase of population is 45,442, caused by an excess of Births over Deaths of 9,456, and a gain by migration of 35,986.

MARRIAGES,
BIRTHS,
DEATHS, AND
MIGRATION.
TABLE 22.

The Females enumerated in the Administrative County, together with the County Borough of West Ham, exceed the Males by 12,794; there are 1,024 Females to every 1,000 Males. The disproportion is not so great as in London, where there are 1,118 Females to 1,000 Males. The number of children of school age (three and under fourteen years) is 280,603, of whom 140,636 are boys and 139,967 girls. It is to be observed, however, that the attendance at school of children under five is not compulsory. The number of children aged five and under fourteen years is 226,772, of whom 113,714 are boys and 113,058 girls.

SEXES AND
AGES IN THE
ADMINISTRATIVE COUNTY
TOGETHER
WITH THE
COUNTY
BOROUGH OF
WEST HAM.
TABLE 23.

The number of persons 65 years of age and upwards is 47,159, and of these 20,949 are Males and 26,210 Females; of the five who claim to be 100 years or upwards, 4 are Females. The proportion of persons aged 65 years and upwards enumerated in Rural Districts is 7.5 per cent. of the total Rural population, while in the Urban Districts the proportion is 3.4 per cent. of the total Urban population.

Of the Males, 327,314 are Unmarried, 192,176 are Married, and 16,112 are Widowed. Of the Females, 317,430 are Unmarried, 195,610 are Married, and 35,356 are Widowed.

CONDITION AS
TO MARRIAGE.
TABLE 27.

The following Table shows the percentages for 1891 and for 1901:—

Condition as to Marriage.	MALES.				FEMALES.			
	To 100 at All Ages.		To 100 at Twenty years and upwards.		To 100 at All Ages.		To 100 at Twenty years and upwards.	
	1891.	1901.	1891.	1901.	1891.	1901.	1891.	1901.
Unmarried	62.4	61.1	27.1	27.7	59.2	57.9	23.0	24.6
Married	34.5	35.9	66.9	66.7	34.4	35.7	64.9	63.8
Widowed	3.1	3.0	6.0	5.6	6.4	6.4	12.1	11.6

The percentages in this Table for 1891 relate to the Registration County of Essex as then constituted, and those for 1901 to the Administrative County, together with the County Borough of West Ham, as constituted on the Census day. The difference of boundary between the two areas does not materially affect the value of these figures for comparative purposes.

It may be noted from the figures that the proportions of the Married to the population at all ages is now higher than it was in 1891, owing to the decrease in the proportion of children through the decline in the birth-rate. The proportion of the Married, however, if calculated on the population aged upwards of twenty years, is slightly lower than it was ten years ago, among Males, and distinctly so among Females.

The number of Males under 21 years of age returned as Married is 522, and the number of Females 2,206. There are also 3 Widowers and 12 Widows who are minors.

Table 29 shows the ages of both Husbands and Wives in combination; in 179,111 cases in the Registration County both the Husband and the Wife were enumerated in the same schedule, and were therefore presumably living together; in addition there were 9,264

AGES OF
HUSBANDS
AND WIVES IN
COMBINATION.
TABLE 29.

Husbands whose Wives were absent—that is, were not enumerated in the same schedule—and 12,676 Wives whose Husbands were absent on the Census night.

WORKHOUSES.
TABLE 30.

Pauper Inmates of Workhouse Establishments in the Registration County number 8,014 persons at all ages, of whom 5,005 are Males and 3,009 Females. This represents approximately 0.75 per cent. of the general population, the proportion having slightly declined since 1891; but at advanced ages the proportion is far higher. At 55 years and upwards the proportion per cent. of the population of the same age in Workhouse Establishments is 2.9, and at 65 years and upwards 4.7 per cent.

PRISONS.
TABLE 31.

Prisoners in Local and Convict Prisons in the Registration County number 235, all of whom are Males, against 196 in 1891. Their ages and civil conditions are shown in Table 31.

OCCUPATIONS.
TABLE 32.

The Tables dealing with the occupations of the people have been extended and elaborated. Table 32 contains a list of 379 occupations, and shows the number of Males and Females employed in each. In this and succeeding Tables, Females are separately given as Unmarried and Married or Widowed. A tabular note furnishes information as to ages and other occupational details for industries of special importance in the County.

The following figures give a summary view of the Occupational statistics for the County of Essex, showing the proportions of Males and Females, over 10 years of age, engaged in each Order, and also the proportions Unoccupied:—

						Males.	Females.

Certain changes in the method of classification and in the mode of filling up the Schedules resulting in greater accuracy of definition of employment affect the numbers in many occupational headings for the purpose of comparison with the results of the Census taken in 1891. The following have, however, been selected, and in some cases thrown into groups, for comparison, so as to illustrate the progression or retrogression of some of the leading industries of the County. Figures showing the total population over 10 years of age by sexes, with rate per cent. of increase, head the Table, so as to afford a ready means of comparing the distribution and occupational movement of the people in various industries with the growth of population between the two Censuses. The figures for 1901 in the following Table relate to the Registration County to secure accuracy of comparison with those for 1891. They are consequently not identical with the figures given in Table 32, which relate to the Administrative County.

In 1891 the percentage of the total population aged 10 years and upwards engaged in occupations in the Registration County was, in the case of Males 81·5, in the case of Females 26·5; and in 1901 the percentages are 81·7 and 24·9 respectively. In the Administrative County (together with the County Borough of West Ham) the proportions in 1901 are identical with those in the Registration County.

It has already been stated that Females have been abstracted separately as “Unmarried” and “Married or Widowed.” Of the 103,498 Females over 10 years of age engaged in Occupations, 82,677, or 80 per cent., are in the former category, and 20,821, or 20 per cent., in the latter. Laundry and Washing Service finds employment for 3,229 Married or Widowed Females; Dressmaking, Shirtmaking, Millinery, and Staymaking for 2,919; Domestic Indoor Service for 2,243; and Tailoring for 1,559. There are also 1,935 Charwomen Married or Widowed out of a total of 2,432.

The total number of Boys aged 10 and under 14 years in the Administrative County is 49,019, and of these 3,459, equal to 7·1 per cent., are engaged in Occupations. Of the occupied Males between the ages of 10 and 14 years, 2,988, or 86·4 per cent., are aged between 13 and 14; 405, or 11·7 per cent., between 12 and 13; leaving 66, or 1·9 per cent., under 12.

OCCUPATIONS
OF CHILDREN
AGED 10 AND
UNDER
14 YEARS.
TABLE 33.

The total number of Girls aged from 10 to 14 is 48,565, and of these 1,058, equal to 2·2 per cent., are engaged in Occupations. Of the occupied Females between the ages of 10 and 14 years, 968, or 91·5 per cent., are aged between 13 and 14; 78, or 7·4 per cent., between 12 and 13; while only 12, or 1·1 per cent., are under 12.

Domestic Indoor Service finds employment for 211 Boys and 679 Girls under the age of 14 years; 1,077 Boys are Messengers, Porters, etc. (of whom 109 are in Government employ), and 831 are Agricultural Labourers, Farm Servants; while 90 girls are engaged in Millinery, Dressmaking, and Shirtmaking, and 54 in Silk Manufacture.

OCCUPATIONS
OF "PEN-
SIONED AND
RETIRED."
TABLE 34.

The total number of Males returned as "Pensioned" or "Retired," other than Army and Navy Officers, Clergymen, and members of the Medical Profession, is 9,587, being in the proportion of 2·9 per cent. to the number engaged in Occupations, as compared with 5,255, or 2·3 per cent in 1891. The number of "Retired" Males enumerated in Workhouses and Workhouse Infirmaries who returned their previous Occupations is 1,640, and those in Lunatic Asylums 1,494, making a total of 3,134. Of "Pensioned" or "Retired" Males, 5,369, or 56·0 per cent., are aged 65 years and upwards, and 2,137, or 22·3 per cent., between 55 and 65, while 2,081, or 21·7 per cent., are under 55 years of age. (See note at head of Table 34.)

The total number of "Pensioned" or "Retired" Females is 2,783, being in the proportion of 2·7 per cent. to the number engaged in Occupations, as compared with 1,419, or 1·9 per cent. in 1891. The number in Workhouses and Workhouse Infirmaries is 404, and in Lunatic Asylums 1,355, making a total of 1,759. Of "Pensioned" or "Retired" Females, 1,089, being 39·1 per cent., are aged 65 years and upwards, and 548, or 19·7 per cent., are between 55 and 65, leaving 1,146, or 41·2 per cent. under 55.

It is noteworthy that, among the Retired Males, there were enumerated in Workhouse Establishments and Lunatic Asylums 542 of the 639 General Labourers, and 458 of the 800 Agricultural Labourers, Farm Servants. Among the Retired Females, there were enumerated in these Institutions 677 of the 858 Domestic Indoor Servants, 266 of the 371 Milliners, Dressmakers, Shirtmakers, Seamstresses, and 226 of the 232 Charwomen.

Of the whole number of Retired Females, 1,277 are Unmarried, and 1,506 are Married or Widowed.

OCCUPATIONS
IN COUNTY
BOROUGH,
ETC.
TABLE 35.

Table 35 sets forth the Occupations of the People by Sexes and in five groups of Ages for the County Borough of West Ham, for the Urban Districts of East Ham, Leyton, and Walthamstow, in each of which the population exceeds 50,000 persons, for the Aggregate of the Urban Districts in the County, including County and Municipal Boroughs, and for the Aggregate of Rural Districts. The total population, over 10 years of age, of Unmarried and of Married or Widowed Females, and the number of each class engaged in Occupations are given separately.

IN URBAN
DISTRICTS,
ETC.
TABLE 35A.

Table 35A is a new Table and is so constructed as to show, for every Urban District with a population exceeding 5,000, the following Statistics:—

1. The total population, Male and Female, of an age to engage in Occupations, that is, over ten years;
2. The number who are retired or unoccupied;
3. The total number engaged in Occupations;
4. The number engaged in Occupations or groups of Occupations selected so as best to illustrate the prevailing Industries of the County;
5. The number of Children between ten and fourteen years of age engaged in Occupations;
6. The proportion per cent. of Children so engaged to the total Child Population within those years;
7. The number of Unmarried Women and of Married or Widowed Women engaged in Occupations;
8. The proportion of Female Domestic Servants, not including those in Hotels, etc., to a hundred separate Occupiers or Families.

The following figures, extracted from Table 35A, show for the County Borough of West Ham, and for the Municipal Boroughs and Urban Districts having a population in excess of 20,000, certain details of Occupational Statistics directly bearing on the Social Life of the People :—

	FEMALES AGED 10 YEARS AND UPWARDS.		Males aged 10 and under 14 Years.	Females aged 10 and under 14 Years.	Domestic Indoor Servants. — Proportion per cent. to Total number of Separate Occupiers or Families.

For similar details for other Urban Districts reference should be made to Table 35A.

Of the 1,085,771 persons enumerated in the Ancient County of Essex, 558,277 were born within the County; 261,533 were born in London, being an increase of 108,661 since 1891; 11,947 in Scotland, an increase of 3,886; 8,253 in Ireland, an increase of 1,029; 5,663 in British Colonies or Dependencies, an increase of 1,642; and 4,828 in Wales and Monmouthshire, an increase of 2,269.

BIRTHPLACES.
TABLE 36.

Persons of Foreign birth, including those enumerated on vessels in port on Census night, number 9,657, an increase of 4,739, and of these 2,767 were abstracted as British Subjects, 522 as Naturalised British Subjects, and 6,368 as Foreigners; an increase of 2,356 in the case of the last-named since 1891. British Subjects and Naturalised British Subjects born abroad number together 3,289, and contrast with a total of 906 in 1891. This wide difference seems to be mainly due to the new instruction on the Census Schedule that persons born abroad should state whether they were British Subjects, Naturalised British Subjects, or Foreign Subjects. Greater accuracy has thus been secured, but the figures have less value for comparison with those in 1891.

The population of West Ham includes 4,421 persons of Scotch and 3,002 of Irish birth, and 2,328 Foreigners.

Of the 6,368 Foreigners, 4,259 are Males and 2,109 Females; there are thus to every 1,000 Males no more than 495 Females, which last figure contrasts with 1,024 in the general population of the County. Natives of Russia have increased from 74 to 522, of Russian Poland from 165 to 626, of Italy from 158 to 425, and of Germany from 1,941 to 2,398—since the Census of 1891. West Ham contains 1,002 Germans, and 495 Russians and Russian Poles.

TABLE 37.

The number of persons returned as Blind is 675, and of these 24 also suffer from some other Infirmary. The former figure compares with 501 in 1891. There has therefore been an increase of 174 in the number of persons returned as Blind; the proportion, however, to the total population has shown a fractional decrease since 1891.

THE BLIND,
THE DEAF AND
DUMB, THE
DEAF, AND
THE INSANE.
TABLE 38.

Deaf and Dumb persons, including 36 who are returned simply as Dumb, number 429 against 294 in 1891. These figures show an increase of 135, the percentage to population in 1901 showing a slight increase as compared with that in 1891. Of these 429 persons, 11 who are returned as Deaf and Dumb, and 7 as Dumb only, suffer also from some other infirmity.

Lunatics now number 4,572, including 11 afflicted with some other infirmity; and the Imbecile or Feeble-minded 1,604, including 15 otherwise afflicted. The total of these classes is 6,176, against 2,280 in 1891. In comparing these figures, however, attention must be paid to the fact that the large increase shown since 1891 is mainly attributable to the erection by the London County Council of an Asylum at Claybury in which 2,495 patients were resident at the date of the recent Census, and further that the heading to the Infirmities Column of the Census Schedule was not uniform at the two Censuses. In 1891 the words adopted were "Lunatic, Imbecile or Idiot," and this expression might have led to more frequent concealment of cases of mental derangement than the form of words adopted for the recent Census, when Occupiers were instructed to describe the afflicted person either under the title of "Lunatic," or under that of "Imbecile, Feeble-minded." For these reasons a calculation of the increase per cent. on the population would be misleading. It may be noted that of the 6,176 persons returned as mentally deranged, 5,216 were inmates of Institutions, including 4,858 in Public and Private Lunatic Asylums, 351 in Workhouses, and 7 in other Institutions; the remaining 960 were residing with relatives or in unlicensed houses. Of the 351 mentally deranged persons enumerated in Workhouses, 11 were returned as Lunatics, and 340 as Imbecile or Feeble-minded; and of the 960 not enumerated in Institutions, 30 were returned as Lunatics, and 930 as Imbecile or Feeble-minded.

TABLE 5.—ECCLESIASTICAL PARISHES or DISTRICTS in the ANCIENT COUNTY.—INHABITED HOUSES and POPULATION 1901.

NOTE.—In the case of Ecclesiastical Parishes created by Orders in Council, the names given in such Orders have been invariably adopted. The parishes are arranged alphabetically, those having compound names being placed in the order indicated by the usual pronunciation of those names; thus Great Ilford, St Mary, will be found under the letter G, and West Ham, All Saints, under the letter W.

TABLE 10.—RURAL DISTRICTS.—AREA ; HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—The Poor Law Union of West Ham and the Poor Law Parish of Colchester, constituting respectively the Registration Districts (Nos. 186 and 196) of the same names, contain no Rural area; while the Poor Law Union and Registration District of Dunmow (200) contains no Urban District.

Under the provisions of the Local Government Act, 1894, considerable changes were made in the constitution of Rural Districts. In Essex they comprise exclusively Parishes in the Poor Law Unions of the same names, except Belchamp, Bumpstead, and Stansted, which consist of Parishes in the Poor Law Unions of Sudbury, Risbridge, and Bishop Stortford respectively; and Saffron Walden, which consists of Parishes in the two Poor Law Unions of Linton and Saffron Walden. The extent of each Rural District may readily be seen in the Map preceding the Tables.

TABLE 11.—CIVIL PARISHES in the ADMINISTRATIVE COUNTY, and in the COUNTY BOROUGH of WEST HAM.—INHABITED HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—The expression "Civil Parish" means "a place for which a separate Poor Rate is or can be made, or for which a separate Overseer is or can be appointed." The Parishes are arranged alphabetically, those having compound names being placed in the order indicated by the usual pronunciation of those names—thus Great Baddow will be found under the letter G, and West Bergholt under the letter W. The Registration Districts of the County of Essex are all co-extensive with the Poor Law Unions or Parishes of the same names.

TABLE 12.—REGISTRATION COUNTY, DISTRICTS, and SUB-DISTRICTS, with their constituent CIVIL PARISHES.—AREA; HOUSES and POPULATION 1891 and 1901, and SEPARATE OCCUPIERS 1901.

EXPLANATORY NOTES.

- (1) The Registration Districts of the County of Essex are all co-extensive with the Poor Law Unions or Parishes of the same names.
- (2) Where the name of the Registration County in which a Parish is situated differs from that of the Administrative County, the name of the latter is added in italics; the names of County Boroughs are also stated after the names of the Parishes situated therein. The differences between the Registration County and the Administrative County are shown in Table 2.
- (3) Parishes that are situated in a County Borough, Municipal Borough, or Urban District are distinguished by black type thus—**Waltham-stow**.
- (4) The places named in footnotes as being included in Civil Parishes are generally localities having no defined boundaries, such as hamlets, villages, etc.
- (5) For particulars of existing detached parts of Civil Parishes see Table 13, and for changes in the boundaries of Civil Parishes effected by the Local Government Acts of 1888 and 1891, and by Local Acts since 1891, see Table 14. In all Districts and Sub-Districts marked + changes were made in boundaries between the Census of 1891 and that of 1901. Full particulars of the alterations have been published in the Registrar-General's Annual Reports.
- (6) Revised areas of Civil Parishes have been furnished by the Ordnance Survey Department; for the area of the Tidal Water and Foreshore comprised in Civil Parishes, see Table 15.

TABLE 18.—PERSONS enumerated in the REGISTRATION COUNTY on board SEA-GOING and COASTING MERCHANT VESSELS, and on INLAND BARGES and BOATS, 1901.

NOTE.—Persons on board Vessels in Ports, Harbours, and Docks, including in certain cases hulks or other stationary vessels, were enumerated by officers of His Majesty's Customs, and those on Barges, etc., on Canals or Navigable Rivers, not within the limits of a port, by the local enumerators.
The persons thus enumerated are distributed among the general population of the Parishes contiguous to the waters in which the vessels were lying, with as much accuracy as the information obtained allows.
Fishermen at sea on the night of the Census and not returning on 1st April, 1901, and persons on board vessels arriving in port later than that date, are not included.

NOTE.—The Table is to be read as follows :—Of the 230,492 tenements, 91,546 were tenements of less than five rooms, and of these 5,320 were tenements of one room, 12,225 of two rooms, etc. ; and of the 5,320 tenements of one room, 2,854 were occupied by one person each, 1,448 by two persons each, etc. Tables 20 and 21 are to be read in a similar manner.

* In 1891 the Tenements were abstracted for the Registration County ; in order to make the figures for that area comparable with those for the aggregate of the Administrative County together with the County Borough of West Ham in 1901 it has been necessary to make approximate adjustments.

COUNTY OF **ESSEX**—*continued.***TABLE 22.—AGGREGATE NUMBERS of MARRIAGES, BIRTHS, and DEATHS registered in each REGISTRATION DISTRICT during the INTERCENSAL PERIOD 1891—1901 ; INCREASE or DECREASE of POPULATION compared with DIFFERENCE between BIRTHS and DEATHS.**

NOTE.—No correction is made in this Table for Deaths occurring in Public Institutions, which in some cases are sufficiently numerous to detract from the value of the comparison between the Increase of Population and the Excess of Births over Deaths. The only districts in Essex which are specially affected in this way are Romford and Billericay, the former of which contains a Lunatic Asylum belonging to the County of London and the latter the Essex County Asylum. For each of these Districts the figures in the Table understate the excess of Births over Deaths ; in the case of Billericay migration probably caused a slight loss amongst the resident population.

REGISTRATION DISTRICTS.*		POPULATION.*		Registered from 1st April 1891 to 31st March 1901.			In-crease (+) or De-crease (–) of Popu-lation.	Excess of Births over Deaths (+) or of Deaths over Births (–)	Gain (+) or Loss (–) by Migra-tion.

* Changes were made in the boundaries of Tendring and Lexden Registration Districts during the intercensal period. In the Table the enumerated population of each of these Districts for 1891 and 1901 is given, first for the District as constituted at the Census of 1891, and then for the District as altered. The date from which the changed areas were adopted for tabulation of Births and Deaths is shown in the first column. In calculating the Increase or Decrease of Population (Col. 7) approximate allowance has been made for variations caused by changes of boundary. Owing to this method of calculation, the Increase of Population shown in Col. 7 differs fractionally from that derivable from the figures for these two Registration Districts in Table 12, which relate to those areas as constituted at the time of the Census of 1901.

TABLE 32.—OCCUPATIONS of MALES and FEMALES AGED 10 YEARS AND UPWARDS, in the ADMINISTRATIVE COUNTY (together with the COUNTY BOROUGH of WEST HAM), distinguishing for FEMALES the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—In classifying the people by their occupations the following rules have been observed :—Persons returned as engaged in more than one occupation have been referred to the occupation which in each case appeared to be the most important; or, if there was no difference in this respect, to the occupation first mentioned in the Return. Thus, a manufacturing trade has been selected in preference to a selling trade. A Clergyman who is also a Schoolmaster has been classed under the heading "Schoolmaster." Persons returned as "Pensioners" or as "Retired" from any specified profession or business (except Officers of the Army or Navy, Clergymen, and Medical Men) appear in this Table as simply "Pensioners" or "Retired" (see Order XXIII.), but are classified in Table 34 according to their former occupations. Inmates of Lunatic Asylums or of Workhouses, when returned as Insane and yet described by their former occupations, have—irrespective of age—been classed as "Retired." Other Inmates of Workhouses, unless aged 60 years or upwards, and Patients in Hospitals and Prisoners of all ages, have been classed under their stated occupations on the assumption that their ordinary work has been relinquished for a time only. Inmates of Workhouses aged 60 years and upwards, whose former occupations were returned, have been dealt with as "Retired."

The numbers given under any heading include Apprentices, Assistants, Workmen and Labourers, as well as Masters, except where special headings are provided for subordinates. Messengers, Errand Boys, Porters, and Watchmen are, however, shown under a separate heading, and Clerks are classified as Civil Service Clerks, Bank Clerks, Railway Clerks, Insurance Clerks, or Commercial Clerks, according to the particular service in which they are engaged.

In some cases women and children, chiefly widows or orphans carrying on the business of their husbands or fathers, are classed under Occupations commonly followed only by adult men.

In the list of Occupations the Male designations only are given for convenience, except where the occupations are exclusively followed by Females.

The figures in italics for Females, at the head of the Table and in the Tabular Note at the end, relate to the Married or Widowed.

TABLE 34.—FORMER OCCUPATIONS of “PENSIONERS” and “RETIRED” in the ADMINISTRATIVE COUNTY (together with the COUNTY BOROUGH of WEST HAM), distinguishing those enumerated in WORKHOUSES and LUNATIC ASYLUMS, and also, for FEMALES, the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—This Table is supplementary to Table 32, where the Pensioners and the Retired are shown simply as such without regard to their former Occupations. Inmates of Lunatic Asylums, or of Workhouses, when described as Insane and as having formerly followed some occupation, have been classed as “Retired,” irrespective of age; also other formerly occupied inmates of Workhouses if aged 60 years or upwards. Patients in Hospitals and Prisoners of all ages, on the assumption that their ordinary work has been relinquished for a time only, have not been dealt with as “Retired.” No Officers in the Army or Navy, Clergymen of the Established Church, or members of the Medical Profession, are included in the “Retired.”

* The figures given for 1891 relate to the County of Essex as then constituted for Registration purposes, while those for 1901 relate to the Administrative County, together with the County Borough of West Ham. The differences in the boundaries of the two areas are not of sufficient importance to materially affect the figures for purposes of comparison.

† Of the 429 Persons in 1901 classified in the Table as Deaf and Dumb, 22 Males and 14 Females, respectively, were returned simply as "Dumb," as were also 14 Males and 8 Females classified as Deaf and Dumb from Childhood. The figures regarding the Deaf and Dumb from Childhood are based on the descriptions given in the Schedules, and must be regarded as incomplete.

‡ The Census Schedule did not require persons who were Deaf without being Dumb to mention the fact of their Deafness, and therefore the figures given for the "Deaf" cannot be regarded as complete.

§ In 1891 the heading of the Census Schedule was "Lunatic, Imbecile, or Idiot," and the persons so returned were eventually classed as "Mentally Deranged." In 1901 the heading of the Schedule provided for two categories of the Mentally Deranged, viz., "Lunatic" and "Imbecile, Feeble-minded," and in drawing comparisons from the figures for the two Censuses, allowance must be made for these differences. The figures for 1891 for the new sub-divisions of Mentally Deranged cannot therefore be given. Total "Lunatic, Imbecile and Feeble-minded," 1901:—6,176 persons; 2,654 Males, 3,522 Females. Total "Mentally Deranged," 1891:—2,280 persons; 1,013 Males, 1,267 Females. The increase shown by the numbers for 1901 is largely attributable to the erection of an asylum at Claybury by the London County Council, see note to Table 39.

NOTE.—The considerable number of persons who were returned as “Lunatic” or as “Imbecile, Feeble-minded” in the area administered by the Essex County Council is augmented by the presence therein of institutions not controlled by that body, and occupied by persons not belonging to the County. For instance, of the 5,982 Lunatic and Feeble-minded, 2,495 were resident in a Lunatic Asylum at Claybury under the management of the London County Council.

* These figures include 22 Males and 14 Females returned simply as “Dumb.”

† These persons are also included in the totals of the several infirmities from which they suffer. Those so afflicted “from Childhood” numbered 9.

CENSUS OF 1901.

COUNTY OF FLINT.

SUMMARY OF THE CENSUS RESULTS.

THE Ancient or Geographical County of Flint contains, according to revised returns furnished by His Majesty's Ordnance Survey Department, an area of 164,744 statute acres. Its population numbers 81,700 persons. In 1801 the population was 39,469; it has, therefore, rather more than doubled during the Century.

AREA AND
POPULATION.
TABLES 1, 2,
AND 3.

The Administrative County contains an area of 163,025 statute acres, and a population of 81,485, against 77,041 in 1891, an increase of 5·8 per cent.; the number of inhabited houses is 17,925, against 16,798 in 1891, an increase of 6·7 per cent.; of uninhabited houses, the number is 1,893, against 1,790 in 1891, an increase of 5·8 per cent.; and of houses building, 163, against 78 in 1891. Of the 1,893 uninhabited houses, 684 were "In Occupation," that is, utilised for business or other purposes but without inmates on the Census night.

The Registration County, as constituted at the date of the Census (see Notes * and †, Table 12, page 9), contained an area of 74,023 statute acres, and a population of 42,261.* The differences between the Ancient, the Administrative, and the Registration County are set forth in Table 2. The boundaries of the Administrative and of the Registration County, as constituted at the date of the Census, are delineated on the appended Map.

Where comparative figures are quoted for 1891, they relate to areas as constituted in 1901, unless otherwise stated.

The Ancient County is not divided for Parliamentary purposes. It contains the Flint District of Boroughs comprising the Contributory Boroughs of Caergwyle, Caerwys, Flint, Holywell, Mold, Overton, Rhuddlan, and St. Asaph; and, in addition, a small part of the Parliamentary Borough of Chester.

PARLIAMEN-
TARY CON-
STITUENCIES.
TABLE 4.

There are 57 Ecclesiastical Parishes or Districts situated wholly or partly within the Ancient County; of these Parishes or parts of Parishes, 53, with an aggregate population of 79,304 are within the Diocese of St. Asaph; 3, with a population of 2,077, are within the Diocese of Chester; and one, with a population of 319, in that of Lichfield.

ECCLESIASTI-
CAL PARISHES.
TABLE 5.

The Administrative County has one Court of Quarter Sessions, and is divided into 9 Petty Sessional Divisions. The Municipal Borough of Flint has a separate Commission of the Peace but no separate Court of Quarter Sessions.

PETTY
SESSIONAL
DIVISIONS.
TABLE 7.

The total population of the Urban Districts in the Administrative County (comprising the Municipal Borough of Flint and six other Urban Districts) is 30,450, an increase of 3,240, or 11·9 per cent., since 1891. The County contains 4 Rural Districts, the aggregate population of which is 51,035, an increase of 1,204, or 2·4 per cent., since 1891. The proportions of Urban and Rural population to the aggregate population of the County are 37·4 and 62·6 per cent. respectively.

URBAN AND
RURAL
DISTRICTS.
TABLES 8, 9,
AND 10.

The number of Civil Parishes within the Administrative County is 50.

CIVIL
PARISHES.
TABLE 11.

* The striking disparity, at the date of the Census, between the population of the Registration County and that of the Administrative County is due to the inclusion of several parishes in the latter which for Registration purposes were included in other neighbouring Counties; the population thus included in Cheshire was 18,275, in Denbighshire, 15,892, and in Shropshire, 5,057. On 1st January, 1903, however, the Flintshire parishes in the Registration County of Chester were constituted a separate Registration District and transferred to the Registration County of Flint.

REGISTRATION
DISTRICTS.
TABLE 12.

The Registration County, as constituted at the date of the Census, consisted of the Registration District and Poor Law Union of Holywell (see Notes * and †, Table 12, page 9), which contained a population of 42,261, and was sub-divided into 4 Sub-Districts. In Table 12, besides comparative figures of houses and of population in 1891 and 1901, a column is given to show the number of Families or Separate Occupiers in the Registration District and its Sub-Districts, as well as in each Civil Parish. These amount to 9,630, giving an average of 4·4 persons to a family. The population of Flintshire includes a total of 24 persons—14 Males and 10 Females—who were enumerated as having passed the Census night in Barns, Sheds, Caravans, etc.

TENEMENTS.
TABLE 19.

The total number of separate Tenements in the Administrative County, which had been 16,903 in 1891, rose to 18,082 in 1901, the increase being equal to 7·0 per cent. The Tenements containing five or more rooms increased from 6,965 to 9,090, or 30·5 per cent., while those with fewer than five rooms decreased from 9,938 to 8,992, or 9·5 per cent. Stated in another way, the proportion of Tenements with five or more rooms was 41·2 per cent. of the total Tenements in 1891, and increased to 50·3 per cent. at the recent Census, while the percentage of Tenements with fewer than five rooms declined from 58·8 to 49·7. The total number of Tenements with fewer than five rooms, containing more than two persons per room, declined from 1,072 in 1891, to 720 in 1901, or 32·8 per cent. In the aggregate of Urban Districts, the proportion of Tenements with fewer than five rooms to the total number of Tenements is 44·3 per cent., and in the aggregate of Rural Districts it is 52·9 per cent.

MARRIAGES,
BIRTHS,
DEATHS, AND
MIGRATION.
TABLE 22.

Table 22 shows the decrease of population in the Registration County compared with the difference between registered Births and Deaths: the Table also contains a column showing the balance of change which must be ascribed to Migration. The decrease of population since 1891 amounts to 304, while the excess of Births over Deaths amounts to 4,064. It follows that the County has experienced a net loss by Migration of 4,368 persons.

SEXES AND
AGES.
TABLE 23.

The Females enumerated in the Administrative County exceed the Males by 745; there are thus 1,018 Females to every 1,000 Males. The number of children of school age (three and under fourteen years) is 19,724, of whom 9,870 are boys and 9,854 girls: attendance at school of children under five is not, however, compulsory; the number of children aged five and under fourteen years is 16,035, of whom 7,992 are boys and 8,043 girls. The number of persons 65 years of age and upwards is 4,866, of whom 2,139 are Males and 2,727 Females; two Males claimed to be centenarians. The proportion of persons aged 65 years and upwards enumerated in Rural Districts is 6·5 per cent. of the total Rural population, while in the Urban districts the proportion is 5·1 per cent. of the total Urban population.

CONDITION AS
TO MARRIAGE.
TABLE 27.

Of the Males enumerated in the Administrative County, 25,329 are Unmarried, 13,367 are Married, and 1,674 are Widowed. Of the Females, 24,047 are Unmarried, 13,572 are Married, and 3,496 are Widowed.

AGES OF
HUSBANDS
AND WIVES.
TABLE 29.

Table 29 shows, in combination, the ages of both Husbands and Wives. In 6,647 cases in the Registration County, both the Husband and the Wife were enumerated in the same schedule, and were therefore presumably living together; in addition there were 295 Husbands whose Wives were absent—that is, were not enumerated in the same schedule—and 461 Wives whose Husbands were absent, on the Census night.

WORKHOUSES.
TABLE 30.

Pauper Inmates of Workhouse Establishments in the Registration County number 170 at all ages (equal to 4·0 per 1,000 of the population), of whom 116 are Males and 54 Females. At 55 years and upwards the proportion of the population at the same age in Workhouse Establishments is 17·0 per 1,000, and at 65 years and upwards it is 26·8.

The Tables dealing with the Occupations of the people have been extended and elaborated. Table 32 contains a list of 379 Occupations, and shows the number of Males and Females employed in each. In this and succeeding Tables, Females are separately given as Unmarried and as Married or Widowed.

OCCUPATIONS.
TABLE 32.

In the Registration County, the Male population aged 10 Years and upwards has decreased from 16,420 in 1891, to 16,263 in 1901, or 1·0 per cent., while the Female population at the same ages has increased from 16,111 to 16,260, or 0·9 per cent. With these figures may be compared those for some of the principal Occupations. Amongst Males, the aggregate of workers in Metals, Machines and Implements has increased from 958 to 1,035, or 8·0 per cent., and that of Lead Miners from 706 to 932, or 32·0 per cent.; on the other hand, Coal and Shale Mine Workers have decreased from 2,455 to 2,182, or 11·1 per cent.; and workers employed in Agriculture (excluding Gardeners) from 2,081 to 2,046, or 1·7 per cent. Amongst Females, Domestic Indoor Servants have decreased from 2,141 to 1,432, or 33·1 per cent.; and Tailors, Clothiers, Dressmakers, Milliners, Staymakers, Seamstresses, and Machinists (undefined) have also decreased in the aggregate from 614 to 521, or 15·1 per cent.

In the Registration County in 1891, 83·4 per cent. of the Males aged 10 Years and upwards were engaged in Occupations, and 27·0 per cent. of the Females; in 1901 the percentages are 81·9 and 21·3 respectively. Of the 7,597 Occupied Females in the Administrative County, 5,950, or 78·3 per cent., are Unmarried, and 1,647, or 21·7 per cent., Married or Widowed.

The total number of Boys aged 10 and under 14 Years in the Administrative County is 3,485, of whom 207, or 5·9 per cent., are engaged in Occupations. The number of Girls at these ages, is 3,457, of whom 97, or 2·8 per cent., are Occupied. Of the Boys, 40 are Agricultural Labourers or Farm Servants, and 37 are Messengers, Porters, etc.; while of the Girls, 81 are Domestic Indoor Servants.

OCCUPATIONS
OF CHILDREN
AGED 10 AND
UNDER 14
YEARS.
TABLE 33.

The number of Males classified as "Pensioned" or "Retired" other than Army and Navy Officers, Clergymen, and members of the Medical Profession, is 654 (including 98 in Workhouses) and is in the proportion of 2·6 per cent. to the number engaged in Occupations (see note at head of Table 34). The number of "Pensioned" or "Retired" Females is 121 (including 22 in Workhouses), and is in the proportion of 1·6 per cent. to the number engaged in Occupations. Of the 121 "Retired" Females, 55 are Unmarried, and 66 are Married or Widowed.

FORMER
OCCUPATIONS
OF "PEN-
SIONERS" AND
"RETIRED."
TABLE 34.

Of the 81,700 persons enumerated in the Ancient County, 55,247, or 67·6 per cent., were born within the County; 9,122 were born in other Counties of Wales or in Monmouthshire; 910 in Ireland; 529 in London; 391 in Scotland; and 127 in British Colonies or Dependencies. Persons of Foreign birth, including those enumerated on board vessels in port on Census night, number 266, and of these 138 were abstracted as British Subjects, 21 as Naturalised British Subjects, and 107 as Foreigners; a decrease, in the case of the last-named, of 156 since 1891. British Subjects and Naturalised British Subjects number together 159, and contrast with a total of 47 in 1891. This difference seems to be mainly due to the new instruction on the Census Schedule, that persons born abroad should state whether they were British Subjects, Naturalised British Subjects, or Foreign Subjects.

The number of persons returned as Blind is 56, including one returned as also Deaf and Dumb. Deaf and Dumb persons, including 12 who were returned simply as Dumb, number 40 ; of whom 4 were afflicted with some other Infirmary in addition.

Lunatics number 5, and the Imbecile and Feeble-minded 111, including 3 afflicted with some other Infirmary. (See Note § to Table 38, page 32.) Of the 116 persons returned as mentally deranged, 31, including 1 Lunatic, were inmates of Workhouses, and the remaining 85, including 4 Lunatics, were resident with relatives or in unlicensed houses.

LANGUAGES.
TABLE 40.

The returns relating to languages spoken in Wales and Monmouthshire afford particulars in fuller detail than in 1891. The information given in the Language column of the Census Schedule has been abstracted so as to show the results by sexes and in five age groups. The Table now published gives figures, not for the Registration County as in 1891, but for the Administrative County, and its 7 Urban and 4 Rural Districts. By the Census Act, 1900, the minimum limit of age was fixed at 3 years instead of 2 years. the limit adopted for the Report on the Census of 1891.

No comparison by age groups can be made with 1891, but the proportion per cent. of population is given for 1901 in the following Table.

TABLE 10.—RURAL DISTRICTS.—AREA; HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—Under the provisions of the Local Government Act, 1894, considerable changes were made in the constitution of Rural Districts. In Flintshire they comprise exclusively Parishes in the Poor Law Unions of the same names, except Overton which consists of Parishes in the Poor Law Unions of Ellesmere and Whitechurch. The extent of each Rural District may readily be seen in the Map preceding the Tables.

NOTE.—The expression "Civil Parish" means "a place for which a separate Poor Rate is or can be made, or for which a separate Overseer is or can be appointed." The Parishes are arranged alphabetically. The Registration District of Holywell is co-extensive with the Poor Law Union of the same name. The Civil Parishes in the following Table shown as being situated in the Registration District of Chester form the Poor Law Union of Hawarden, which was created a separate Registration District on 1st January, 1903. TABLE 12.—REGISTRATION COUNTY, DISTRICT, and SUB-DISTRICTS, with their constituent CIVIL PARISHES.—AREA; HOUSES and POPULATION 1891 and 1901, and SEPARATE OCCUPIERS 1901.

EXPLANATORY NOTES.

- (1.) The Registration District of Holywell is co-extensive with the Poor Law Union of the same name.
 (2.) The differences between the Registration County and the Administrative County are shown in Table 2.
 (3.) Parishes that are situated in a Municipal Borough or Urban District are distinguished by black type thus—**Holywell Urban**.
 (4.) The places named in footnotes as being included in Civil Parishes are generally localities having no defined boundaries, such as hamlets, villages, etc.
 (5.) For changes in the boundaries of Civil Parishes effected by the Local Government Acts of 1888 and 1894, and by Local Acts since 1891, see Table 14. In the Sub-Districts marked + changes were made in boundaries between the Census of 1891 and that of 1901. Full particulars of the alterations have been published in the Registrar-General's Annual Reports.
 (6.) Revised areas of Civil Parishes have been furnished by the Ordnance Survey Department; for the Area of the Tidal Water and Foreshore comprised in Civil Parishes, see Table 15.

* On 1st January, 1903, Hawarden Poor Law Union, consisting of the Civil Parishes of Buckley (Hawarden), Buckley (Mold), Hawarden, Higher Kinnerton, Hope, Marford and Hoseley, Saltney, Sealand, and Tryddyn, was separated from the Registration District of Chester (No. 450) in the Registration County of Chester and created Hawarden Registration District (No. 617 B) in the Registration County of Flint. The figures at the date of the Census for the Registration County as thus extended, and for the new Registration District, were as follows:—

REGISTRATION COUNTY	106,878	255	12,743	13,334	388	980	55	13,408	58,367	60,536	29,536	30,679	28,831	29,857	29,857

The figures for all the constituent Parishes of Hawarden Registration District, except Buckley (Mold), are given in Table 12A on next page. Those for Buckley (Mold) are shown in Table 12, this Parish being in the Mold Sub-District of Holywell Registration District at the date of the Census.

† On 1st July, 1901, Buckley (Mold) Civil Parish was transferred from Holywell Poor Law Union and from Mold Sub-District of Holywell Registration District to Hawarden Poor Law Union and Hawarden Sub-District of Chester Registration District. The figures at the date of the Census for Holywell Registration District and Mold Sub-District as thus altered were as follows:—

617. HOLYWELL	73,269	215	8,862	8,849	326	781	35	8,896	39,760	38,935	19,904	19,412	19,856	19,523	19,523

‡ The decrease in the population of Holywell Rural Civil Parish is mainly attributed to a reduction of the number employed in the coal-mines, and in lead and copper works in the neighbourhood.

§ The increase of population in Connah's Quay Civil Parish is mainly attributed to the opening of new iron works.

¶ The decrease of population in Nerquis Civil Parish is mainly attributed to the cessation of work in coal and lead mines in the neighbourhood.

TABLE 18.—PERSONS enumerated in the REGISTRATION COUNTY on board SEA-GOING and COASTING MERCHANT VESSELS and on INLAND BARGES and BOATS, 1901.

NOTE.—Persons on board Vessels in Ports, Harbours, and Docks, including in certain cases hulks or other stationary vessels, were enumerated by Officers of His Majesty's Customs; and those on Barges, etc., on Canals or Navigable Rivers, not within the limits of a port, by the local Enumerators.

The persons thus enumerated are distributed among the general population of the Parishes contiguous to the waters in which the vessels were lying, with as much accuracy as the information obtained allows.

Fishermen at sea on the night of the Census and not returning on 1st April, 1901, and persons on board vessels arriving in port later than that date, are not included.

TABLE 32.—OCCUPATIONS of MALES and FEMALES AGED 10 YEARS AND UPWARDS, in the ADMINISTRATIVE COUNTY, distinguishing for FEMALES the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—In classifying the people to their occupations the following rules have been observed:—Persons returned as engaged in more than one occupation have been referred to the occupation which in each case appeared to be the most important; or, if there was no difference in this respect, to the occupation first mentioned in the Return. Thus, a manufacturer has been selected in preference to a selling trade. A Clergyman who is also a Schoolmaster has been classed under the heading "Schoolmaster." Persons returned as "Pensioners" or as "Retired" from any specified profession or business (except Officers of the Army or Navy, Clergymen, and Medical Men) appear in this Table as simply "Pensioners" or "Retired" (see Order XXIII.), but are classified in Table 34 according to their former occupations. Inmates of Lunatic Asylums or of Workhouses, when returned as Insane and yet described by their former occupations, have—irrespective of age—been classed as "Retired." Other Inmates of Workhouses, unless aged 60 years or upwards, and Patients in Hospitals and Prisoners of all ages, have been classed under their stated occupations on the assumption that their ordinary work has been relinquished for a time only. Inmates of Workhouses aged 60 years and upwards, whose former occupations were returned, have been dealt with as "Retired."

The numbers given under any heading include Apprentices, Assistants, Workmen, and Labourers, as well as Masters, except where special headings are provided for subordinates. Messengers, Errand Boys, Porters, and Watchmen are, however, shown under a separate heading, and Clerks are classified as Civil Service Clerks, Bank Clerks, Railway Clerks, Insurance Clerks, or Commercial Clerks, according to the particular service in which they are engaged.

In some cases women and children, chiefly widows or orphans carrying on the business of their husbands or fathers, are classed under Occupations commonly followed only by adult men.

In the list of Occupations the Male designations only are given for convenience, except where the occupations are exclusively followed by Females.

In Table 35 is given a condensed list of Occupations for the Aggregate of Urban Districts and the Aggregate of Rural Districts, together constituting the entire County, with the numbers of each sex *at five groups of ages* engaged in such Occupations.

TABLE 34.—FORMER OCCUPATIONS of "PENSIONERS" and "RETIRED" in the ADMINISTRATIVE COUNTY, distinguishing those enumerated in WORKHOUSES and LUNATIC ASYLUMS, and also, for FEMALES, the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—This Table is supplementary to Table 32, where the Pensioners and the Retired are shown simply as such without regard to their former Occupations. Inmates of Lunatic Asylums, or of Workhouses, when described as Insane and as having formerly followed some occupation, have been classed as "Retired," irrespective of age; also other formerly occupied Inmates of Workhouses if aged 60 years or upwards. Patients in Hospitals and Prisoners of all ages, on the assumption that their ordinary work has been relinquished for a time only, have not been dealt with as "Retired." No Officers in the Army or Navy, Clergymen of the Established Church, or members of the Medical Profession, are included in the "Retired."

Of the foregoing, 1 Male was returned in 1901 as suffering from Combined Infirmities "from Childhood."																		
* The figures given for 1891 relate to the Census of 1890.																		

* The figures given for 1891 relate to the County of Flint as then constituted for Registration purposes, while those for 1901 relate to the Administrative County. The differences in the constitution of the two areas should be borne in mind in dealing with these figures—(see Table 2)—and are mainly responsible for the increased numbers of persons returned in the latter year as suffering from the various Infirmitities. † Of the 40 Persons in 1901 classified in the Table as Deaf and Dumb, 10 Males and 2 Females were returned simply as "Dumb," and are based on the descriptions given in the Schedules, and must be regarded as incomplete. ‡ The Census Schedule did not require persons who were Deaf without being Dumb to mention the fact of their Deafness, and therefore the figures given for the "Deaf" cannot be regarded as complete. § In 1891 the heading of the Census Schedule was "Lunatic, Imbecile or Idiot," and the persons so returned were eventually classed as "Mentally Deranged." In 1901 the heading of the Schedule provided for two categories of the Mentally Deranged, viz., "Lunatic," and "Imbecile, Feeble-minded," and in drawing comparisons from the figures for the two Censuses, allowance should be made for these differences. ¶ The figures for 1891 for the new sub-divisions of Mentally Deranged cannot therefore be given. Total "Lunatic, Imbecile, and Feeble minded," 1901:—116 Persons; 63 Males, 53 Females. Total "Mentally Deranged," 1891:—60 Persons; 29 Males, 31 Females. The small Flint, and Merioneth) Lunatic Asylum is situated in Denbighshire. || Of these the following persons were returned as under:—

CENSUS OF 1901.

COUNTY OF GLAMORGAN.

SUMMARY OF THE CENSUS RESULTS.

THE Ancient or Geographical County of Glamorgan, which is co-extensive with the Administrative County together with the County Boroughs of Cardiff and Swansea, contains, according to revised returns furnished by His Majesty's Ordnance Survey Department, an area of 518,863 statute acres. The population numbers 859,931 persons against 687,218 in 1891, an increase of 25·1 per cent. In 1801 the population was 70,879; it has therefore, increased during the Century more than twelve-fold. The number of Inhabited Houses is 157,514 against 121,045 in 1891, an increase of 30·1 per cent.; of Uninhabited Houses the number is 9,958 against 4,588 in 1891, an increase of 117·0 per cent.; and of Houses building 1,155 against 1,727 in 1891, a decrease of 33·1 per cent. Of the 9,958 Uninhabited Houses 3,867 are "In Occupation," that is, utilised for business or other purposes, but without inmates on the Census night.

The Registration County contains an area of 576,537 statute acres, and a population of 866,250. The differences between the Administrative and the Registration County are set forth in Table 2. The respective boundaries of the Administrative and of the Registration County are delineated on the Map attached.

Where comparative figures are quoted, those for 1891 relate to areas as constituted in 1901, unless otherwise stated.

The County of Glamorgan is divided for Parliamentary purposes into 9 Constituencies—5 Divisions of the County and 4 Boroughs or Divisions of Boroughs. The Parliamentary Borough of Merthyr Tydfil, a small part of which is in Brecknockshire, returns two Members, and the Swansea District of Boroughs is divided into two Divisions, returning one Member for each Division. Three single member constituencies have populations exceeding 100,000:—

	1891.	Population.	1901.
Eastern Division	72,463		105,577
Southern "	75,772		103,883
Cardiff District of Boroughs	132,229		167,592

There are 159 Ecclesiastical Parishes or Districts situated wholly or partly within the County of Glamorgan. Of these 159 Parishes or parts of Parishes, 127, with an aggregate population of 705,207, are within the Diocese of Llandaff, and 32 with a population of 154,724, in that of St. Davids.

The Administrative County contains a population of 601,061, and the 2 County Boroughs contain a population of 258,870, the aggregate population thus amounting to 859,931. The increase in the Administrative County since 1891, apart from the County Boroughs, is 133,792, or 28·6 per cent.; in the County Boroughs 38,921, or 17·7 per cent.; and in the total population 172,713, or 25·1 per cent.

The Administrative County has one Court of Quarter Sessions, and is divided into 13 Petty Sessional Divisions. The County Boroughs of Cardiff and Swansea have separate Commissions of the Peace, and separate Courts of Quarter Sessions; and the Municipal Boroughs of Aberavon and Neath have separate Commissions of the Peace, but no separate Courts of Quarter Sessions.

The total population of Urban Districts, including County and Municipal Boroughs, amounts to 697,928, and that of Rural Districts to 162,003. The population in the Urban Districts has increased by 147,987, or 26·9 per cent., since 1891, and that in the Rural Districts by 24,726, or 18·0 per cent. The unusually large increase in the latter is apparently due to the number of Coal Miners now resident in Rural Districts.

The County contains 2 County Boroughs, 3 Municipal Boroughs, and 16 other Urban Districts. The following Table shows the increase of population since 1891 in each County Borough, and in each Urban District of which the population exceeds 20,000, as constituted on the Census day:—

TABLE 10.

Within the Administrative County there are 9 Rural Districts, containing an aggregate population of 162,003. This represents 18·8 per cent. of the entire population of the County.

CIVIL
PARISHES.
TABLE 11.

The number of Civil Parishes within the Administrative County is 160, and in the County Boroughs 5.

REGISTRATION
DISTRICTS.
TABLE 12.

The Registration County of Glamorgan contains a population of 866,250, and is divided into 8 Registration Districts, all of which are co-extensive with Poor Law Unions of the same names. These Districts are again sub-divided into 29 Sub-Districts. In Table 12, besides comparative figures of houses and of population in 1891 and 1901, a column is given to show the number of Families or Separate Occupiers in each Registration District and Sub-District, and Civil Parish. These amount to 172,498, giving an average of 5·0 persons to a family. It may here be stated, though the figures are not presented in Tabular form, that the population as shown in the Tables, includes a total of 491 persons—279 Males and 212 Females—who were enumerated as having passed the Census night in Barns, Sheds, Caravans, etc.

TENEMENTS.
TABLE 19.

The total number of separate Tenements in the Administrative County, together with the County Boroughs, which had been 133,640 in 1891, rose to 171,096 in 1901, the increase being equal to 28·0 per cent. Of this total, the Tenements containing five or more rooms increased from 77,051 to 112,740, equal to 46·3 per cent., while the increase of those with less than five rooms was from 56,589 to 58,356, and did not exceed 3·1 per cent. Stated in another way, the Tenements with five or more rooms were equal to 57·7 per cent. of the total Tenements in 1891, and increased to 65·9 per cent. at the recent Census, while the percentage of the Tenements with less than five rooms declined from 42·3 to 34·1. A marked decrease is shown since 1891 in the number of one, two, three, and four-roomed Tenements in which more than two persons per room were enumerated. Thus the number of one-roomed Tenements, each containing more than two persons, decreased from 396 to 179; the number of two-roomed Tenements, each containing more than four persons, from 2,636 to 1,792; the number of three-roomed Tenements, each containing more than six persons, from 1,912 to 1,382; and the number of four-roomed Tenements, each containing more than eight persons, from 2,253 to 1,844.

In the aggregate of Urban Districts the proportion of Tenements with less than five rooms to the total number of Tenements is 34·2 per cent., and in the aggregate of Rural Districts it is 33·6 per cent.

BOROUGH,
MUNICIPAL
BOROUGH,
AND OTHER
URBAN
DISTRICTS.
TABLE 20.

The proportion of Tenements with less than five rooms, which averages 34·1 per cent. in the entire Administrative County, shows considerable variations in the larger Urban Districts. The proportion ranges from 15·4 in Barry and 24·9 in Mountain Ash, to 45·9 in Aberdare and 51·5 in Merthyr Tydfil.

Table 22 shows the increase or decrease of population in the Registration County and Registration Districts, as compared with the difference between registered Births and Deaths: the Table has been extended by the addition of a column showing the balance of change which must be ascribed to migration. The increase of population in the Registration County since 1891, as calculated for the purposes of this Table (see footnote thereto), amounts to 173,841, and the excess of Births over Deaths to 132,748. It follows that the County has made a net gain by migration of 41,093 persons. The Registration Districts where the gain by migration is most pronounced are Pontypridd, in which the increase of population is 55,835, made up of an excess of Births over Deaths of 35,008 and a gain by migration of 20,827, and Cardiff, in which the increase in population is 55,505, made up of an excess of Births over Deaths of 36,321, and a gain by migration of 19,184; on the other hand, Swansea Registration District, which includes the County Borough of the same name, with an excess of Births over Deaths amounting to 17,081, shows an increase of population of 5,420, having thus lost 11,661 by migration.

MARRIAGES,
BIRTHS,
DEATHS, AND
MIGRATION.
TABLE 22.

The Males enumerated in the Administrative County and County Boroughs exceed the Females by 27,593; there are thus only 938 Females to every 1,000 Males. The number of children of school age (three and under fourteen years) is 218,837, of whom 109,055 are boys and 109,782 girls. It is to be observed, however, that the attendance at school of children under five is not compulsory. The number of children aged five and under fourteen years is 174,581, of whom 87,089 are boys and 87,492 girls.

TABLE 23.

The number of persons 65 years of age and upwards is 26,452, and of these 12,033 are Males and 14,419 Females; four Males and three Females claim to be 100 years or upwards. The proportion of persons aged 65 years and upwards enumerated in Rural Districts is 4.1 per cent. of the total Rural population, while in the Urban Districts the proportion is 2.8 per cent. of the total Urban population.

Of the Males, 278,690 are Unmarried, 150,902 are Married, and 14,170 are Widowed. Of the Females, 241,025 are Unmarried, 149,775 are Married, and 25,369 are Widowed.

TABLE 27.

The following Table shows the percentages for 1891 and for 1901:—

Widowed	3.1	3.2	5.8	5.7	6.4	6.1	12.3	11.4

The percentages in this Table for 1891 relate to the Registration County as then constituted, and those for 1901 to the Administrative County as constituted on the Census day. The difference of boundary between the two Counties does not materially affect the value of these figures for comparative purposes.

The number of Males under 21 years of age returned as Married is 590, and the number of Females 2,788. There are also 6 Widowers and 9 Widows who are minors.

Table 29 shows the ages of both Husbands and Wives in combination in the Registration County; in 141,579 cases both the Husband and the Wife were enumerated in the same schedule, and were therefore presumably living together; and in addition there were 10,434 Husbands whose Wives were absent—that is, were not enumerated in the same schedule—and 9,266 Wives whose Husbands were absent on the Census night.

TABLE 29.

Pauper Inmates of Workhouse Establishments in the Registration County number 3,099 persons at all ages, of whom 1,808 are Males and 1,291 Females. This represents approximately 0.4 per cent. of the general population, but at advanced ages the proportion is far higher. At 55 years and upwards the proportion per cent. of the population of the same age in Workhouse Establishments is 2.0, and at 65 years and upwards, 3.6 per cent.

Prisoners in Local and Convict Prisons in the Registration County number 275, against 325 in 1891. Of these 214 are Males and 61 Females. Their ages and civil conditions are shown in Table 31.

OCCUPATIONS.
TABLE 32.

The Tables dealing with the occupations of the people have been extended and elaborated. Table 32 contains a list of 379 occupations, and shows the number of Males and Females employed in each. In this and succeeding Tables, Females are separately given as Unmarried and Married or Widowed. A tabular note furnishes information as to ages and other occupational details for industries of special importance in the County.

The following figures give a summary view of the Occupational statistics for the County of Glamorgan, showing the proportions of Males and Females, over 10 Years of age, engaged in each Order, and also the proportions Unoccupied:—

Certain changes of classification which affect the leading trades of Glamorganshire have been introduced and are mainly in the direction of sub-division. Thus Coal and Shale Miners are for the first time separately classed as "Hewers," "Other workers below ground," or "Workers above ground." Persons engaged in Iron Manufacture are abstracted as employed in "Blast Furnaces," in "Puddling Furnaces and Rolling Mills," in "Steel Smelting and Founding," in "Iron Founding," and in the manufacture of certain specific Iron articles. Workers in other Metals are separately described as Manufacturers of the Metal itself or of goods made from the Metal. It must, however, be noted that the persistent efforts made, both before the Census was taken and subsequently by local enquiry, to secure completeness and accuracy of returns in these cases have only been partially successful. In some cases, for instance, the returns have not precisely stated whether a man is employed in a Puddling Furnace, in a Rolling Mill, or in an Iron Foundry; whether he is a Hewer in a Coal Mine or another Worker below ground; and the figures must consequently be regarded as approximate only.

The following Occupational headings, which are not directly liable to errors from alteration of classification or methods of return, have been selected, and in some cases thrown into groups, for comparison, so as to illustrate the progression or retrogression of some of the leading industries of the County since the Census of 1891. Figures showing the total population over 10 Years of age by sexes, with rate per cent. of increase, head the Table, so as to afford a ready means of comparing the distribution and occupational movement of the people in various industries with the growth of population between the two Censuses. The figures for 1901, in the following Table, relate to the Registration County, to secure accuracy of comparison with those for 1891. They are consequently not identical with the figures given in Table 32, which relate to the Administrative County.

In 1891 the percentage of the total population aged 10 Years and upwards engaged in occupations in the Registration County was, in the case of Males 87·0; in the case of Females 26·4; and in 1901 the percentages are 86·1 and 20·4 respectively. In the Administrative County, together with County Boroughs, the rates in 1901 are 86·1 for Males and 20·5 for Females.

It has already been stated that Females have been abstracted separately as “Unmarried” and “Married or Widowed.” Of the 63,114 Females over 10 Years of age engaged in occupations, 51,954, or 82 per cent., are in the former category, and 11,160, or 18 per cent., in the latter. Laundry and Washing Service finds employment for 1,009 Married or Widowed Females; Domestic Indoor Service for 1,394; and Dressmaking, Shirtmaking, Millinery, and Staymaking for 1,803. There are also 1,025 Charwomen Married or Widowed out of a total of 1,574.

The total number of Boys aged 10 and under 14 Years in the Administrative County, together with County Boroughs, is 36,264, and of these 4,042, equal to 11·1 per cent., are engaged in Occupations. Of the total occupied Males between the ages of 10 and 14 Years, 3,560, or 88·1 per cent., are aged between 13 and 14; and 450, or 11·1 per cent., between 12 and 13; leaving 32, or 0·8 per cent., under 12.

The total number of Girls aged from 10 to 14 is 36,262, and of these 838, equal to 2·3 per cent., are engaged in Occupations. Of the total occupied Females between the ages of 10 and 14 years, 676, or 80·6 per cent., are aged between 13 and 14; and 122, or 14·6 per cent., between 12 and 13; while only 40, or 4·8 per cent., are under 12.

Coal and Shale Mining finds employment below ground for 2,276 Boys, and above ground for 81; Tinplate Manufacture for 194 Boys; Domestic Indoor Service for 631 Girls; and 107 Girls are engaged in Dressmaking, Millinery, and Shirtmaking. There are also 511 Boys at these ages employed as Messengers, Porters, etc.

The total number of Males returned as “Pensioned” or “Retired,” other than Army and Navy Officers, Clergymen, and members of the Medical Profession, is 4,528, being in the proportion of 1·6 per cent. to the number engaged in Occupations, as compared with 2,639, or 1·1 per cent., in 1891. The number of “Retired” Males enumerated in Workhouses and Workhouse Infirmaries who returned their previous Occupations is 824, and those in Lunatic Asylums 762, making a total of 1,586. Males, 2,583, or 57·0 per cent., are aged 65 Years and upwards, and 995, or 22·0 per cent. are between 55 and 65, while 950, or 21·0 per cent., are under 55 Years of age. (See note at head of Table 34.)

The total number of "Pensioned" or "Retired" Females is 741, being in the proportion of 1·2 per cent. to the number engaged in Occupations, as compared with 643, or 1·0 per cent., in 1891. The number in Workhouses and Workhouse Infirmaries is 85, and in Lunatic Asylums 214, making a total of 299. Of "Pensioned" or "Retired" Females, 322, being 43·5 per cent., are aged 65 Years and upwards, and 173, or 23·3 per cent., are between 55 and 65, leaving 246, or 33·2 per cent., under 55. Of the whole number of "Retired" Females, 313 are Unmarried, and 428 are Married or Widowed.

TABLE 35.

Table 35 sets forth the Occupations of the People by Sexes and in five groups of Ages for each of the County Boroughs, for each Urban District of which the population exceeds 50,000 persons, for the Aggregate of the Urban Districts in the County, including County and Municipal Boroughs, and for the Aggregate of Rural Districts. The total population over 10 Years of age, of Unmarried and of Married or Widowed Females, and the number of each class engaged in Occupations are given separately.

TABLE 35A.

Table 35A is a new Table, and is so constructed as to show for every Urban District with a population exceeding 5,000 the following Statistics:—

1. The total population, Male and Female, of an age to engage in Occupations, that is, over ten years;
2. The number who are retired or unoccupied;
3. The total number engaged in Occupations;
4. The number engaged in Occupations or groups of Occupations selected so as best to illustrate the prevailing Industries of the County;
5. The number of Children between ten and fourteen years of age engaged in Occupations;
6. The proportion per cent. of Children so engaged to the total Child Population within those years;
7. The number of Unmarried Women, and of Married or Widowed Women engaged in Occupations;
8. The proportion of Female Domestic Servants, not including those in Hotels, etc., to a hundred separate Occupiers or Families.

The following figures extracted from Table 35A show for the County Boroughs, and for each Urban District having a population in excess of 20,000, certain details of Occupational Statistics directly bearing on the Social Life of the People:—

	FEMALES AGED 10 YEARS AND UPWARDS.		Males aged 10 and under 14 Years.	Females aged 10 and under 14 Years.	Domestic Indoor Servants.

For similar details for other Urban Districts reference should be made to Table 35A.

Of the 859,931 persons enumerated in the Ancient County of Glamorgan, 562,098 were born within the County; 134,939 were born in other Counties of Wales or in Monmouthshire, being an increase of 13,286 since 1891; 11,106 in Ireland, a decrease of 150; 7,604 in London, an increase of 1,531; 3,921 in Scotland, an increase of 632; and 1,842 in British Colonies or Dependencies, an increase of 407.

BIRTHPLACES.
TABLE 36.

Persons of Foreign birth, including those enumerated in vessels in port on Census night, number 9,100, an increase of 2,621, and of these 2,282 were abstracted as British Subjects, 301 as Naturalised British Subjects, and 6,517 as Foreigners; an increase in the case of the last-named of 661 since 1891. British Subjects and Naturalised British Subjects number together 2,583, and contrast with a total of 623 in 1891. This wide difference seems to be mainly due to the new instruction on the Census Schedule that persons born abroad should state whether they were British Subjects, Naturalised British Subjects, or Foreign Subjects. Greater accuracy has thus been secured, but the figures have less comparative value.

Of the 6,517 Foreigners, 5,402 are Males, and 1,115 Females; there are thus to every 1,000 Males no more than 206 Females. Natives of Russia and Russian Poland have increased from 707 to 1,105 since the Census of 1891, and Spaniards from 163½ to 455; while persons of German birth have decreased within the same period from 786 to 664.

TABLE 37.

The number of persons returned as Blind is 538, and of these 15 also suffer from some other Infirmary. The former figure compares with 442 in 1891. There has therefore been an increase of 96 in the number of persons returned as Blind.

THE BLIND,
THE DEAF AND
DUMB, THE

THE INSANE.
TABLE 38.

Deaf and Dumb persons, including 58 who are simply returned as Dumb, number 427 as against 338 in 1891; an increase of 89. Of these 427 persons, 21 also suffer from some other Infirmary.

Lunatics now number 1,493, and Imbecile or Feeble-minded 924; these numbers include 22 otherwise afflicted. The total of these classes is 2,417, against 1,357 in 1891. In comparing these figures, however, attention must be paid to the fact that the heading to the Infirmities Column of the Census Schedule was not uniform at the two Censuses. In 1891 the words adopted were, "Lunatic, Imbecile, or Idiot," and this expression might have led to more frequent concealment of cases of mental derangement than the form of words adopted for the recent Census, when Occupiers were instructed to describe the afflicted person either under the title "Lunatic," or under that of "Imbecile, Feeble-minded." For this reason a calculation of the increase per cent. on the population would be misleading. It may be noted that, of the 2,417 persons returned as mentally deranged, 1,884 were inmates of Institutions, comprising 1,692 in Public and Private Lunatic Asylums, 191 in Workhouses, and 1 in another institution; the remaining 533 were residing with relatives or in unlicensed houses.

The 191 mentally deranged persons enumerated in Workhouses were all returned as Imbecile or Feeble-minded; and of the 533 not enumerated in Institutions, 12 were returned as Lunatics and 521 as Imbecile or Feeble-minded.

The returns relating to languages spoken in Wales and Monmouthshire have been elaborated, and will be found to afford particulars in fuller detail than in 1891. The information given in the Language Column of the Census Schedule has been abstracted so as to show the results by sexes and in five age groups. The Table now published gives figures, not for the Registration County of Glamorgan and eight Registration Districts into which it is divided, as in 1891, but for the Administrative County and for its constituent parts, 21 Urban and 9 Rural Districts.

LANGUAGES,
TABLE 40.

By the Census Act, 1900, the minimum limit of age was fixed at 3 years instead of 2 years, the limit adopted for the Report on the Census of 1891. In view of these alterations, comparison can best be made by giving percentages on the population dealt with.

County of Glamorgan.*	Proportion per cent. of Population.	
	Aged 2 years and upwards, 1891.	Aged 3 years and upwards, 1901.

Welsh only	21·8	6·6
Both English and Welsh	27·2	36·9
Other Languages	0·4	0·4
No statement	0·8	0·2

* The percentages in this Table for 1891 relate to the Registration County as then constituted, and those for 1901 to the Administrative County, together with 2 County Boroughs, as constituted on the Census Day. The difference of boundary between the two Counties does not materially affect the value of these figures for comparative purposes.

In the Census Report of 1891, it is stated that there was abundant evidence to prove that the instructions on the Schedule were either misunderstood or set at naught by a large number of people who could speak both English and Welsh, and that the word “Welsh” was very often returned when the proper entry should have been “Both.” This contention appears to be proved by the results shown in 1901, for if the percentages of those returned as speaking Welsh, and both English and Welsh are combined it is found that there is a moderate decline in proportion to population from 49·0 to 43·5 per cent., whereas the decline in the proportion of persons speaking Welsh only is from 21·8 to 6·6 per cent.

No comparison by age groups can be made with 1891, but the tendency may be indicated by the following Table:—

TABLE 10.—RURAL DISTRICTS.—AREA; HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—Pontardawe (591) is the only Poor Law Union and Registration District in Glamorganshire which contains no Urban District. Under the provisions of the Local Government Act, 1894, considerable changes were made in the constitution of Rural Districts. In Glamorganshire, Llandaff and Dinas Powis, Llantrisant and Llantwitfardre, and Gelligaer and Rhigos, consist of Parishes in the Poor Law Unions of Cardiff (586), Pontypridd (587), and Merthyr Tydfil (588) respectively; Cowbridge and Penybont each consist of Parishes in the Poor Law Union of Bridgend (589); and Llangafelach consists of Parishes in the two Poor Law Unions of Swansea (592) and Llanelly (594); while Gower, Neath and Pontardawe consist of Parishes in the Poor Law Unions of those respective names. The extent of each Rural District may readily be seen in the Map preceding the Tables.

NOTE.—The expression "Civil Parish" means "a place for which a separate Poor Rate is or can be made, or for which a separate Overseer is or can be appointed." The Parishes are arranged alphabetically, those in the County Boroughs being separately shown. The Registration Districts of the County of Glamorgan are all co-extensive with Poor Law Unions of the same names.

COUNTY OF GLAMORGAN—continued.

TABLE 12.—REGISTRATION COUNTY, DISTRICTS, and SUB-DISTRICTS, with their constituent CIVIL PARISHES.—
AREA ; HOUSES and POPULATION 1891 and 1901, and SEPARATE OCCUPIERS 1901.

EXPLANATORY NOTES.

(1.) The Registration Districts of the County of Glamorgan are all co-extensive with the Poor Law Unions of the same names.
(2.) Where the name of the Registration County in which a Parish is situated differs from that of the Administrative County, the name of the latter is added in italics; the names of County Boroughs are also stated after the names of the Parishes situated therein. The differences between the Registration County and the Administrative County are shown in Table 2.
(3.) Parishes that are situated in a County Borough, Municipal Borough, or Urban District are distinguished by black type thus—Roath.
(4.) The places named in footnotes as being included in Civil Parishes are generally localities having no defined boundaries, such as hamlets, villages, etc.
(5.) For particulars of existing detached parts of Civil Parishes see Table 13, and for changes in the boundaries of Civil Parishes effected by the Local Government Acts of 1888 and 1894, and by Local Acts since 1891, see Table 11. In all Districts and Sub-Districts marked + changes were made in boundaries between the Census of 1891 and that of 1901. Full particulars of the alterations have been published in the Registrar-General's Annual Reports.
(6.) Revised areas of Civil Parishes have been furnished by the Ordnance Survey Department; for the area of the tidal water and foreshore comprised in Civil Parishes see Table 15.

* A considerable proportion of the population of Coity Higher Civil Parish was enumerated in the County Lunatic Asylum which has been extended since 1891, see Table 17.

† A considerable proportion of the population of Newcastle Higher Civil Parish was enumerated in the County Lunatic Asylum, see Table 17.

‡ A considerable proportion of the population of Sker Civil Parish was enumerated in the South Wales Convalescent Home, which has been erected since 1891, see Table 17.

§ The increase of population in Margam Civil Parish is mainly attributed to the extension of the docks and railway.

¶ On 1st January, 1902, Ystradavellte Sub-District of Neath Registration District was abolished; of its constituent Civil Parishes, Blaengwrach, Neath Higher, and Ystradavellte were transferred to Neath Sub-District; Neath Middle and Neath Lower were transferred to Cadoxton Sub-District; and Glyncorwg was created a separate Sub-District. The Sub-Districts as thus constituted are as follows:—

TABLE 18.—PERSONS enumerated in the REGISTRATION COUNTY on board SEA-GOING and COASTING MERCHANT VESSELS and on INLAND BARGES and BOATS, 1901.

NOTE.—Persons on board Vessels in Ports, Harbours, and Docks, including in certain cases hulks or other stationary vessels, were enumerated by Officers of His Majesty's Customs, and those on Barges, etc., on Canals or Navigable Rivers, not within the limits of a port, by the local Enumerators.
The persons thus enumerated are distributed among the general population of the Parishes contiguous to the waters in which the vessels were lying, with as much accuracy as the information obtained allows.
Fishermen at sea on the night of the Census, and not returning on 1st April, 1901, and persons on board vessels arriving in port later than that date, are not included.

NOTE.—The Table is to be read as follows:—Of the 171,096 tenements, 58,356 were tenements of less than five rooms, and of these 1,328 were tenements of one room, 13,646 of two rooms, etc.; and of the 1,328 tenements of one room, 802 were occupied by one person each, 347 by two persons each, etc. Tables 20 and 21 are to be read in a similar manner.

* In 1891 the tenements were abstracted for the Registration County; in order to make the figures for that area comparable with those for the aggregate of the Administrative County and County Boroughs in 1901 it has been necessary to make approximate adjustments.

TABLE 22.—AGGREGATE NUMBERS of MARRIAGES, BIRTHS, and DEATHS registered in each REGISTRATION DISTRICT during the INTERCENSAL PERIOD 1891—1901 : INCREASE or DECREASE of POPULATION compared with DIFFERENCE between BIRTHS and DEATHS.

NOTE.—No correction is made in this Table for Deaths occurring in Public Institutions, which, in some cases, are sufficiently numerous to detract from the value of the comparison between the increase of Population and the excess of Births over Deaths.

* Changes were made in the boundaries of three of the Registration Districts during the intercensal period. In the Table the enumerated populations of each of these Districts for 1891 and 1901 are given, first for the District as constituted at the Census of 1891, and then for the District as constituted by each successive change. The dates from which the changed areas were adopted for tabulation of Births and Deaths are shown in the first column. In calculating the Increase or Decrease of Population (Col. 7) approximate allowance has been made for variations caused by changes of boundary. Owing to this method of calculation the increase of population shown in Column 7 differs fractionally from that derivable from the figures for the entire County in Table 1, and for the individual Registration Districts in Table 12, which relate to those areas as constituted at the time of the Census of 1901.

TABLE 32.—OCCUPATIONS of MALES and FEMALES AGED 10 YEARS AND UPWARDS, in the ADMINISTRATIVE COUNTY (together with COUNTY BOROUGH), distinguishing for FEMALES the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—In classifying the people by their occupations the following rules have been observed:—Persons returned as engaged in more than one occupation have been referred to the occupation which in each case appeared to be the most important; or, if there was no difference in this respect, to the occupation first mentioned in the Return. Thus, a manufacturing trade has been selected in preference to a selling trade. A Clergyman who is also a Schoolmaster has been classed under the heading "Schoolmaster." Persons returned as "Pensioners" or as "Retired" from any specified profession or business (except Officers of the Army or Navy, Clergymen, and Medical Men) appear in this Table as simply "Pensioners" or "Retired" (see Order XXIII.), but are classified in Table 34 according to their former occupations. Inmates of Lunatic Asylums or of Workhouses, when returned as Insane and yet described by their former occupations, have—irrespective of age—been classed as "Retired." Other Inmates of Workhouses, unless aged 60 years or upwards, and Patients in Hospitals and Prisoners of all ages, have been classed under their stated occupations on the assumption that their ordinary work has been relinquished for a time only. Inmates of Workhouses aged 60 years and upwards, whose former occupations were returned, have been dealt with as "Retired."

The numbers given under any heading include Apprentices, Assistants, Workmen, and Labourers, as well as Masters, except where special headings are provided for subordinates. Messengers, Errand Boys, Porters, and Watchmen are, however, shown under a separate heading, and Clerks are classified as Civil Service Clerks, Bank Clerks, Railway Clerks, Insurance Clerks, or Commercial Clerks, according to the particular service in which they are engaged.

In some cases women and children, chiefly widows or orphans carrying on the business of their husbands or fathers, are classed under Occupations commonly followed only by adult men.

In the list of Occupations the Male designations only are given for convenience, except where the occupations are exclusively followed by Females.

The figures in italics for Females, at the head of the Table and in the Tabular Note at the end, relate to the Married or Widowed.

COUNTY OF GLAMORGAN—continued.

TABLE 34.—FORMER OCCUPATIONS of "PENSIONERS" and "RETIRED" in the ADMINISTRATIVE COUNTY (together with COUNTY BOROUGH), distinguishing those enumerated in WORKHOUSES and LUNATIC ASYLUMS, and also, for FEMALES, the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—This Table is supplementary to Table 32, where the Pensioners and the Retired are shown simply as such without regard to their former Occupations. Inmates of Lunatic Asylums, or of Workhouses, when described as Insane and as having formerly followed some occupation, have been classed as "Retired," irrespective of age; also other formerly occupied Inmates of Workhouses if aged 60 years or upwards. Patients in Hospitals and Prisoners of all ages, on the assumption that their ordinary work has been relinquished for a time only, have not been dealt with as "Retired." No Officers in the Army or Navy, Clergymen of the Established Church, or members of the Medical Profession, are included in the "Retired."

Of the foregoing, 8 Males and 3 Females were returned in 1901 as Persons suffering from Combined Infirmities "from Childhood."																		

* The figures given for 1891 relate to the County of Glamorgan as then constituted for Registration purposes, while those for 1901 relate to the Administrative County together with County Boroughs. The differences in the constitution of the two areas should be borne in mind in dealing with these figures—see Table 2.

† Of the 427 Persons in 1901 classified in the Table as Deaf and Dumb, 40 Males and 18 Females respectively were returned simply as "Dumb," as were also 23 Males and 12 Females classified as Deaf and Dumb from Childhood. The figures regarding the Deaf and Dumb from Childhood are based on the descriptions given in the Schedules, and must be regarded as incomplete.

‡ The Census Schedule did not require Persons who were Deaf without being Dumb to mention the fact of their Deafness, and therefore the figures given for the "Deaf" cannot be regarded as complete.

§ In 1891 the heading of the Census Schedule was "Lunatic, Imbecile or Idiot," and the Persons so returned were eventually classed as "Mentally Deranged." In 1901 the heading of the Schedule provided for two categories of the Mentally Deranged, viz., "Lunatic" and "Imbecile, Feeble-minded," and in drawing comparisons from the figures for the two Censuses, allowance must be made for these differences. The figures for 1891 for the new sub-divisions of Mentally Deranged cannot therefore be given. Total "Lunatic, Imbecile, and Feeble-minded," 1901:—2,417 Persons, 1,225 Males, 1,192 Females. Total "Mentally Deranged," 1891, 1,357 Persons, 693 Males, 664 Females.

|| Of these the following persons were returned as under:—

NOTE.—The considerable numbers of persons returned as Blind or Deaf and Dumb in the County Boroughs are mainly due to the presence therein of Institutions, the use of which is not confined exclusively to inhabitants of the Boroughs.

* These figures include 40 Males and 18 Females returned simply as "Dumb."

† These persons are also included in the totals of the several Infirmities from which they suffer. Those so afflicted "from Childhood" numbered 11.

CENSUS OF 1901.

COUNTY OF GLOUCESTER.

SUMMARY OF THE CENSUS RESULTS.

THE Ancient or Geographical County of Gloucester contains, according to the revised returns furnished by His Majesty's Ordnance Survey Department, an area of 795,709 statute acres. Its population numbers 634,729 persons. In 1801 the population was 250,723; it is now therefore, about two-and-a-half times as great as it was a Century ago.

AREA AND
POPULATION.
TABLES 1, 2,
AND 3.

The Administrative County, together with two County Boroughs, contains an area of 805,482 statute acres, and a population of 708,439, against 654,563 in 1891, an increase of 8·2 per cent.; the number of inhabited houses is 141,891, against 125,826 in 1891, an increase of 12·8 per cent.; of uninhabited houses the number is 12,052, against 8,911 in 1891, an increase of 35·2 per cent.; and of houses building, 1,252, against 947 in 1891, an increase of 32·2 per cent. Of the 12,052 uninhabited houses, 4,367 were "In Occupation," that is, utilised for business or other purposes, but without inmates on Census night.

The Registration County contains an area of 712,757 statute acres, and a population of 648,627. The differences between the Ancient, the Administrative, and the Registration County are set forth in Table 2. The respective boundaries of the Administrative and of the Registration County are delineated on the Map attached.

Where comparative figures are quoted, those for 1891 relate to areas as constituted in 1901, unless otherwise stated.

The Ancient County of Gloucester is divided, for Parliamentary purposes, into 10 Constituencies—5 Divisions of the County and 5 Boroughs or Divisions of Boroughs—; the County also includes part of the South Division of the Parliamentary Borough of Bristol, the greater part of which is in Somersetshire. The Parliamentary Boroughs of Cheltenham and Gloucester each return one Member; and Bristol with 4 Divisions, 3 of which are entirely within the County of Gloucester, returns one Member for each Division.

PARLIAMEN-
TARY CON-
STITUENCIES.
TABLE 4.

There are 408 Ecclesiastical Parishes or Districts situated wholly or partly within the Ancient County of Gloucester. Of these 408 Parishes or parts of Parishes, 311, with an aggregate population of 318,642, are within the Diocese of Gloucester; 92, with a population of 315,547, in that of Bristol; 4 parts of Parishes, with a population of 524, in that of Worcester; and part of the Parish of Broughton Poggs, St. Peter, with a population of 16, in that of Oxford.

ECCLESIASTI-
CAL PARISHES.
TABLE 5.

The Administrative County contains a population of 331,539, and the two County Boroughs contain a population of 376,900, the aggregate population thus amounting to 708,439. The increase in the Administrative County since 1891, apart from the County Boroughs, is 7,559, or only 2·3 per cent.; in the County Boroughs 46,317, or 14·0 per cent.; and in the total population 53,876, or 8·2 per cent.

ADMINISTRA-
TIVE COUNTY
AND COUNTY
BOROUGHES.
TABLE 6.

The Administrative County has one Court of Quarter Sessions, and is divided into 24 Petty Sessional Divisions. The Cities and County Boroughs of Bristol and Gloucester and the Municipal Borough of Tewkesbury have separate Commissions of the Peace and separate Courts of Quarter Sessions.

PETTY
SESSIONAL
DIVISIONS.
TABLE 7.

The total population of Urban Districts, including County and Municipal Boroughs, amounts to 478,739, and that of Rural Districts to 229,700. The population in the Urban Districts has increased by 51,978, or 12·2 per cent., since 1891, and that in the Rural Districts by 1,898, or only 0·8 per cent.

RURAL
DISTRICTS.
TABLE 10.

Within the Administrative County there are 18 entire Rural Districts, and parts of 5 others, containing an aggregate population of 229,700. This represents 32·4 per cent. of the entire population of the County.

CIVIL
PARISHES.
TABLE 11.

The number of Civil Parishes within the Administrative County is 357, and in the County Boroughs 2.

REGISTRATION
DISTRICTS.
TABLE 12.

The Registration County of Gloucester contains a population of 648,627, and is divided into 17 Registration Districts, all of which are co-extensive with the Poor Law Parishes or Unions of the same names. These Districts are again sub-divided into 53 Sub-Districts. In Table 12, besides comparative figures of houses and of population in 1891 and 1901, a column is given to show the number of Families or Separate Occupiers in each Registration District and Sub-District, and in each Civil Parish. These amount to 143,738, giving an average of 4·5 persons to a family. It may here be stated, though the figures are not presented in Tabular form, that the population, as shown in the Tables, includes a total of 219 persons—131 Males and 88 Females—who were enumerated as having passed the Census night in Barns, Sheds, Caravans, etc.

TENEMENTS.
TABLE 19.

The total number of separate Tenements in the Administrative County together with the County Boroughs, which had been 142,677 in 1891, rose to 156,765 in 1901, the increase being equal to 9·9 per cent. Of this total, the Tenements containing five or more rooms increased from 78,404 to 100,176, equal to 27·8 per cent., while those with fewer than five rooms decreased from 64,273 to 56,589, equal to 12·0 per cent. Stated in another way, the Tenements with five or more rooms were equal to 55·0 per cent. of the total Tenements in 1891, and increased to 63·9 per cent. at the recent Census, while the percentage of the Tenements with fewer than five rooms declined from 45·0 to 36·1. A marked decrease is shown since 1891 in the number of one, two, three, and four-roomed Tenements in which more than two persons per room were enumerated. Thus the number of one-roomed Tenements each containing more than two persons decreased from 940 to 420; the number of two-roomed Tenements each containing more than four persons, from 1,809 to 892; the number of three-roomed Tenements each containing more than six persons, from 1,994 to 1,317, and the number of four-roomed Tenements each containing more than eight persons, from 1,315 to 969.

In the aggregate of Urban Districts the proportion of Tenements with fewer than five rooms to the total number of Tenements is 32·9 per cent., and in the aggregate of Rural Districts it is 42·4 per cent.

IN COUNTY
BOROUGH,
ETC.
TABLE 20.

The proportion of Tenements with fewer than five rooms, which averages 36·1 per cent., in the entire Administrative County, is 21·1 in Gloucester, 26·8 in Cheltenham, and 35·7 in Bristol.

MARRIAGES,
BIRTHS,
DEATHS, AND
MIGRATION.
TABLE 22.

Table 22 shows the increase or decrease of population in the Registration County and its Registration Districts, as compared with the difference between registered Births and Deaths: the Table has been extended by the addition of a column showing the balance of change which must be ascribed to Migration. The increase of population in the Registration County since 1891, as calculated for the purposes of this Table (see footnotes thereto),

amounts to 28,157, and the excess of Births over Deaths, to 55,141. It follows that the County has sustained a net loss by Migration of 26,984 persons. All the Registration Districts show a loss by Migration, except Barton Regis and Gloucester. The gain by Migration credited to Barton Regis mainly occurred in that part of the District, situated within the City of Bristol, which now forms part of Bristol Registration District. The largest proportional loss by Migration occurred in Westbury on Severn, in Stow on the Wold, and in the old Registration District of Bristol.

The Females enumerated in the Administrative County and County Boroughs exceed the Males by 45,323; there are thus 1,137 Females to every 1,000 Males. The number of children of school age (three and under fourteen years) is 169,378, of whom 84,358 are boys and 85,020 girls. It is to be observed, however, that the attendance at school of children under five is not compulsory. The number of children aged five and under fourteen years is 137,771, of whom 68,597 are boys and 69,174 girls.

SEXES AND AGES IN THE ADMINISTRATIVE COUNTY TOGETHER WITH COUNTY BOROUGH. TABLE 23.

The number of persons 65 years of age and upwards is 40,826; and of these 16,859 are Males and 23,967 Females; 1 Male and 5 Females claim to be 100 years or upwards. The proportion of persons aged 65 years and upwards enumerated in Rural Districts is 7.1 per cent. of the total Rural population, while in the Urban Districts the proportion is 5.1 per cent. of the total Urban population.

Of the Males enumerated in the Administrative County together with County Boroughs, 198,979 are Unmarried, 121,049 are Married, and 11,530 are Widowed. Of the Females, 223,085 are Unmarried, 124,615 are Married, and 29,181 are Widowed.

CONDITION AS TO MARRIAGE. TABLE 27.

The following Table shows the percentages for the Registration County in 1891 and in 1901 :—

Condition as to Marriage.	MALES.				FEMALES.			
	To 100 at all Ages.		To 100 at Twenty years and upwards.		To 100 at all Ages.		To 100 at Twenty years and upwards.	
	1891.	1901.	1891.	1901.	1891.	1901.	1891.	1901.
Unmarried	60.9	59.9	25.6	27.1	60.4	59.4	31.2	32.1
Married	35.5	36.6	67.6	66.5	31.5	32.8	54.8	54.8
Widowed	3.6	3.5	6.8	6.4	8.1	7.8	14.0	13.1

The value of the above figures for comparative purposes is somewhat affected by the transfer, in 1899, of the part of the City of Bristol in the Registration County of Somerset to the Registration County of Gloucester.

It may be noted from the figures that the proportion of the Married to the population at all ages is now higher than it was in 1891, owing to the decrease in the proportion of children through the decline in the birth-rate. The proportion of the Married, however, if calculated on the population aged twenty years and upwards, is distinctly lower than it was ten years ago among Males, and is stationary among Females.

Table 29 shows, in combination, the ages of both Husbands and Wives in the Registration County; in 105,268 cases both the Husband and the Wife were enumerated in the same schedule, and were therefore presumably living together; and in addition there were 5,093 Husbands whose Wives were absent—that is, were not enumerated in the same schedule—and 8,595 Wives whose Husbands were absent on the Census night.

AGES OF HUSBANDS AND WIVES. TABLE 29

Pauper Inmates of Workhouse Establishments in the Registration County number 4,191 persons at all ages, of whom 2,350 are Males and 1,841 Females. These represent approximately 0.6 per cent. of the general population, the percentage having slightly decreased since 1891. At advanced ages the proportion is far higher; at 55 years and upwards the proportion per cent. of the population of the same age in Workhouse Establishments is 2.9, and at 65 years and upwards 4.5 per cent.

WORKHOUSES. TABLE 30.

PRISONS.
TABLE 31.

Prisoners in Local and Convict Prisons in the Registration County number 243, against 219 in 1891. Of these 191 are Males and 52 Females. Their age and civil condition are shown in Table 31.

OCCUPATIONS.
TABLE 32.

The Tables dealing with the Occupations of the people have been extended and elaborated. Table 32 contains a list of 379 Occupations, and shows the numbers of Males and Females employed in each. In this and succeeding Tables, Females are separately given as Unmarried and Married or Widowed. A tabular note furnishes information as to ages and other occupational details for industries of special importance in the County.

The following figures give a summary view of the Occupational statistics for the Administrative County of Gloucester together with its County Boroughs, showing the proportions of Males and Females, over 10 Years of age, engaged in each Order, and also the proportions Unoccupied:—

Certain changes of classification which affect the leading industries of Gloucestershire have been introduced and are mainly in the direction of sub-division. Thus Coal and Shale Miners are for the first time separately classed as "Hewers," "Other Workers below ground," and "Workers above ground." It must, however, be noted that in these cases the persistent efforts made, both before the Census was taken and subsequently by local enquiry, to secure completeness and accuracy of returns have only been partially successful. In some cases, for instance, the returns have not precisely stated whether a man is a Hewer in a Coal Mine or another Worker below ground, and the figures must consequently be regarded as approximate only.

The following occupational headings, which are not directly liable to errors from alteration of classification or methods of return, have been selected, and in some cases thrown into groups, for comparison, so as to illustrate the progression or retrogression of some of the leading industries of the County since the Census of 1891. Figures showing the total population, of each sex, over 10 Years of age, with percentages of increase, head the Table, and afford a ready means of comparing the changes in the numbers following various Occupations with the changes in the total population, between the two Censuses. Part of the enlarged County Borough of Bristol having been transferred in 1899 from the Registration County of Somerset to that of Gloucester, it has been necessary specially to adjust the Occupational figures for 1901 in the following Table in order to make them approximately comparable. They are consequently not identical with those given in Table 32, which relate to the Administrative County.

In 1891 the percentage of the total population aged 10 Years and upwards engaged in Occupations in the Registration County was, in the case of Males 80.7, in the case of Females 36.9; and in 1901 the percentages in the Registration County (as adjusted for the above table) are 81.0 and 34.1 respectively. In the Administrative County, together with County Boroughs, the percentages in 1901 are 81.5 for Males and 33.3 for Females.

It has already been stated that Females have been abstracted separately as “Unmarried” and “Married or Widowed.” Of the 99,631 Females over 10 Years of age engaged in Occupations, 76,838, or 77 per cent., are in the former category, and 22,793, or 23 per cent., in the latter. Laundry and Washing Service finds employment for 3,698 Married or Widowed Females; Dressmaking, Shirtmaking, Millinery, and Staymaking for 2,795; Tailoring for 2,479; and Domestic Indoor Service for 1,863. There are also 2,217 Charwomen Married or Widowed out of a total of 2,871.

The total number of Boys aged 10 and under 14 Years, in the Administrative County together with County Boroughs, is 30,183, and of these 2,708, equal to 9.0 per cent., are engaged in Occupations. Of the occupied Males between the ages of 10 and 14 Years, 2,345, or 86.6 per cent., are aged between 13 and 14; and 312, or 11.5 per cent., between 12 and 13; leaving only 51, or 1.9 per cent., under 12.

The total number of Girls aged from 10 to 14 is 30,382, and of these 1,291, equal to 4.2 per cent., are engaged in Occupations. Of the occupied Females between the ages of 10 and 14 Years, 1,202, or 93.1 per cent., are aged between 13 and 14; and 78, or 6.0 per cent., between 12 and 13; leaving only 11, or 0.9 per cent., under 12.

There are 868 Boys at these ages employed as Messengers, Porters, etc. (of whom 59 are in Government employ); 466 as Agricultural Labourers, Farm Servants; and 122 as Boot, Shoe, etc., Makers. Of the Girls at these ages, 584 find employment in Domestic Indoor Service; and 149 in Tobacco Manufacture.

The total number of Males returned as “Pensioned” or “Retired,” other than Army and Navy Officers, Clergymen, and members of the Medical Profession, is 6,848, being in the proportion of 3.3 per cent. to the number engaged in Occupations, as compared with 4,758, or 3.1 per cent., in 1891. The number of “Retired” Males enumerated in Work-

houses and Workhouse Infirmaries, who returned their previous Occupations, is 1,248, and those in Lunatic Asylums 810, making a total of 2,058. Of "Pensioned" or "Retired" Males, 4,169, or 60·9 per cent., are aged 65 Years and upwards, and 1,466, or 21·4 per cent., are between 55 and 65, leaving 1,213, or 17·7 per cent., under 55. (See note at head of Table 34.)

The total number of "Pensioned" or "Retired" Females is 2,284, being in the proportion of 2·3 per cent. to the number engaged in Occupations, as compared with 1,869, or 2·2 per cent., in 1891. The number in Workhouses and Workhouse Infirmaries is 519, and in Lunatic Asylums 499, making a total of 1,018. Of "Pensioned" or "Retired" Females, 1,266, or 55·4 per cent., are aged 65 Years and upwards, and 475, or 20·8 per cent., are between 55 and 65, leaving 543, or 23·8 per cent., under 55.

Of the whole number of Retired Females, 1,063 are Unmarried, and 1,221 are Married or Widowed.

It is noteworthy that, among the Retired Males, there were enumerated in Workhouse Establishments and Lunatic Asylums 498 of the 603 General Labourers; and 240 of the 394 Agricultural Labourers, Farm Servants, etc. Among the Retired Females, there were enumerated in these Institutions 415 of the 646 Domestic Indoor Servants; 139 of the 160 Charwomen; and 108 of the 225 Milliners, Dressmakers, Seamstresses, etc.

TABLE 35.

Table 35 sets forth the Occupations of the People by Sexes and in five groups of Ages for the Cities and County Boroughs of Bristol and Gloucester; for the Aggregate of the Urban Districts in the County, including County and Municipal Boroughs; and for the Aggregate of Rural Districts. The total population over 10 Years of age, of Unmarried and of Married or Widowed Females, and the number of each class engaged in Occupations are given separately.

IN URBAN
DISTRICTS.
TABLE 35A.

Table 35A is a new Table and is so constructed as to show for every Urban District with a population exceeding 5,000 the following Statistics:—(1) The total population, Male and Female, of an age to engage in Occupations, that is, over ten years; (2) The number who are retired or unoccupied; (3) The total number engaged in Occupations; (4) The number engaged in Occupations or groups of Occupations selected so as best to illustrate the prevailing Industries of the County; (5) The number of Children between ten and fourteen years of age engaged in Occupations; (6) The proportion per cent. of Children so engaged to the total Child population within those years; (7) The number of Unmarried Women and of Married or Widowed Women engaged in Occupations; (8) The proportion of Female Domestic Servants, not including those in Hotels, etc., to a hundred Separate Occupiers or Families.

The following figures, extracted from Table 35A, show for the Cities of Bristol and Gloucester, and the Borough of Cheltenham, certain details of Occupational Statistics directly bearing on the Social Life of the People:—

—	FEMALES AGED 10 YEARS AND UPWARDS.		Males aged 10 and under 14 Years. — Proportion per cent. Occupied.	Females aged 10 and under 14 Years. — Proportion per cent. Occupied.	Domestic Indoor Servants. — Proportion per cent. to Total number of Separate Occupiers or Families.
	Unmarried. — Proportion per cent. Occupied.	Married or Widowed. — Proportion per cent. Occupied.			
Bristol, City of (C.B.)	57·7	15·9	7·6	4·5	16·8
Cheltenham (M.B.)	55·5	18·3	4·4	2·0	38·8
Gloucester, City of (C.B.)	50·3	10·8	9·5	3·8	17·2

For similar details respecting other Municipal Boroughs or Urban Districts reference should be made to Table 35A.

Of the 634,729 persons enumerated in the Ancient County of Gloucester, 465,997 were born within the County; 14,735 were born in Wales and Monmouthshire, an increase since 1891 of 1,894; 12,226 in London, an increase of 953; 3,954 in Ireland, a decrease of 455; 3,503 in British Colonies or Dependencies, an increase of 370; and 2,848 in Scotland, an increase of 238.

BIRTHPLACES.
TABLE 36.

Persons of Foreign birth number 2,606, an increase of 252, and of these 1,167 were abstracted as British Subjects, 117 as Naturalised British Subjects, and 1,322 as Foreigners; a decrease, in the case of the last-named, of 390 since 1891. British Subjects and Naturalised British Subjects number together 1,284, and contrast with a total of 642 in 1891. This wide difference seems to be mainly due to the new instruction on the Census Schedule that persons born abroad should state whether they were British Subjects, Naturalised British Subjects, or Foreign Subjects. Greater accuracy has thus been secured, but the figures have less comparative value.

Of the 1,322 Foreigners, 783 are Males and 539 Females; there are thus to every 1,000 Males no more than 688 Females, which last figure contrasts with 1,137 in the general population of the County. Natives of Russia and Russian Poland have increased from 134 to 220 since the Census of 1891; while natives of Germany have decreased within the same period from 311 to 192; and of France from 244 to 169.

TABLE 38.

Deaf and Dumb persons, including 32 who are returned simply as Dumb, number 395. Of these 395 persons, 15 who are returned as Deaf and Dumb, and 5 as Dumb only, suffer from some other Infirmary also.

Lunatics number 1,940, including 16 afflicted with some other Infirmary; and the Imbecile or Feeble-minded 1,672, including 27 otherwise afflicted. The total of these classes is 3,612, against 2,634 in 1891. In comparing these figures, however, attention must be paid to the fact that the heading to the Infirmities Column of the Census Schedule was not uniform at the two Censuses. In 1891 the words adopted were, "Lunatic, Imbecile, or Idiot," and this expression might have led to more frequent concealment of cases of mental derangement than the form of words adopted for the recent Census when Occupiers were instructed to describe the afflicted person either under the title "Lunatic," or under that of "Imbecile, Feeble-minded." For this reason a calculation of the increase per cent. on the population would be misleading. It may be noted that of the 3,612 persons returned as mentally deranged, 2,812 were the inmates of Institutions, comprising 2,164 in Public and Private Lunatic Asylums, and 648 in Workhouses; the remaining 800 were residing with relatives or in unlicensed houses.

Of the 648 mentally deranged persons enumerated in Workhouses, 2 were returned as Lunatics and 646 as Imbecile or Feeble-minded; and of the 800 not enumerated in Institutions, 11 were returned as Lunatics and 789 as Imbecile or Feeble-minded.

COUNTY OF GLOUCESTER—continued.

TABLE 10.—RURAL DISTRICTS.—AREA ; HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—Bristol (320) is the only Registration District in the County of Gloucester which contains no Rural area ; while the Poor Law Unions and Registration Districts of Chipping Sodbury (322), Thornbury (323), Dursley (324), Wheatenhurst (328), Northleach (332), and Winchcomb (334), contain no Urban District.

Under the provisions of the Local Government Act, 1894, considerable changes were made in the constitution of Rural Districts. In Gloucestershire they comprise exclusively Parishes in the Poor Law Unions of the same names, except Campden, East Dean with United Parishes, Lydney, Marston Sicca, Pebworth, Warmley, and West Dean, which consist of Parishes in the Poor Law Unions of Shipston on Stour, Westbury on Severn, Chepstow, Stratford on Avon, Evesham, Keynsham, and Monmouth respectively. The extent of each Rural District may readily be seen in the Map preceding the Tables.

TABLE 11.—CIVIL PARISHES in the ADMINISTRATIVE COUNTY, and in each COUNTY BOROUGH.—INHABITED HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—The expression "Civil Parish" means "a place for which a separate Poor Rate is or can be made, or for which a separate Overseer is or can be appointed." The Parishes are arranged alphabetically, those having compound names being placed in the order indicated by the usual pronunciation of those names—thus Great Badminton will be found under the letter G and Lower Slaughter under the letter L. The Registration Districts of the County of Gloucester are all co-extensive with the Poor Law Unions or Parishes of the same names.

COUNTY OF GLOUCESTER—continued.

TABLE 12.—REGISTRATION COUNTY, DISTRICTS, and SUB-DISTRICTS, with their constituent CIVIL PARISHES.—
AREA; HOUSES and POPULATION 1891 and 1901, and SEPARATE OCCUPIERS 1901.

EXPLANATORY NOTES.

- (1.) The Registration Districts of the County of Gloucester are all co-extensive with the Poor Law Unions or Parishes of the same names.
- (2.) Where the name of the Registration County in which a Parish is situated differs from that of the Administrative County, the name of the latter is added in italics. The differences between the Registration County and the Administrative County are shown in Table 2.
- (3.) Parishes that are situated in a County Borough, Municipal Borough, or Urban District are distinguished by black type thus—**Bristol**.
- (4.) The places named in footnotes as being included in Civil Parishes are generally localities having no defined boundaries, such as hamlets, villages, etc.
- (5.) For particulars of existing detached parts of Civil Parishes see Table 13, and for changes in the boundaries of Civil Parishes effected by the Local Government Acts of 1888 and 1894, and by Local Acts since 1891, see Table 14. In all Districts and Sub-Districts marked + changes were made in boundaries between the Census of 1891 and that of 1901. Full particulars of the alterations have been published in the Registrar-General's Annual Reports.
- (6.) Revised areas of Civil Parishes have been furnished by the Ordnance Survey Department; for the area of the tidal water and foreshore comprised in Civil Parishes, see Table 15.

TABLE 18.—PERSONS enumerated in the REGISTRATION COUNTY on board SEA-GOING and COASTING MERCHANT VESSELS and on INLAND BARGES and BOATS, 1901.

NOTE.—Persons on board Vessels in Ports, Harbours, and Docks, including in certain cases hulks or other stationary vessels, were enumerated by Officers of His Majesty's Customs, and those on Barges, etc., on Canals or Navigable Rivers, not within the limits of a port, by the local Enumerators.

The persons thus enumerated are distributed among the general population of the Parishes contiguous to the waters in which the vessels were lying, with as much accuracy as the information obtained allows.

Fishermen at sea on the night of the Census, and not returning on 1st April, 1901, and persons on board vessels arriving in port later than that date, are not included.

* Changes were made in the boundaries of some of the Registration Districts during the intercensal period. In the Table the enumerated populations of every such District (except as stated in the following note †) for 1891 and 1901 are given, first for the District as constituted at the Census of 1891, and then for the District as constituted at each successive change. The dates from which the changed areas were adopted for tabulation of Births and Deaths are shown in the first column. In calculating the Increase or Decrease of Population (Col. 7) approximate allowance has been made for variations caused by changes of boundary. Owing to this method of calculation the increase of population shown in Column 7 differs fractionally from that derivable from the figures for the entire County in Table 1, and for the individual Registration Districts in Table 12, which relate to those areas as constituted at the time of the Census of 1901.

† On 1st January, 1899, the greater part of the population of Barton Regis District, together with parts of the Districts of Keynsham and Long Ashton in the Registration County of Somerset, was added to the District of Bristol, making that District co-terminous with the County Borough of the same name. For the purposes of this Table, the Populations, the Births and Deaths, and the figures derived therefrom for the County of Gloucester and for the Districts of Bristol and Barton Regis, are shown as if the change had not taken place until after the Census of 1901.

TABLE 29.—REGISTRATION COUNTY.—AGES of HUSBANDS and WIVES in COMBINATION; of HUSBANDS whose WIVES were ABSENT, of WIVES whose HUSBANDS were ABSENT, and of WIDOWERS and WIDOWS, 1901.

[illegible]

NOTE.—The Table read *vertically* shows the number of *Wives* at each age, with the ages of their Husbands: Thus 20 Wives, aged 21 and under 25 years, had Husbands aged 19; 72 had Husbands aged 20; 2,709 had Husbands aged 21 and under 25 years, and so on.
 Read *horizontally* the Table shows the number of *Husbands* at each age, with the ages of their Wives: Thus 38 Husbands, aged 21 and under 25 years, had Wives aged 19; 311 had Wives aged 20; 2,701 had Wives aged 21 and under 25 years, and so on.
 At all ages 101,283 Husbands and 105,288 Wives were enumerated as residing together on the night of the Census.
 There were also 5,093 Husbands whose Wives were absent (*i.e.*, the Wives were not returned on the same Schedules as their Husbands), making in all 110,301 Husbands enumerated; and 8,595 Wives whose Husbands were absent (*i.e.*, the Husbands were not returned on the same Schedules as their Wives), making in all 113,993 Wives enumerated.

TABLE 32.—OCCUPATIONS of MALES and FEMALES AGED 10 YEARS AND UPWARDS, in the ADMINISTRATIVE COUNTY (together with COUNTY BOROUGHs), distinguishing for FEMALES the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—In classifying the people by their occupations the following rules have been observed :—Persons returned as engaged in more than one occupation have been referred to the occupation which in each case appeared to be the most important ; or, if there was no difference in this respect, to the occupation first mentioned in the Return. Thus, a manufacturing trade has been selected in preference to a selling trade. A Clergyman who is also a Schoolmaster has been classed under the heading "Schoolmaster." Persons returned as "Pensioners" or as "Retired" from any specified profession or business (except Officers of the Army or Navy, Clergymen, and Medical Men) appear in this Table as simply "Pensioners" or "Retired" (see Order XXIII.), but are classified in Table 34 according to their former occupations. Inmates of Lunatic Asylums or of Workhouses, when returned as Insane and yet described by their former occupations, have—irrespective of age—been classed as "Retired." Other Inmates of Workhouses, unless aged 60 years or upwards, and Patients in Hospitals and Prisoners of all ages, have been classed under their stated occupations on the assumption that their ordinary work has been relinquished for a time only. Inmates of Workhouses aged 60 years and upwards, whose former occupations were returned, have been dealt with as "Retired."

The numbers given under any heading include Apprentices, Assistants, Workmen, and Labourers, as well as Masters, except where special headings are provided for subordinates. Messengers, Errand Boys, Porters, and Watchmen are, however, shown under a separate heading, and Clerks are classified as Civil Service Clerks, Bank Clerks, Railway Clerks, Insurance Clerks, or Commercial Clerks, according to the particular service in which they are engaged.

In some cases women and children, chiefly widows or orphans, carrying on the business of their husbands or fathers, are classed under Occupations commonly followed only by adult men.

In the list of Occupations the Male designations only are given for convenience, except where the occupations are exclusively followed by Females.

The figures in italics for Females, at the head of the Table and in the Tabular Note at the end, relate to the Married or Widowed.

COUNTY OF GLOUCESTER—continued.

TABLE 34.—FORMER OCCUPATIONS of "PENSIONERS" and "RETIRED" in the ADMINISTRATIVE COUNTY (together with COUNTY BOROUGH), distinguishing those enumerated in WORKHOUSES and LUNATIC ASYLUMS, and also, for FEMALES, the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—This Table is supplementary to Table 32, where the Pensioners and the Retired are shown simply as such without regard to their former Occupations. Inmates of Lunatic Asylums, or of Workhouses, when described as Insane and as having formerly followed some occupation, have been classed as "Retired," irrespective of age; also other formerly occupied Inmates of Workhouses if aged 60 years or upwards. Patients in Hospitals and Prisoners of all ages, on the assumption that their ordinary work has been relinquished for a time only, have not been dealt with as "Retired." No Officers in the Army or Navy, Clergymen of the Established Church, or members of the Medical Profession, are included in the "Retired."

Of the foregoing, 1 Male and 3 Females were returned in 1901 as Persons suffering from Combined Infirmities "from Childhood."																		

* The figures given for 1891 relate to the County of Gloucester as then constituted for Registration purposes, while those for 1901 relate to the Administrative County, together with County Boroughs. The differences in the constitution of the two areas should be borne in mind in dealing with these figures—see Table 2.

† Of the 395 persons in 1901 classified in the Table as Deaf and Dumb, 20 Males and 12 Females, respectively, were returned simply as "Dumb," as were also 14 Males and 7 Females classified as Deaf and Dumb from Childhood. The figures regarding the Deaf and Dumb from Childhood are based on the descriptions given in the Schedules, and must be regarded as incomplete.

‡ The Census Schedule did not require persons who were Deaf without being Dumb to mention the fact of their Deafness, and therefore the figures given for the "Deaf" cannot be regarded as complete.

§ In 1891 the heading of the Census Schedule was "Lunatic, Imbecile or Idiot," and the persons so returned were eventually classed as "Mentally Deranged." In 1901 the heading of the Schedule provided for two categories of the Mentally Deranged, viz., "Lunatic" and "Imbecile, Feeble-minded," and in drawing comparisons from the figures for the two Censuses, allowance should be made for these differences. The figures for 1891 for the new sub-divisions of Mentally Deranged cannot therefore be given. Total "Lunatic, Imbecile, and Feeble-minded," 1901:—3,612 Persons, 1,617 Males, 1,995 Females. Total "Mentally Deranged," 1891:—2,634 Persons, 1,153 Males, 1,481 Females.

|| Of these the following persons were returned as under:—

NOTE.—The numbers of persons returned in each County Borough as suffering from one or other Infirmity mainly depend on the presence or absence of Institutions in which many of such persons were resident. Thus, of the 373 Blind, and 217 Deaf and Dumb in Bristol, 84 and 79 respectively were resident in Institutions devoted to persons afflicted with those Infirmities, while of the 1,600 Lunatic and Imbecile or Feeble-minded, 1,302 were enumerated in Institutions for the reception of the Mentally Afflicted.

* These figures include 20 Males and 12 Females returned simply as "Dumb."
† These persons are also included in the Totals of the several Infirmities from which they suffer. Those so afflicted "from Childhood" numbered 4.

CENSUS OF 1901.

COUNTY OF HANTS (SOUTHAMPTON).

SUMMARY OF THE CENSUS RESULTS.

The Ancient or Geographical County of Hants (including the Isle of Wight) contains, according to revised returns furnished by His Majesty's Ordnance Survey Department, an area of 1,039,031 statute acres. Its population numbers 797,634 persons. In 1801 the population was 219,290; it has, therefore, increased during the Century considerably more than three-fold.

AREA AND
POPULATION.
TABLES 1, 2,
AND 3.

The Administrative Counties of Southampton (together with 3 County Boroughs) and the Isle of Wight, contain an area of 1,052,810 statute acres; and a population of 799,582, against 692,055 in 1891, an increase of 15·5 per cent. The number of Inhabited Houses is 156,667, against 130,398 in 1891, an increase of 20·1 per cent.; of uninhabited houses the number is 10,473, against 10,552 in 1891, a decrease of 0·7 per cent.; and of houses building, 1,630, against 1,008 in 1891, an increase of 61·7 per cent. Of the 10,473 uninhabited houses, 4,405 are "In Occupation," that is, utilised for business or other purposes, but without inmates on Census night.

The Registration County of Hants (including the Isle of Wight) contains an area of 1,048,632 statute acres, and a population of 768,608. The differences between the Ancient, the Administrative, and the Registration County are set forth in Table 2. The respective boundaries of the Administrative and of the Registration County are delineated on the Map attached.

Where comparative figures are quoted, those for 1891 relate to areas as constituted in 1901, unless otherwise stated.

The Ancient County of Hants (including the Isle of Wight) is divided for Parliamentary purposes into 10 Constituencies—6 Divisions of the County and 4 Boroughs. The Parliamentary Boroughs of Christchurch and Winchester each return one Member, while those of Portsmouth and Southampton are undivided Constituencies each returning two Members.

TARY CON-
STITUENCIES.
TABLE 4.

There are 411 Ecclesiastical Parishes or Districts situated wholly or partly within the Ancient County of Hants (including the Isle of Wight). Of these 411 Parishes, or parts of Parishes, 407, with an aggregate population of 796,631 are within the Diocese of Winchester; 2 (1 entire and 1 part), with a population of 452, in that of Oxford; and 2 parts of Parishes, with a population of 551, in that of Salisbury.

ECCLESIASTI-
CAL PARISHES.
TABLE 5.

The Administrative County of Southampton contains a population of 377,204, and the 3 County Boroughs a population of 339,960, the aggregate population thus amounting to 717,164. The increase in the Administrative County since 1891, apart from the County Boroughs, is 43,010, or 12·9 per cent.; in the County Boroughs it is 60,771, or 21·8 per cent.; and in the total population 103,781, or 16·9 per cent. The Administrative County of the Isle of Wight contains a population of 82,418, the increase since 1891 being 3,746, or 4·8 per cent.

ADMINISTRA-
TIVE COUNTIES
AND COUNTY
BOROUGHES.
TABLE 6.

The Administrative Counties of Southampton and the Isle of Wight together have one Court of Quarter Sessions. They are divided into 14 Petty Sessional Divisions, of which the Isle of Wight, exclusive of the Boroughs of Newport and Ryde, forms one. Ten Municipal Boroughs have separate Commissions of the Peace, and 5 of these (including the 3 County Boroughs) have also separate Courts of Quarter Sessions.

AGGREGATES
OF URBAN
AND RURAL
DISTRICTS.
TABLE 8.

The total population of Urban Districts (including County and Municipal Boroughs) in the Administrative Counties of Southampton and the Isle of Wight amounts to 573,671, and that of Rural Districts to 225,911. The population of the Urban Districts has increased by 95,399, or 19·9 per cent., since 1891, and that of the Rural Districts by 12,128, or 5·7 per cent.

COUNTY
BOROUGH,
MUNICIPAL
BOROUGH,
AND OTHER
URBAN
DISTRICTS.
TABLE 9.

The Administrative Counties contain 3 County Boroughs, 8 Municipal Boroughs, and 18 other Urban Districts. The following Table shows the increase of population since 1891 in each Borough and in each Urban District of which the population exceeds 20,000, as constituted on the Census day :—

	POPULATION.		Increase per cent.		POPULATION.		Increase per cent.
	1891.	1901.			1891.	1901.	
Southampton (C.B.) ...	82,126	104,824	27·6	Portsmouth (C.B.) ...	159,278	188,133	18·1
Bournemouth (C.B.) ...	37,785	47,003	24·4	Gosport and Alverstoke (U.D.)	25,454	28,884	13·5
Aldershot (U.D.) ...	25,595	30,974	21·0	Winchester, City of (M.B.)	20,563	20,929	1·8

All the Urban Districts have increased in population during the intercensal period except the Borough of Lymington and the Urban District of Ventnor, in which small decreases in population have occurred.

RURAL
DISTRICTS.
TABLE 10.

Within the two Administrative Counties there are 23 Rural Districts, containing an aggregate population of 225,911, which represents 28·3 per cent. of the entire population.

CIVIL
PARISHES.
TABLE 11.

The number of Civil Parishes within the two Administrative Counties is 384, and in the County Boroughs 10.

REGISTRATION
DISTRICTS.
TABLE 12.

The Registration County of Hants (including the Isle of Wight) contains a population of 768,608, and is divided into 25 Registration Districts, and these are again sub-divided into 59 Sub-Districts. In Table 12, besides comparative figures of houses and of population in 1891 and 1901, a column is given to show the number of Families or Separate Occupiers in each Registration District and Sub-District, and Civil Parish. These amount to 166,698, giving an average of 4·6 persons to a family. It may here be stated, though the figures are not presented in Tabular form, that the population of Hants (including the Isle of Wight), as shown in the Tables, includes a total of 927 persons—500 Males and 427 Females—who were enumerated as having passed the night of the Census in Barns, Sheds, Caravans, etc.

TENEMENTS.
TABLE 19.

The total number of separate Tenements in the Administrative Counties of Southampton (together with County Boroughs) and the Isle of Wight, which had been 142,624 in 1891, rose to 170,436 in 1901, the increase being equal to 19·5 per cent. Of this total the Tenements containing five or more rooms increased from 97,708 to 124,932, equal to 27·9 per cent., while those with less than five rooms only increased from 44,916 to 45,504, or 1·3 per cent. Stated in another way, the Tenements with five or more rooms were equal to 68·5 per cent. of the Total Tenements in 1891, and increased to 73·3 per cent. at the recent Census, while the percentage of the Tenements with less than five rooms declined from 31·5 to 26·7. A considerable decrease is shown in the number of Tenements in which more than two people per room were enumerated. Thus the number of one-roomed Tenements, each containing more than two persons, decreased from 468 to 411; the number of two-roomed Tenements, each containing more than four persons, from 582 to 458; the number of three-roomed Tenements, each containing more than six persons, from 636 to 412; and the number of four-roomed Tenements, each containing more than eight persons, from 893 to 618.

In the aggregate of Urban Districts, in the two Administrative Counties, the proportion of Tenements with less than five rooms to the total number of Tenements is 24·7 per cent., and in the aggregate of Rural Districts, it is 31·5 per cent.

The following Table gives particulars concerning Tenements separately for the Administrative County of Southampton (together with County Boroughs), and for the Administrative County of the Isle of Wight:—

	ADMINISTRATIVE COUNTY OF SOUTHAMPTON, TOGETHER WITH COUNTY BOROUGH.	ADMINISTRATIVE COUNTY OF THE ISLE OF WIGHT.
Total Tenements	151,982	18,454
No. of Tenements containing Five or more Rooms	109,920	15,012
Percentage to Total Tenements	72·3	81·3
No. of Tenements of less than Five Rooms ...	42,062	3,442
Percentage to Total Tenements	27·7	18·7
No. of 1-roomed Tenements, each containing more than two persons	405	6
No. of 2-roomed Tenements, each containing more than four persons	444	14
No. of 3-roomed Tenements, each containing more than six persons	383	29
No. of 4-roomed Tenements, each containing more than eight persons	573	45
Percentage of Tenements with less than Five Rooms to Total Tenements in aggregate of Urban Districts	25·8	15·0
Percentage of Tenements with less than Five Rooms to Total Tenements in aggregate of Rural Districts	32·2	26·2

The proportion of Tenements with less than five Rooms, which averages 26·7 per cent. in the two Administrative Counties, ranges from 23·0 in Gosport and Alverstoke, 24·7 in Winchester, 25·5 in Bournemouth and in Portsmouth, and 27·6 in Southampton, to 43·0 in Aldershot.

TENEMENTS
IN URBAN
DISTRICTS.
TABLE 20.

Table 22 shows the increase or decrease of population in the Registration County and Registration Districts as compared with the difference between registered Births and Deaths: the Table has been extended by the addition of a column showing the balance of change which must be ascribed to Migration. The increase of population in the Registration County since 1891, as calculated for the purposes of this Table (see footnote thereto) amounts to 102,153, and the excess of Births over Deaths to 72,057. It follows that the County has made a net gain by Migration of 30,096 persons. The Registration Districts where the gain by migration is most pronounced are (a) South Stoneham (including Eastleigh and part of Southampton), in which the increase of population is 29,751, made up of an excess of Births over Deaths of 9,302, and a gain by Migration of 20,449; (b) Portsmouth, in which the increase in population is 28,855, made up of an excess of Births over Deaths of 17,486, and a gain by Migration of 11,369; and (c) Christchurch (including the County Borough of Bournemouth), in which the increase in population is 14,751, made up of an excess of Births over Deaths of 4,341, and a gain by Migration of 10,410.

MARRIAGES,
BIRTHS,
DEATHS, AND
MIGRATION.
TABLE 22.

The Females enumerated in the two Administrative Counties (together with County Boroughs), exceed the Males by 21,346; there are thus 1,055 Females to every 1,000 Males. The number of children of school age (three and under fourteen years) is 178,458, of whom 89,117 are boys and 89,341 girls. It is to be observed, however, that the attendance at school of children under five is not compulsory. The number of children aged five and under fourteen years is 144,769, of whom 72,207 are boys and 72,562 girls.

SEXES AND
AGES IN THE
ADMINISTRATIVE
COUNTIES
TOGETHER
WITH THE
COUNTY
BOROUGH.
TABLE 23.

The number of persons 65 years of age and upwards is 44,259, and of these 19,656 are Males and 24,603 Females. Of the 4 persons who claim to be 100 years or upwards 3 are Females. The proportion of persons aged 65 years and upwards enumerated in

Rural Districts is 7·0 per cent. of the total Rural population, while in the Urban Districts the proportion is 5·0 per cent. of the total Urban population.

CONDITION AS
TO MARRIAGE.
TABLE 27.

Of the Males enumerated in the Administrative Counties and County Boroughs, 240,524 are Unmarried, 135,628 are Married, and 12,966 are Widowed. Of the Females, 237,370 are Unmarried, 141,163 are Married, and 31,931 are Widowed.

The following Table shows the percentages for the Registration County in 1891 and in 1901.

Condition as to Marriage.	MALES.				FEMALES.			
	To 100. at All Ages.		To 100 at Twenty years and upwards...		To 100 at All Ages.		To 100 at Twenty years and upwards.	
	1891.	1901.	1891.	1901.	1891.	1901.	1891.	1901.
Unmarried	62·7	61·1	31·4	32·4	59·3	57·9	29·9	31·2
Married	33·9	35·5	62·3	61·6	32·9	34·3	56·7	56·0
Widowed	3·4	3·4	6·3	6·0	7·8	7·8	13·4	12·8

It may be noted from the figures that the proportions of the Married to the population at all ages is now higher than it was in 1891, owing to the decrease in the proportion of children through the decline in the birth-rate. The proportion of the Married, however, if calculated on the population twenty years and upwards, is lower than it was ten years ago, among both Males and Females.

AGES OF
HUSBANDS
AND WIVES IN
COMBINATION.
TABLE 29.

Table 29 shows the ages of both Husbands and Wives in Combination. In 121,065 cases in the Registration County both the Husband and the Wife were enumerated in the same schedule, and were therefore presumably living together; in addition there are 9,998 Husbands whose Wives were absent—that is, were not enumerated in the same schedule—and 15,876 Wives whose Husbands were absent on the Census night.

WORKHOUSES.
TABLE 30.

Pauper inmates of Workhouse Establishments in the Registration County number 5,097 persons at all ages, of whom 2,980 are Males and 2,117 Females. These represent approximately 0·66 per cent. of the general population, against 0·69 in 1891; but at advanced ages the proportion is far higher. At 55 years and upwards the proportion per cent. of the population of the same age in Workhouse Establishments is 2·8, and at 65 years and upwards 4·3 per cent.

PRISONS.
TABLE 31.

Prisoners in Local and Convict Prisons in the Registration County number 1,215, against 1,824 in 1891, the decrease being due to the closing during the intercensal period of the Convict Prison at Portsmouth. Of these 1,215 Persons, 1,154 are Males and 61 Females. Their ages and civil conditions are shown in Table 31.

OCCUPATIONS.
TABLE 32.

The Tables dealing with the Occupations of the people have been extended and elaborated. Table 32 contains a list of 379 occupations, and shows for the two Administrative Counties (together with the County Boroughs) the number of Males and Females employed in each. In this and succeeding Tables, Females are separately given as Unmarried and Married or Widowed. A tabular note furnishes information as to ages and other occupational details for industries of special importance in the County.

The following figures give a summary view of the Occupational statistics:

showing the proportions of Males and Females, over 10 Years of age, engaged in each Order, and also the proportions Unoccupied:—

Certain changes in the method of classification and in the mode of filling up the Schedules, resulting in greater accuracy of definition of employment, affect the numbers in many occupational headings for the purpose of comparison with the results of the Census taken in 1891. The following have, however, been selected, and in some cases thrown into groups, for comparison, so as to illustrate the progression or retrogression of some of the leading industries of the County. Figures showing the total population over 10 Years of age by sexes, with rate per cent. of increase, head the Table, so as to afford a ready means of comparing the distribution and occupational movement of the people in various industries with the growth of population between the two Censuses. The figures for 1901 in the following Table relate to the Registration County of Hants to secure approximate accuracy of comparison with those for 1891. They are consequently not identical with the figures given in Table 32, which relate to the Administrative Counties, together with the County Boroughs.

In 1891 the percentage of the total population aged 10 Years and upwards engaged in occupations in the Registration County was, in the case of Males 79·6, in the case of Females 30·6; and in 1901 the percentages are 80·8 and 28·8 respectively. In the Administrative Counties and County Boroughs the rates are 81·5 for Males and 28·7 for Females.

It has already been stated that Females have been abstracted separately as "Unmarried" and "Married or Widowed." Of the 94,206 Females over 10 Years of age engaged in occupations in the Administrative Counties and County Boroughs, 74,561, or 79 per cent., are in the former category, and 19,645, or 21 per cent., in the latter. Laundry and Washing Service finds employment for 4,396 Married or Widowed Females; Domestic Indoor Service for 2,977; and Dressmaking, Shirtmaking, Millinery, and Staymaking for 2,790. There are also 1,487 Charwomen Married or Widowed out of a total of 1,902.

OCCUPATIONS
OF CHILDREN
AGED 10 AND
UNDER 14
YEARS.
TABLE 33.

The total number of Boys aged 10 and under 14 Years is 31,784, and of these 2,489, equal to 7·8 per cent., are engaged in Occupations. Of the occupied Males between the ages of 10 and 14 Years, 2,195, or 88·2 per cent., are aged between 13 and 14; and 257, or 10·3 per cent., between 12 and 13; leaving 37, or 1·5 per cent., under 12.

The total number of Girls aged from 10 to 14 is 31,947, and of these 785, equal to 2·5 per cent., are engaged in Occupations. Of the occupied Females between the ages of 10 and 14 years, 710, or 90·5 per cent., are aged between 13 and 14; 60, or 7·6 per cent., between 12 and 13; while 15, or 1·9 per cent., are under 12.

Domestic Indoor Service finds employment for 133 Boys and 603 Girls under the age of 14 Years; 1,085 Boys are Messengers, Porters, etc. (of whom 99 are in Government employ), and 386 are Agricultural Labourers, Farm Servants; while 66 Girls are engaged in Millinery, Dressmaking, and Shirtmaking.

OCCUPATIONS
OF "PEN-
SIONERS AND
RETIRED."
TABLE 34.

The total number of Males returned as "Pensioned" or "Retired," other than Army and Navy Officers, Clergymen, and members of the Medical Profession, is 11,609, being in the proportion of 4·6 per cent. to the number engaged in Occupations, as compared with 8,561, or 4·4 per cent., in 1891. Of the total for 1901, 2,213 were formerly men of the Royal Navy and Marines. The number of "Retired" Males enumerated in Workhouses and Workhouse Infirmarys who returned their previous Occupations is 1,461, and those in Lunatic Asylums 812, making a total of 2,273. Of "Pensioned" or "Retired" Males, 6,115, or 52·7 per cent., are aged 65 Years and upwards, and 3,069, or 26·4 per cent., are between 55 and 65, while 2,425, or 20·9 per cent., are under 55 years of age. (See note at head of Table 34.)

The total number of "Pensioned" or "Retired" Females is 1,909, being in the proportion of 2·0 per cent. to the number engaged in Occupations, as compared with 1,560, or 1·9 per cent., in 1891. The number in Workhouses and Workhouse Infirmarys is 449, and in Lunatic Asylums 397, making a total of 846. Of "Pensioned" or "Retired" Females, 992, being 52·0 per cent., are aged 65 Years and upwards, and 415, or 21·7 per cent., are between 55 and 65, leaving 502, or 26·3 per cent. under 55.

Of the whole number of Retired Females, 889 are Unmarried, and 1,020 are Married or Widowed.

It is noteworthy that, among the Retired Males, there were enumerated in Workhouse Establishments and Lunatic Asylums 525 of the 609 General Labourers, and 391 of the 526 Agricultural Labourers, Farm Servants. Among the Retired Females, there were enumerated in these institutions 429 of the 613 Domestic Indoor Servants, 117 of the 229 Milliners, Dressmakers, Seamstresses, and 100 of the 105 Charwomen.

Table 35 sets forth the Occupations of the People by Sexes and in five groups of Ages for each of the County Boroughs of Bournemouth, Portsmouth, and Southampton; for the Aggregate of the Urban Districts (including County and Municipal Boroughs); and for the Aggregate of Rural Districts. The total population, over 10 Years of age, of Unmarried and of Married or Widowed Females, and the number of each class engaged in Occupations are given separately.

TABLE 35.

Table 35A is a new Table and is so constructed as to show for every Urban District with a population exceeding 5,000 the following Statistics:—(1.) The total population, Male and Female, of an age to engage in Occupations, that is, over ten years; (2.) The number who are retired or unoccupied; (3.) The total number engaged in Occupations; (4.) The number engaged in Occupations or groups of Occupations selected so as best to illustrate the prevailing Industries of the County; (5.) The number of Children between ten and fourteen years of age engaged in Occupations; (6.) The proportion per cent. of Children so engaged to the total Child Population within those years; (7.) The number of Unmarried Women and of Married or Widowed Women engaged in Occupations; (8.) The proportion of Female Domestic Servants—not including those in Hotels, etc.—to a hundred Separate Occupiers or Families.

TABLE 35A.

The following figures, extracted from Table 35A, show, for each Borough and Urban District of which the population exceeds 20,000, certain details of Occupational Statistics directly bearing on the Social Life of the People:—

	FEMALES AGED 10 YEARS AND UPWARDS.		Males aged 10 and under 14 Years.	Females aged 10 and under 14 Years.	Domestic Indoor Servants.
	Unmarried. Proportion per cent. Occupied.	Married or Widowed. Proportion per cent. Occupied.			Proportion per cent. to Total number of Separate Occupiers or Families.

For similar details for other Municipal Boroughs and Urban Districts reference should be made to Table 35A.

Of the 797,634 persons enumerated in the Ancient County of Hants (including the Isle of Wight), 497,951 were born within the County; 46,290 were born in London, an increase of 9,174 since 1891; 13,430 were born in Ireland, an increase of 1,582; 9,973 in Scotland, an increase of 2,730; 9,556 in British Colonies or Dependencies, an increase of 2,117; and 5,833 in Wales and Monmouthshire, an increase of 1,898.

BIRTHPLACES.
TABLE 36.

Persons of Foreign birth, including those enumerated on vessels in port on Census night, number 5,861, an increase of 1,772, and of these 2,241 were abstracted as British Subjects, 255 as Naturalised British Subjects, and 3,365 as Foreigners; an increase in the case of the last-named of 411 since 1891. British Subjects and Naturalised British Subjects number together 2,496, and contrast with a total of 1,135 in 1891. This wide difference seems to be mainly due to the new instruction on the Census

Schedule that persons born abroad should state whether they were British Subjects, Naturalised British Subjects, or Foreign Subjects. Greater accuracy has thus been secured, but the figures have less value for comparison with those in 1891.

COUNTRY OF
BIRTH OF
FOREIGNERS.
TABLE 37.

Of the 3,365 Foreigners, 2,068 are Males and 1,297 Females; there are thus to every 1,000 Males no more than 627 Females, which last figure contrasts with 1,055 in the general population of the County. Natives of Germany and of France number respectively 593 and 589, and closely correspond with the numbers enumerated in 1891; while the natives of Italy have increased from 244 in 1891 to 478 in 1901.

THE BLIND,
THE DEAF AND
DUMB, THE
DEAF, AND
THE INSANE.
TABLE 38.

The number of persons returned as Blind is 642, and of these 29 also suffer from some other Infirmary. The former figure compares with 549 in 1891.

Deaf and Dumb persons, including 45 who are returned simply as Dumb, number 292 against 233 in 1891. Of these 292 persons, 19 who are returned as Deaf and Dumb, and 15 as Dumb only, also suffer from some other Infirmary.

Lunatics number 2,186, including 25 also afflicted with some other Infirmary; and the Imbecile and Feeble-minded 1,360, including 30 otherwise afflicted. The total of these classes is 3,544, against 2,346 in 1891. In comparing these figures, however, attention must be paid to the fact that the heading to the Infirmities Column of the Census Schedule was not uniform at the two Censuses. In 1891 the words adopted were, "Lunatic, Imbecile or Idiot," and this expression might have led to more frequent concealment of cases of mental derangement than the form of words adopted for the recent Census, when Occupiers were instructed to describe the afflicted person either under the title of "Lunatic," or under that of "Imbecile, Feeble-minded." For these reasons a calculation of the increase per cent. on the population would be misleading. It may be noted that, of the 3,544 persons returned as mentally deranged, 2,810 were inmates of Institutions, including 2,118 in Public and Private Lunatic Asylums, 496 in Workhouses, 109 in Parkhurst Prison, 81 in Netley Hospital, and 6 in other Institutions; the remaining 734 were residing with relatives or in unlicensed houses.

Of the 496 mentally deranged persons enumerated in Workhouses, 49 were returned as Lunatics and 447 as Imbecile or Feeble-minded; and of the 734 not enumerated in Institutions, 28 were returned as Lunatics, and 706 as Imbecile or Feeble-minded.

NOTE.—The expression "Civil Parish" means "a place for which a separate Poor Rate is or can be made or for which a separate Overseer is or can be appointed." The Parishes are arranged alphabetically, those having compound names being placed in the order indicated by the usual pronunciation of those names: thus, Little Somborne will be found under the letter L and North Baddesley under the letter N. The Registration Districts of the County of Hants are co-extensive with the Poor Law Parishes or Unions of the same names with the exception of Winchester (No. 101) which comprises the Poor Law Unions of Winchester and Hursley.

COUNTY OF **HANTS**—*continued.*TABLE 12.—REGISTRATION COUNTY, DISTRICTS and SUB-DISTRICTS, with their constituent CIVIL PARISHES.—
AREA; HOUSES and POPULATION 1891 and 1901, and SEPARATE OCCUPIERS 1901.

EXPLANATORY NOTES.

(1.) The Registration Districts of the County of Hants are co-extensive with the Poor Law Unions or Parishes of the same names, with the exception of Winchester, No. 101, which comprises the Poor Law Unions of Hursley and Winchester.

(2.) The names of County Boroughs are stated after the names of the Parishes situated therein. The differences between the Registration and Administrative Counties are shown in Table 2.

(3.) Parishes that are situated in a County Borough, Municipal Borough, or Urban District are distinguished by black type thus—**Havant**.

(4.) The places named in footnotes as being included in Civil Parishes are generally localities having no defined boundaries, such as hamlets, villages, etc.

(5.) For particulars of existing detached parts of Civil Parishes see Table 13, and for changes in the boundaries of Civil Parishes effected by the Local Government Acts of 1888 and 1894, and by Local Acts since 1891, see Table 14. In all Districts and Sub-Districts marked + changes were made in boundaries between the Census of 1891 and that of 1901. Full particulars of the alterations have been published in the Registrar-General's Annual Reports.

(6.) Revised areas of Civil Parishes have been furnished by the Ordnance Survey Department; for the area of the tidal water and foreshore comprised in Civil Parishes see Table 15.

* A considerable proportion of the population of St. Lawrence Civil Parish was enumerated in the Royal National Hospital for Consumption, see Table 17.

† A considerable proportion of the population of Freshwater Civil Parish was enumerated in Forts, see Table 16.

‡ By Local Government Board Provisional Order, No. 1700, which came into operation on 9th November, 1901, Bournemouth County Borough was extended to include Pokesdown, Winton, and parts of Holdenhurst and Southbourne Civil Parishes; the added part of Holdenhurst was transferred partly to Bournemouth Civil Parish, and partly to Southbourne Civil Parish; and the part of Southbourne Civil Parish not included in the Borough was amalgamated with Highcliffe Civil Parish. The Civil Parishes, as thus altered, contained, at the date of the Census:—

TABLE 18.—PERSONS enumerated in the REGISTRATION COUNTY on board SEA-GOING and COASTING MERCHANT VESSELS and on INLAND BARGES and BOATS, 1901.

NOTE.—Persons on board Vessels in Ports, Harbours, and Docks, including in certain cases hulks or other stationary vessels were enumerated by Officers of His Majesty's Customs ; and those on Barges, etc., on Canals or Navigable Rivers, not within the limits of a port, by the local Enumerators.
The persons thus enumerated are distributed among the general population of the Parishes contiguous to the waters in which the vessels were lying, with as much accuracy as the information obtained allows.
Fishermen at sea on the night of the Census, and not returning on 1st April, 1901, and persons on board vessels arriving in port later than that date, are not included.

NOTE.—The Table is to be read as follows :—Of the 170,436 tenements enumerated in Hampshire in 1901, 45,504 were tenements of less than five rooms, and of these 3,949 were tenements of one room, 9,235 of two rooms, etc.; and of the 3,949 tenements of one room, 2,584 were occupied by one person each, 954 by two persons each, etc. Tables 20 and 21 are to be read in a similar manner.

* In 1891 the Tenements were abstracted for Registration Hampshire; in order to make the figures for that area comparable with those for the Administrative Counties together with County Boroughs in the aggregate in 1901 it has been necessary to make approximate adjustments.

TABLE 22.—AGGREGATE NUMBERS of MARRIAGES, BIRTHS, and DEATHS registered in each REGISTRATION DISTRICT during the INTERCENSAL PERIOD 1891—1901; INCREASE or DECREASE of POPULATION compared with DIFFERENCE between BIRTHS and DEATHS.

NOTE.—No correction is made in this Table for Deaths occurring in Public Institutions, which in some cases are sufficiently numerous to detract from the value of the comparison between the increase of Population and the excess of Births over Deaths.

* Changes were made in the boundaries of some of the Registration Districts during the intercensal period. In the Table the enumerated populations of every such District for 1891 and 1901 are given, first for the District as constituted at the Census of 1891, and then for the District as constituted by each successive change. The dates from which the changed areas were adopted for tabulation of Births and Deaths are shown in the first column. In calculating the Increase or Decrease of Population (Col. 7) approximate allowance has been made for variations caused by changes of boundary. Owing to this method of calculation, the Increase of Population shown in Column 7 differs fractionally from that derivable from the figures for the Entire County in Table 1 and for the individual Registration Districts in Table 12, which relate to those areas as constituted at the time of the Census of 1901.

TABLE 29.—REGISTRATION COUNTY (including the ISLE OF WIGHT).—AGES of HUSBANDS and WIVES in COMBINATION; of HUSBANDS whose WIVES were ABSENT, of WIVES whose HUSBANDS were ABSENT, and of WIDOWERS and WIDOWS, 1901.

[illegible]

* The four married Males, three aged 46 and one aged 17, who were not resident with their Wives, were Indian Seamen. None. — The Table read *vertically*, shows the number of *Wives* at each age, with the ages of their Husbands: Thus 11 Wives aged 21 and under 25 years, had Husbands aged 19; 57 had Husbands aged 20; 2,975 had Husbands aged 21 and under 25 years, and so on.

Read *horizontally* the Table shows the number of *Husbands* at each age, with the ages of their Wives: Thus 48 Husbands aged 21 and under 25 years, had Wives aged 18; 132 had Wives aged 19; 311 had Wives aged 20; 2,275 had Wives aged 21 and under 25 years, and so on.

At all ages 121,065 Husbands and 121,065 Wives were enumerated as residing together on the night of the Census. There were also 9,993 Husbands whose Wives were absent (—), the Wives were not returned on the same Schedule as their Husbands, making in all 131,063 Husbands enumerated; and 15,876 Wives whose Husbands were absent (—), the Husbands were not returned on the same Schedule as their Wives), making in all 136,941 Wives enumerated.

TABLE 32.—OCCUPATIONS OF MALES and FEMALES AGED 10 YEARS AND UPWARDS, in the ADMINISTRATIVE COUNTIES OF SOUTHAMPTON (together with 3 COUNTY BOROUGHs) and the ISLE OF WIGHT, distinguishing for FEMALES the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—In classifying the people by their Occupations the following rules have been observed:—Persons returned as engaged in more than one occupation have been referred to the occupation which in each case appears to be the most important, or, if there was no difference in this respect, to the occupation first mentioned in the Return. Thus, manufacturing trade has been selected over agriculture or milling trade. A Clergman who is a Schoolmaster has been entered under the heading "Schoolmaster." Persons returned as "Pensioners" or as "Retired" from a specified occupation have been entered under the heading "Retired," unless they are "Pensioners" or "Retired" as "Retired" and "Pensioners" or "Retired" (see Order XXIII.), but are classified in Table 34 according to their former occupations. Inmates of Lunatic Asylums or of Workhouses, when returned as Insane and yet described by their former occupations, have—irrespective of age—been classed as "Retired." Other Inmates of Workhouses, unless aged 60 years or upwards, and Patients in Hospitals and Prisoners of all ages, have been classed under their stated occupations on the assumption that their ordinary work has been relinquished for a time only. Inmates of Workhouses aged 60 years and upwards, whose former occupations were returned, have been dealt with as "Retired."

The numbers given under any heading include Apprentices, Assistants, Workmen, and Labourers, as well as Masters, except where special headings are provided for subordinates. Messengers, Errand Boys, Porters, and Watchmen are, however, shown under a separate heading, and Clerks are classified as Civil Service Clerks, Bank Clerks, Railway Clerks, Insurance Clerks, or Commercial Clerks, according to the particular service in which they are engaged.

In some cases women and children, chiefly widows or orphans, carrying on the business of their husbands or fathers, are classed under Occupations commonly followed only by adult men.

In the list of Occupations the Male designations only are given for convenience, except where the occupations are exclusively followed by Females.

The figures in italics for Females, at the head of the Table and in the Tabular Note at the end, relate to the Married or Widowed.

TABLE 34.—FORMER OCCUPATIONS of “PENSIONERS” and “RETIRED” in the ADMINIS-
TRATIVE COUNTIES of SOUTHAMPTON (together with 3 COUNTY BOROUGHs) and the
ISLE OF WIGHT, distinguishing those enumerated in WORKHOUSES and LUNATIC ASYLUMS, and
also, for FEMALES, the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—This Table is supplementary to Table 32, where the Pensioners and the Retired are shown simply as such without regard to their
former Occupations. Inmates of Lunatic Asylums, or of Workhouses, when described as Insane and as having formerly followed some
occupation, have been classed as “Retired,” irrespective of age; also other formerly occupied Inmates of Workhouses if aged 60 years or
upwards. Patients in Hospitals and Prisoners of all ages, on the assumption that their ordinary work has been relinquished for a time only,
have not been dealt with as “Retired.” No Officers in the Army or Navy, Clergymen of the Established Church, or members of the Medical
Profession, are included in the “Retired.”

Of the foregoing, 14 Males and 5 Females were returned in 1901 as Persons suffering from Combined InfirmitieS " from Childhood."																		

* The figures given for 1891 relate to the County of Hants as then constituted for Registration purposes, while those for 1901 relate to the aggregates of the Administrative Counties of Southampton (together with County Boroughs) and the Isle of Wight. The differences in the constitution of the two areas do not materially affect the value of these figures for comparative purposes.
† Of the 292 Persons in 1901 classified in the Table as Deaf and Dumb, 28 Males and 17 Females, respectively, were returned simply as "Dumb," as were also 21 Males and 10 Females classified as Deaf and Dumb from Childhood. The figures regarding the Deaf and Dumb from Childhood are based on the descriptions given in the Schedules, and must be regarded as incomplete.
‡ The Census Schedule did not require persons who were Deaf without being Dumb to mention the fact of their Deafness, and therefore the figures given for the "Deaf" cannot be regarded as complete.
§ In 1891 the heading of the Census Schedule was "Lunatic, Imbecile, or Idiot," and the persons so returned were eventually classed as "Mentally Deranged." In 1901 the heading of the Schedule provided for two categories of the Mentally Deranged, viz., "Lunatic" and "Imbecile, Feeble-minded," and in drawing comparisons from the figures for the two Censuses, allowance must be made for these differences. The figures for 1891 for the new sub-divisions of Mentally Deranged cannot therefore be given. Total "Lunatic, Imbecile and Feeble-minded," 1901:—3,546 persons; 1,782 Males, 1,764 Females. Total "Mentally Deranged," 1891:—2,346 persons; 1,109 Males, 1,237 Females.

NOTE.—The numbers of persons returned in the several County Boroughs as suffering from one or other infirmity mainly depend on the presence or absence of Institutions in which many of such persons were resident. Thus, in Portsmouth, of the 199 persons returned as Blind, 38 were enumerated in an Institution general to the Blind of Hampshire, while of the 1,017 Lunatic and Imbecile or Feeble-minded, 885 were resident in Institutions for the reception of the mentally afflicted.

* These figures include 28 Males and 17 Females returned simply as "Dumb."

† These persons are also included in the totals of the several Infirmities from which they suffer. Those so afflicted "from Childhood" numbered 19.

CENSUS OF 1901.

COUNTY OF HEREFORD.

SUMMARY OF THE CENSUS RESULTS.

THE Ancient or Geographical County of Hereford contains, according to revised returns furnished by His Majesty's Ordnance Survey Department, an area of 537,363 statute acres. Its population numbers 114,380 persons. In 1801 the population was 88,436; it has, therefore, increased by only 29·3 per cent. during the Century.

AREA AND
POPULATION.
TABLES 1, 2,
AND 3.

The Administrative County contains an area of 538,921 statute acres, and a population of 114,125, against 115,762 in 1891, a decrease of 1·4 per cent.; the number of inhabited houses is 25,464, against 25,228 in 1891, an increase of 0·9 per cent.; of uninhabited houses the number is 2,349 against 2,262 in 1891, an increase of 3·8 per cent.; and of houses building, 60, against 59 in 1891. Of the 2,349 uninhabited houses, 585 were "In Occupation," that is, utilised for business or other purposes but without inmates on the Census night.

The Registration County contains an area of 539,226 statute acres, and a population of 112,549. The differences between the Ancient, the Administrative, and the Registration County are set forth in Table 2. The boundaries of the Administrative and of the Registration County are delineated on the appended Map.

Where comparative figures are quoted for 1891, they relate to areas as constituted in 1901, unless otherwise stated.

The Ancient County is divided for Parliamentary purposes into two County Divisions; it also includes the Parliamentary Borough of Hereford.

PARLIAMEN-
TARY CON-
STITUENCIES.
TABLE 4.

There are 222 Ecclesiastical Parishes or Districts situated wholly or partly within the Ancient County; of these Parishes or parts of Parishes, 213, with an aggregate population of 112,898, are within the Diocese of Hereford; 5, with a population of 568, in that of Gloucester; 2, with a population of 769, in that of Worcester; and 2, with a population of 145, in that of Llandaff.

ECCLESIASTI-
CAL PARISHES.
TABLE 5.

The Administrative County has one Court of Quarter Sessions, and is divided into 11 Petty Sessional Divisions. The City of Hereford has a separate Commission of the Peace and a separate Court of Quarter Sessions, while the Borough of Leominster has only a separate Commission of the Peace.

PETTY
SESSIONAL
DIVISIONS.
TABLE 7.

The total population of the Urban Districts in the Administrative County (comprising two Municipal Boroughs, and four other Urban Districts) is 37,377, an increase of 1,082, or 3·0 per cent., since 1891. The County contains 11 Rural Districts, the aggregate population of which is 76,748, a decrease of 2,719, or 3·4 per cent., since 1891. The proportions of Urban and Rural population to the aggregate population of the County are 32·8 and 67·2 per cent. respectively.

URBAN AND
RURAL
DISTRICTS.
TABLES 8, 9,
AND 10.

The number of Civil Parishes within the Administrative County is 260.

CIVIL
PARISHES.
TABLE 11.

REGISTRATION
DISTRICTS.
TABLE 12.

The Registration County contains a population of 112,549; it is divided into 7 Registration Districts, which are co-extensive with the Poor Law Unions of the same names, with the exception of the Registration District of Hereford (No. 339), which comprises the Poor Law Unions of Dore and Hereford; these Districts are further divided into 24 Sub-Districts. In Table 12, besides comparative figures of houses and of population in 1891 and 1901, a column is given to show the number of Families or Separate Occupiers in each Registration District and Sub-District, as well as in each Civil Parish; these amount to 25,677, giving an average of 4·4 persons to a family. The population of Herefordshire includes a total of 86 persons—53 Males and 33 Females—who were enumerated as having passed the Census night in Barns, Sheds, Caravans, etc.

TENEMENTS
TABLE 19.

The total number of separate Tenements in the Administrative County is 26,098 against 26,192 in 1891, a decrease of 0·4 per cent. The Tenements containing five or more rooms increased from 15,005 to 16,150, or 7·6 per cent., while those with fewer than five rooms decreased from 11,187 to 9,948, or 11·1 per cent. Stated in another way, the proportion of Tenements with five or more rooms was 57·3 per cent. of the total Tenements in 1891, and increased to 61·9 per cent. at the recent Census, while the percentage of Tenements with fewer than five rooms declined from 42·7 to 38·1. The total number of Tenements with fewer than five rooms, containing more than two persons per room, declined from 591 in 1891 to 425 in 1901, or 28·1 per cent. In the aggregate of Urban Districts the proportion of Tenements with fewer than five rooms to the total number of Tenements is 38·2 per cent., and in the aggregate of Rural Districts it is 38·1 per cent.

MARRIAGES.
BIRTHS,
DEATHS, AND
MIGRATION.
TABLE 22.

Table 22 shows the increase or decrease of population in the Registration County and its Registration Districts, compared with the difference between registered Births and Deaths: the Table also contains a column showing the balance of change which must be ascribed to Migration. The decrease of population in the Registration County since 1891, as calculated for the purposes of that Table (see footnote thereto), amounts to 1,806, while the excess of Births over Deaths amounts to 9,576. It follows that the County has sustained a net loss by Migration of 11,382. All the Registration Districts in the County show a loss by Migration, the greatest proportional losses occurring in the districts of Kington, Ross, and Weobley.

SEXES AND
AGES.
TABLE 23.

The Females enumerated in the Administrative County exceed the Males by 3,733; there are thus 1,068 Females to every 1,000 Males. The number of children of school age (three and under fourteen years) is 27,403, of whom 13,695 are boys and 13,708 girls: attendance at school of children under five is not, however, compulsory; the number of children aged five and under fourteen years is 22,336, of whom 11,156 are boys and 11,180 girls. The number of persons 65 years of age and upwards is 8,883, of whom 4,181 are Males and 4,702 Females. The proportion of persons aged 65 years and upwards enumerated in Rural Districts is 8·2 per cent. of the total Rural population, while in the Urban districts the proportion is 7·0 per cent. of the total Urban population.

CONDITION AS
TO MARRIAGE.
TABLE 27.

Of the Males enumerated in the Administrative County, 33,880 are Unmarried, 18,813 are Married, and 2,503 are Widowed. Of the Females, 34,775 are Unmarried, 19,091 are Married, and 5,063 are Widowed. In the Registration County the proportion of the Married to the population at all ages is now higher than it was in 1891, owing to the decrease in the proportion of children through the decline in the birth-rate. The proportion of the Married, however, if calculated on the population aged twenty years and upwards, is distinctly lower than it was ten years ago among both Males and Females, the respective percentages for 1891 and 1901 being 61·3 and 59·8 for Males, and 55·7 and 54·1 for Females.

AGES OF
HUSBANDS
AND WIVES.
TABLE 29.

Table 29 shows, in combination, the ages of both Husbands and Wives. In 17,588 cases in the Registration County both the Husband and the Wife were enumerated in the

same schedule, and were therefore presumably living together; in addition there were 942 Husbands whose Wives were absent—that is, were not enumerated in the same schedule—and 1,229 Wives whose Husbands were absent, on the Census night.

Pauper Inmates of Workhouse Establishments in the Registration County number 746 persons at all ages (equal to 6·6 per 1,000 of the population), of whom 483 are Males and 263 Females; at 55 years and upwards the proportion of the population at the same age in Workhouse Establishments is 22·0 per 1,000, and at 65 years and upwards it is 35·6.

WORKHOUSES
TABLE 30.

Prisoners in the Prison at Hereford number 23, including one Female. Their ages and civil conditions are shown in Table 31.

PRISONS.
TABLE 31.

The Tables dealing with the Occupations of the people have been extended and elaborated. Table 32 contains a list of 379 Occupations, and shows the number of Males and Females employed in each. In this and succeeding Tables, Females are separately given as Unmarried and as Married or Widowed.

OCCUPATIONS.
TABLE 32.

In the Registration County the Male population aged 10 Years and upwards has increased from 42,022 in 1891 to 42,273 in 1901, or 0·6 per cent., and the Female population at the same ages from 45,257 to 45,957, or 1·5 per cent. With these figures may be compared those for some of the principal Occupations. Amongst Males, workers employed in Agriculture (excluding Gardeners) have decreased from 13,970 to 13,559, or 2·9 per cent. Amongst Females, Domestic Indoor Servants have decreased from 7,217 to 6,454, or 10·6 per cent.; and Tailors, Clothiers, Dressmakers, Milliners, Stay-makers, Seamstresses, and Machinists (undefined) have also decreased in the aggregate from 1,647 to 1,394, or 15·4 per cent.

In the Registration County in 1891 81·0 per cent. of the Males aged 10 Years and upwards were engaged in Occupations, and 30·7 per cent. of the Females; in 1901 the percentages are 81·2 and 28·0 respectively. Of the 13,016 Occupied Females in the Administrative County, 9,899, or 76·1 per cent., are Unmarried, and 3,117, or 23·9 per cent., Married or Widowed.

The number of Boys aged 10 and under 14 Years in the Administrative County is 4,927, of whom 349, or 7·1 per cent., are engaged in Occupations. The number of Girls at these ages is 4,928, of whom 122, or 2·5 per cent., are Occupied. Of the Boys, 132 are Agricultural Labourers or Farm Servants, and 56 are Messengers, Porters, etc.; while of the Girls, 111 are Domestic Indoor Servants.

OCCUPATIONS
OF CHILDREN
AGED 10 AND
UNDER 14
YEARS.
TABLE 33.

The number of Males classified as "Pensioned" or "Retired" other than Army and Navy Officers, Clergymen, and members of the Medical Profession, is 1,208 (including 398 in Workhouses and Lunatic Asylums), and is in the proportion of 3·5 per cent. to the number engaged in Occupations, against 2·8 in 1891 (see note at head of Table 34). The number of "Pensioned" or "Retired" Females is 317 (including 122 in Workhouses and Lunatic Asylums), and is in the proportion of 2·4 per cent. to the number engaged in Occupations, against 2·0 per cent., in 1891. Of the 317 "Retired" Females, 146 are Unmarried, and 171 are Married or Widowed.

FORMER
OCCUPATIONS
OF "PEN-
SIONERS" AND
"RETIRED."
TABLE 34.

Of the 114,380 persons enumerated in the Ancient County, 77,508, or 67·8 per cent., were born within the County; 9,084 were born in Wales and Monmouthshire, an increase since 1891 of 385; 1,748 in London, an increase of 80; 538 in Ireland, an increase of 7; 450 in Scotland, an increase of 49; and 338 in British Colonies or Dependencies, an increase of 64. Persons of Foreign birth number 264, an increase of 33, and of these 129 were abstracted as British Subjects, 15 as Naturalised British Subjects, and 120 as

BIRTHPLACES.
TABLE 35.

Foreigners; a decrease, in the case of the last-named of 42 since 1891. British Subjects and Naturalised British Subjects number together 144, and contrast with a total of 69 in 1891. This difference seems to be mainly due to the new instruction on the Census Schedule, that persons born abroad should state whether they were British Subjects, Naturalised British Subjects, or Foreign Subjects.

COUNTRY OF
BIRTH OF
FOREIGNERS.
TABLE 37.

Of the 120 Foreigners, 56 are Males and 64 Females. Natives of Germany number 36, those of the United States of America 30, and those of France 24.

THE BLIND,
THE DEAF AND
DUMB, THE
DEAF, AND
THE INSANE.
TABLE 38.

The number of persons returned as Blind is 105, of whom 3 suffer from some other Infirmary also. Deaf and Dumb persons, including 9 who were returned simply as Dumb, number 51, of whom 5 suffer, in addition, from some other Infirmary.

Lunatics number 306, including one returned as Blind, and the Imbecile and Feeble-minded 289, including 6 afflicted with some other Infirmary. The total of these classes is 595. (See Note § to Table 38, page 50.) Of the 595 persons returned as mentally deranged, 453 were inmates of Institutions, including 378 in Public Lunatic Asylums, 73 in Workhouses, and 2 in another Institution; the remaining 142, who were returned as Imbecile or Feeble-minded, were resident with relatives or in unlicensed houses. Of the 73 mentally deranged persons enumerated in Workhouses, 6 were returned as Lunatic and 67 as Imbecile or Feeble-minded.

TABLE 10.—RURAL DISTRICTS.—AREA; HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—The Poor Law Union and Registration District of Weobley (340) and the Poor Law Union of Dore in Hereford Registration District (339) contain no Urban District. Under the provisions of the Local Government Act, 1894, considerable changes were made in the constitution of Rural Districts. In Herefordshire they comprise exclusively Parishes in the Poor Law Unions of the same names, except Bredwardine and Whitechurch, which consist of Parishes in the Poor Law Unions of Hay and Monmouth respectively; Leominster, which consists of Parishes in the Poor Law Unions of Leominster, Ludlow, and Tenbury; and Wigmore, which consists of Parishes in the Poor Law Unions of Leominster, Kington, Ludlow, and Knighton. The extent of each Rural District may readily be seen in the Map preceding the Tables.

TABLE 11.—CIVIL PARISHES in the ADMINISTRATIVE COUNTY.—INHABITED HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—The expression "Civil Parish" means "a place for which a separate Poor Rate is or can be made, or for which a separate Overseer is or can be appointed." The Parishes are arranged alphabetically, those having compound names being placed in the order indicated by the usual pronunciation of those names—thus Little Dewchurch will be found under the letter L. The Registration Districts of the County of Hereford are all co-extensive with the Poor Law Unions of the same names, with the exception of Hereford (No. 339) which comprises the Poor Law Unions of Dore and Hereford.

TABLE 12.—REGISTRATION COUNTY, DISTRICTS, and SUB-DISTRICTS, with their constituent CIVIL PARISHES.—AREA; HOUSES and POPULATION 1891 and 1901, and SEPARATE OCCUPIERS 1901.

EXPLANATORY NOTES.

- (1.) The Registration Districts of the County of Hereford are all co-extensive with the Poor Law Unions of the same names, with the exception of Hereford (No. 339) which comprises the Poor Law Unions of Dore and Hereford.
- (2.) Where the name of the Registration County in which a Parish is situated differs from that of the Administrative County, the name of the latter is added in italics. The differences between the Registration County and the Administrative County are shown in Table 2.
- (3.) Parishes that are situated in a Municipal Borough or Urban District are distinguished by black type thus—**West Malvern**.
- (4.) The places named in footnotes as being included in Civil Parishes are generally localities having no defined boundaries, such as hamlets, villages, etc.
- (5.) For particulars of existing detached parts of Civil Parishes see Table 13, and for changes in the boundaries of Civil Parishes effected by the Local Government Acts of 1888 and 1894, and by Local Acts since 1891, see Table 14. In all Districts and Sub-Districts marked + changes were made in boundaries between the Census of 1891 and that of 1901. Full particulars of the alterations have been published in the Registrar-General's Annual Reports.
- (6.) Revised areas of Civil Parishes have been furnished by the Ordnance Survey Department.

^a A considerable proportion of the population of Burghill Civil Parish was enumerated in the County Lunatic Asylum, see Table 17.

[†] In the figures for Kenchester Civil Parish are included two houses, containing five persons, situated on land which was entirely surrounded by Stretton Sugwas Civil Parish, and was, therefore, absorbed under the provisions of the Divided Parishes Act, 1832, in that Parish. This information was received too late for the figures in the above Table to be altered.

TABLE 22.—AGGREGATE NUMBERS of MARRIAGES, BIRTHS, and DEATHS registered in each REGISTRATION DISTRICT during the INTERCENSAL PERIOD 1891—1901: INCREASE or DECREASE of POPULATION compared with DIFFERENCE between BIRTHS and DEATHS.

NOTE.—No correction is made in this Table for Deaths occurring in Public Institutions, which in some cases are sufficiently numerous to detract from the value of the comparison between the Increase or Decrease of Population and the Excess of Births over Deaths.

* Changes were made in the boundaries of three of the Registration Districts during the intercensal period. In the Table the enumerated populations of each of these Districts for 1891 and 1901 are given—first for the District as constituted at the Census of 1891, and then for the District as constituted by each successive change. The dates from which the changed areas were adopted for tabulation of Births and Deaths are shown in the first column. In calculating the Increase or Decrease of Population (Col. 7) approximate allowance has been made for variations caused by changes of boundary. Owing to this method of calculation, the increase or decrease of population shown in Col. 7 differs fractionally from that derivable from the figures for the entire County in Table 1 and for the individual Registration Districts in Table 12, which relate to those areas as constituted at the time of the Census of 1901.

TABLE 28.—CONDITION as to MARRIAGE, and AGES of PERSONS, MALES and FEMALES, in COUNTY BOROUGH, 1901.

(There being no County Borough in the County of Hereford, this Table is not required.)

CENSUS, 1901.

COUNTY OF HEREFORD—continued.

TABLE 29.—REGISTRATION COUNTY.—AGES of HUSBANDS and WIVES in COMBINATION; of HUSBANDS whose WIVES were ABSENT, of WIVES whose HUSBANDS were ABSENT, and of WIDOWERS and WIDOWS, 1901.

[illegible]

NOTE.—The Table read *vertically* shows the number of *Wives* at each age, with the ages of their *Husbands*: Thus 2 *Wives*, aged 21 and under 25 years, had *Husbands* aged 20; 3 had *Husbands* aged 19; 3 had *Husbands* aged 20; 202 had *Husbands* aged 21 and under 25 years, and so on.

Read *horizontally* the Table shows the number of *Husbands* at each age, with the ages of their *Wives*: Thus 1 *Husband*, aged 21 and under 25 years, had a *Wife* aged 17; 3 *Husbands* had *Wives* aged 18; 9 had *Wives* aged 19; 30 had *Wives* aged 20; 172 had *Wives* aged 21 and under 25 years, and so on.

At all ages 17,588 *Husbands* and 17,583 *Wives* were enumerated as residing together on the night of the Census.

There were also 912 *Husbands* whose *Wives* were absent (*i.e.*, the *Wives* were not returned on the same Schedules as their *Husbands*), making in all 18,500 *Husbands* enumerated; and 1,229 *Wives* whose *Husbands* were absent (*i.e.*, the *Husbands* were not returned on the same Schedules as their *Wives*), making in all 18,817 *Wives* enumerated.

TABLE 32.—OCCUPATIONS OF MALES and FEMALES AGED 10 YEARS and UPWARDS, in the ADMINISTRATIVE COUNTY, distinguishing for FEMALES the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—In classifying the people by their occupations the following rules have been observed:—Persons returned as engaged in more than one occupation have been referred to the occupation which in each case appeared to be the most important; or, if there was no difference in this respect, to the occupation first mentioned in the Return. Thus, a manufacturing trade has been selected in preference to a selling trade. A Clergyman who is also a Schoolmaster has been classed under the heading "Schoolmaster." Persons returned as "Pensioners" or as "Retired" from any specified profession or business (except Officers of the Army or Navy, Clergymen, and Medical Men) appear in this Table as simply "Pensioners" or "Retired" (see Order XXIII.), but are classified in Table 34 according to their former occupations. Inmates of Lunatic Asylums or of Workhouses, when returned as Insane and yet described by their former occupations, have—irrespective of age—been classed as "Retired." Other Inmates of Workhouses, unless aged 60 years or upwards, and Patients in Hospitals and Prisoners of all ages, have been classed under their stated occupations on the assumption that their ordinary work has been relinquished for a time only. Inmates of Workhouses aged 60 years and upwards, whose former occupations were returned, have been dealt with as "Retired."

The numbers given under any heading include Apprentices, Assistants, Workmen, and Labourers, as well as Masters, except where special headings are provided for subordinates. Messengers, Errand Boys, Porters, and Watchmen are, however, shown under a separate heading, and Clerks are classified as Civil Service Clerks, Bank Clerks, Railway Clerks, Insurance Clerks, or Commercial Clerks, according to the particular service in which they are engaged.

In some cases women and children, chiefly widows or orphans carrying on the business of their husbands or fathers, are classed under Occupations commonly followed only by adult men.

In the list of Occupations the Male designations only are given for convenience, except where the occupations are exclusively followed by Females.

In Table 35 is given a condensed list of Occupations for the Aggregate of Urban Districts and the Aggregate of Rural Districts, together constituting the entire County, with the numbers of each sex at five groups of ages engaged in such Occupations.

Of the foregoing, 2 Males and 2 Females were returned in 1901 as Persons suffering from Combined Infirmities "from Childhood."																		

* The figures given for 1891 relate to the County of Hereford as then constituted for Registration purposes, while those for 1901 relate to the Administrative County. The differences in the constitution of the two areas should be borne in mind in dealing with these figures—see Table 2.

† Of the 51 Persons in 1901 classified in the Table as Deaf and Dumb, 3 Males and 6 Females, respectively, were returned simply as "Dumb," as were also 1 Male and 5 Females classified as Deaf and Dumb from Childhood. The figures relating to the Deaf and Dumb from Childhood are based on the descriptions given in the Schedules, and must be regarded as incomplete.

‡ The Census Schedule did not require persons who were Deaf without being Dumb to mention the fact of their Deafness, and therefore the figures given for the "Deaf" cannot be regarded as complete.

§ In 1891 the heading of the Census Schedule was "Lunatic, Imbecile, or Idiot," and the persons so returned were eventually classed as "Mentally Deranged." In 1901 the heading of the Schedule provided for two categories of the Mentally Deranged, viz., "Lunatic" and "Imbecile, Feeble-minded," and in drawing comparisons from the figures for the two Censuses, allowance should be made for these differences. The figures for 1891 for the new sub-divisions of Mentally Deranged cannot therefore be given. Total "Lunatic, Imbecile and Feeble-minded," 1901:—535 Persons; 280 Males, 315 Females. Total "Mentally Deranged," 1891:—565 Persons; 243 Males, 323 Females.

CENSUS OF 1901.

COUNTY OF HERTFORD.

SUMMARY OF THE CENSUS RESULTS.

THE Ancient or Geographical County of Hertford contains, according to revised returns furnished by His Majesty's Ordnance Survey Department, an area of 406,157 statute acres. Its population numbers 250,152 persons. In 1801 the population was 97,393; it is now, therefore, about two-and-a-half times as great as it was a Century ago.

AREA AND
POPULATION.
TABLES 1, 2,
AND 3.

The Administrative County contains an area of 404,518 statute acres, and a population of 258,423, against 226,587 in 1891, an increase of 14·1 per cent.; the number of inhabited houses is 54,963, against 46,551 in 1891, an increase of 18·1 per cent.; of uninhabited houses the number is 3,402, against 2,843 in 1891, an increase of 19·7 per cent.; and of houses building, 621, against 399 in 1891, an increase of 55·6 per cent. Of the 3,402 uninhabited houses, 1,235 were "In Occupation," that is, utilised for business or other purposes but without inmates on the Census night.

The Registration County contains an area of 446,420 statute acres, and a population of 239,760. The differences between the Ancient, the Administrative, and the Registration County are set forth in Table 2. The boundaries of the Administrative and of the Registration County are delineated on the appended Map.

Where comparative figures are quoted for 1891, they relate to areas as constituted in 1901, unless otherwise stated.

The Ancient County is divided for Parliamentary purposes into 4 County Divisions. It contains no Parliamentary Borough.

PARLIAMEN-
TARY CON-
STITUENCIES.
TABLE 4.

There are 170 Ecclesiastical Parishes or Districts situated wholly or partly within the Ancient County. Of these 170 Parishes or parts of Parishes, 164, with an aggregate population of 249,031, are within the Diocese of St. Albans; 3, with a population of 597, in that of Ely; and 2, with a population of 235, in that of Oxford; while part of the Parish of Northwood Holy Trinity, with a population of 289, is in the Diocese of London.

ECCLESIASTI-
CAL PARISHES.
TABLE 5.

The Administrative County has two Courts of Quarter Sessions (see footnote to Table), and is divided into 15 Petty Sessional Divisions. The Municipal Boroughs of Hertford and the City of St. Albans have separate Commissions of the Peace, but no separate Courts of Quarter Sessions.

PETTY
SESSIONAL
DIVISIONS.
TABLE 7.

The total population of the Urban Districts (comprising 3 Municipal Boroughs and 16 other Urban Districts) is 155,150, an increase of 29,466, or 23·4 per cent., since 1891. The only Urban District in the County having a population in excess of 20,000 is Watford, the population of which has increased from 17,063 in 1891 to 29,327 in 1901, or 71·9 per cent. In the Administrative County there are 13 Rural Districts, the aggregate population of which is 103,273, an increase of 2,370, or 2·3 per cent. The proportions of Urban and Rural population to the aggregate population of the County are 60·0 and 40·0 per cent. respectively.

AND 10.

CIVIL
PARISHES.
TABLE 11.

The number of Civil Parishes within the Administrative County is 158.

REGISTRATION
DISTRICTS.
TABLE 12.

The Registration County contains a population of 239,760: it is divided into 10 Registration Districts, which were, at the time of the Census, sub-divided into 28 Sub-Districts. In Table 12, besides comparative figures of houses and of population in 1891 and 1901, a column is given to show the number of Families or Separate Occupiers in each Registration District and Sub-District, as well as in each Civil Parish. These amount to 53,007, giving an average of 4·5 persons to a family. The population of Hertfordshire, as given in the Tables, includes a total of 175 persons—109 Males and 66 Females—who were enumerated as having passed the Census night in Barns, Sheds, Caravans, etc.

TENEMENTS.
TABLE 13.

The total number of separate Tenements in the Administrative County, which had been 47,864 in 1891, rose to 56,271 in 1901, the increase being equal to 17·6 per cent. The Tenements containing five or more rooms increased from 26,804 to 37,073, or 38·3 per cent., while those with fewer than five rooms decreased from 21,060 to 19,198, or 8·8 per cent. Stated in another way, the proportion of Tenements with five or more rooms was 56·0 per cent. of the total Tenements in 1891, and increased to 65·9 per cent. at the recent Census; while the percentage of Tenements with fewer than five rooms declined from 44·0 to 34·1. The total number of Tenements with fewer than five rooms, containing more than two persons per room, declined from 1,244 in 1891 to 887 in 1901, or 28·7 per cent. In the aggregate of Urban Districts the proportion of Tenements with fewer than five rooms to the total number of Tenements is 26·8 per cent., while in the aggregate of Rural Districts it is 45·3 per cent.

MARRIAGES,
BIRTHS,
DEATHS, AND
MIGRATION.
TABLE 22.

Table 22 shows the increase or decrease of population in the Registration County and its Registration Districts, compared with the difference between registered Births and Deaths; the Table also contains a column showing the balance of change which must be ascribed to Migration. The increase of population in the Registration County since 1891, as calculated for the purposes of that Table (see footnote thereto), amounts to 23,491, and the excess of Births over Deaths to 22,372. It follows that the County has made a net gain by Migration of 1,119 persons. Each of the Registration Districts, however, shows a loss by Migration, except St. Albans (which includes the City of the same name and the Urban District of Harpenden) and Watford (which includes the Urban Districts of Rickmansworth and Watford).

SEXES AND
AGES.
TABLE 23.

The Females enumerated in the Administrative County exceed the Males by 10,985; there are thus 1,089 Females to every 1,000 Males. The number of children of school age (three and under fourteen years) is 62,035, of whom 31,162 are boys and 30,873 girls: attendance at school of children under five is not, however, compulsory; the number of children aged five and under fourteen years is 50,937, of whom 25,662 are boys and 25,275 girls. The number of persons 65 years of age and upwards is 15,347, of whom 6,738 are Males and 8,609 Females. The proportion of persons aged 65 years and upwards enumerated in Rural Districts is 6·5 per cent. of the total Rural population, while in the Urban Districts the proportion is 5·5 per cent. of the total Urban population.

CONDITION AS
TO MARRIAGE.
TABLE 27.

Of the Males enumerated in the Administrative County, 75,664 are Unmarried, 43,841 are Married, and 4,214 are Widowed. Of the Females 80,577 are Unmarried, 44,407 are Married, and 9,720 are Widowed. In the Registration County the proportion of the Married to the population at all ages is now higher than it was in 1891, owing to the decrease in the proportion of children through the decline in the birth-rate. The proportion of the Married, however, if calculated on the population aged twenty years and upwards, is lower than it was ten years ago, among both Males and Females, the respective percentages for 1891 and 1901 being 65·0 and 64·4 for Males, and 57·0 and 55·6 for Females.

Table 29 shows, in combination, the ages of both Husbands and Wives. In 39,256 cases in the Registration County both the Husband and the Wife were enumerated in the same schedule, and were therefore presumably living together: in addition there were 1,723 Husbands whose Wives were absent—that is, were not enumerated in the same schedule—and 2,230 Wives whose Husbands were absent, on the Census night.

AGES OF
HUSBANDS
AND WIVES.
TABLE 29.

Pauper Inmates of Workhouse Establishments in the Registration County number 1,961 persons at all ages (equal to 8·2 per 1,000 of the population), of whom 1,221 are Males and 740 Females. At 55 years and upwards the proportion of the population at the same age in Workhouse Establishments is 26·4 per 1,000, and at 65 years and upwards it is 42·6.

WORKHOUSES.
TABLE 30.

Prisoners in the Prison at St. Albans number 74 (69 Males and 5 Females), against 68 in 1891. Their ages and civil conditions are shown in Table 31.

PRISONS.
TABLE 31.

The Tables dealing with the Occupations of the people have been extended and elaborated. Table 32 contains a list of 379 Occupations, and shows the number of Males and Females employed in each. In this and succeeding Tables, Females are separately given as Unmarried, and as Married or Widowed.

OCCUPATIONS

Certain modifications in the method of classification, and in the mode of filling up the Schedules, which have secured more accurate definition of employment, affect the numbers in many Occupational headings for purposes of comparison with the results of the Census taken in 1891. The following have, however, been selected, and in some cases thrown into groups, to illustrate the changes in the leading industries of the County. Figures showing the total population of each sex over 10 years of age, with percentages of increase, head the Table, and afford a ready means of comparing the changes in the numbers following various Occupations with the changes in the total population between the two Censuses. The figures for 1901 in the following Table relate to the Registration County to secure approximate accuracy of comparison with those for 1891: they are consequently not identical with the figures given in Table 32, which relate to the Administrative County.

In the Registration County in 1891 the percentage of the total Male population aged 10 Years and upwards engaged in Occupations was 79·6, and of the total Female population, at the same ages, 31·8; in 1901 the percentages are 80·1 and 29·6 respectively. In the Administrative County, the percentages in 1901 are 79·9 for Males and 30·1 for Females. Of the 32,144 Females over 10 Years of age engaged in Occupations, 26,253, or 81·7 per cent., are Unmarried, and 5,891, or 18·3 per cent., Married or Widowed.

TABLE 33.

The total number of Boys aged 10 and under 14 Years in the Administrative County is 11,569, of whom 1,141, or 9·9 per cent., are engaged in Occupations. The total number of Girls at these ages is 11,236, of whom 379, or 3·4 per cent., are engaged in Occupations. Of the Boys, 316 are Agricultural Labourers or Farm Servants, 274 are Messengers, Porters, etc., and 111 are Domestic Indoor Servants; while of the Girls, 226 are Domestic Indoor Servants.

TABLE 34.

The total number of Males returned as "Pensioned" or "Retired," other than Army and Navy Officers, Clergymen, and members of the Medical Profession, is 3,133, being in the proportion of 4·1 per cent. to the number engaged in Occupations, as compared with 2,055, or 3·3 per cent., in 1891. The number of "Retired" Males enumerated in Workhouses and Workhouse Infirmaries, whose previous Occupations were stated is 550, and in Lunatic Asylums 720, making a total of 1,270. The total number of "Pensioned" or "Retired" Females is 914, being in the proportion of 2·8 per cent. to the number engaged in Occupations, as compared with 951, or 3·5 per cent., in 1891. The number in Workhouses and Workhouse Infirmaries is 134, and in Lunatic Asylums 444, making a total of 578. Of the whole number of Retired Females, 580 are Unmarried, and 334 are Married or Widowed. Among the Retired Males, there were enumerated in Workhouse Establishments and Lunatic Asylums 227 of the 340 Agricultural Labourers or Farm Servants, and 185 of the 223 General Labourers. Among the Retired Females, there were enumerated in these institutions, 212 of the 278 Domestic Indoor Servants, and 124 of the 159 Milliners, Dressmakers or Seamstresses. (See note at head of Table 34.)

OCCUPATIONS
IN URBAN
DISTRICTS.
TABLE 35A.

Table 35A shows, besides other details, the numbers engaged in the most important Occupations or groups of Occupations in every Urban District with a population exceeding 5,000.

Of the 250,152 persons enumerated in the Ancient County, 149,483 or 59·8 per cent., were born within the County; 23,720 were born in London, an increase since 1891 of 6,185; 1,739 in Scotland, an increase of 395; 1,297 in British Colonies or Dependencies, an increase of 464; 1,078 in Ireland, an increase of 237; and 898 in Wales and Monmouthshire, an increase of 258. Persons of Foreign birth number 1,238, an increase of 482, and of these, 513 were abstracted as British Subjects, 48 as Naturalised British Subjects, and 677 as Foreigners; an increase, in the case of the last-named of 152 since 1891. British Subjects and Naturalised British Subjects number together 561, and contrast with a total of 231 in 1891. This wide difference seems to be mainly due to the new instruction on the Census Schedule that persons born abroad should state whether they were British Subjects, Naturalised British Subjects, or Foreign Subjects. Greater accuracy has thus been secured, but the figures have less value for comparison with those of 1891.

BIRTHPLACES.
TABLE 36.

Of the 677 Foreigners, 389 are Males and 288 Females. Natives of the United States of America number 71, those of Switzerland 74, those of France 103, and those of Germany 186.

TABLE 37.

The number of persons returned as Blind is 229, of whom 30 suffer from some other Infirmary also. Deaf and Dumb persons, including 29 who were returned simply as Dumb, number 145, of whom 60 suffer, in addition, from some other Infirmary. Lunatics number 1,465, including 46 afflicted with some other Infirmary, and the Imbecile and Feeble-minded 1,254, including 69 otherwise afflicted. The total of these two classes is 2,719. (See Note § to Table 38, page 57.) Of the 2,719 persons returned as mentally deranged, 2,420 were inmates of Institutions, including 2,302 in Public and Private Lunatic Asylums, 117 in Workhouses, and one in another Institution; the remaining 299 were residing with relatives or in unlicensed houses. Of the 117 mentally deranged persons enumerated in Workhouses, 16 were returned as Lunatic and 101 as Imbecile or Feeble-minded; of the 299 not enumerated in Institutions, 8 were returned as Lunatic, and 291 as Imbecile or Feeble-minded.

TABLE 10.—RURAL DISTRICTS.—AREA; HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—The Registration District of Hatfield (135) contains no Urban District. Under the provisions of the Local Government Act, 1894, considerable changes were made in the constitution of Rural Districts. In Hertfordshire they comprise exclusively Parishes in the Poor Law Unions of the same names, except Ashwell and Hadham, which consist of Parishes in the Poor Law Unions of Royston and Bishop Stortford respectively. The extent of each Rural District may readily be seen in the Map preceding the Tables.

COUNTY OF HERTFORD—continued.

TABLE 11.—CIVIL PARISHES in the ADMINISTRATIVE COUNTY.—INHABITED HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—The expression "Civil Parish" means "a place for which a separate Poor Rate is or can be made, or for which a separate Overseer is or can be appointed." The Parishes are arranged alphabetically, those having compound names being placed in the order indicated by the usual pronunciation of those names—thus East Barnet will be found under the letter E, and Great Amwell under the letter G. The Registration Districts of the County of Hertford are all co-extensive with the Poor Law Unions of the same names, with the exception of the Registration District of Royston (No. 132), which comprises the Poor Law Unions of Buntingford and Royston, and the Registration District of Hatfield (No. 135), which comprises the Poor Law Unions of Hatfield and Welwyn.

COUNTY OF HERTFORD—continued.

TABLE 12.—REGISTRATION COUNTY, DISTRICTS, and SUB-DISTRICTS, with their constituent CIVIL PARISHES.—
AREA; HOUSES AND POPULATION 1891 and 1901, and SEPARATE OCCUPIERS 1901.

EXPLANATORY NOTES.

(1.) The Registration Districts of the County of Hertford are co-extensive with the Poor Law Unions of the same names, with the exception of the Registration District of Royston (No. 132) which comprises the Poor Law Unions of Buntingford and Royston, and the Registration District of Hatfield (No. 135) which comprises the Poor Law Unions of Hatfield and Welwyn.

(2.) Where the name of the Registration County in which a Parish is situated differs from that of the Administrative County, the name of the latter is added in italics. The differences between the Registration County and the Administrative County are shown in Table 2.

(3.) Parishes that are situated in a Municipal Borough, or Urban District, are distinguished by black type thus—**Hoddesdon Urban**.

(4.) The places named in footnotes as being included in Civil Parishes are generally localities having no defined boundaries, such as hamlets, villages, etc.

(5.) For particulars of existing detached parts of Civil Parishes see Table 13, and for changes in the boundaries of Civil Parishes effected by the Local Government Acts of 1833 and 1891 and by Local Acts since 1891 see Table 14. In all Districts and Sub-Districts marked + there have been changes in boundaries between the Census of 1891 and that of 1901. Full particulars of the alterations have been published in the Registrar-General's Annual Reports.

(6.) Revised areas of Civil Parishes have been furnished by the Ordnance Survey Department.

TABLE 18.—PERSONS enumerated in the REGISTRATION COUNTY on board SEA-GOING and COASTING MERCHANT VESSELS and on INLAND BARGES and BOATS, 1901.

NOTE.—Persons on board Vessels in Ports, Harbours, and Docks, including in certain cases hulks or other stationary vessels, were enumerated by Officers of His Majesty's Customs; and those on Barges, etc., on Canals or Navigable Rivers, not within the limits of a port, by the local Enumerators.

The persons thus enumerated are distributed among the general population of the Parishes contiguous to the waters in which the vessels were lying, with as much accuracy as the information obtained allows.

TENEMENTS OF LESS THAN FIVE ROOMS— 1891*— 21,060 1901— 19,198														

NOTE.—The Table is to be read as follows:—Of the 56,271 tenements enumerated in 1901, 19,198 were tenements of less than five rooms, and of these 531 were tenements of one room, 1,806 of two rooms, etc., and of the 531 tenements of one room, 430 were occupied by one person each, 83 by two persons each, etc. Tables 20 and 21 are to be read in a similar manner.

* In 1891 the Tenements were abstracted for the Registration County; in order to make the figures for that area comparable with those for the Administrative County in 1901 it has been necessary to make approximate adjustments.

TABLE 22.—AGGREGATE NUMBERS of MARRIAGES, BIRTHS, and DEATHS registered in each REGISTRATION DISTRICT during the INTERCENSAL PERIOD 1891—1901; INCREASE or DECREASE of POPULATION compared with DIFFERENCE between BIRTHS and DEATHS.

NOTE.—No correction is made in this Table for Deaths occurring in Public Institutions, which in some cases are sufficiently numerous to detract from the value of the comparison between the increase of Population and the excess of Births over Deaths.

* Changes were made in the boundaries of three of the Registration Districts during the intercensal period. In the Table the enumerated population of each of these Districts for 1891 and 1901 is given, first for the District as constituted at the Census of 1891, and then for the District as altered. The dates from which the changed areas were adopted for tabulation of Births and Deaths are shown in the first column. In calculating the Increase of Population (Col. 7) approximate allowance has been made for variations caused by changes of boundary. Owing to this method of calculation the increase of population shown in Col. 7 differs fractionally from that derivable from the figures for the entire County in Table 1, and for the individual Registration Districts in Table 12, which relate to those areas as constituted at the time of the Census of 1901.

CENSUS, 1901.

TABLE 32.—OCCUPATIONS of MALES and FEMALES AGED 10 YEARS AND UPWARDS, in the ADMINISTRATIVE COUNTY, distinguishing for FEMALES the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—In classifying the people by their Occupations the following rules have been observed :—Persons returned as engaged in more than one occupation have been referred to the occupation which in each case appeared to be the most important; or, if there was no difference in this respect, to the occupation first mentioned in the Return. Thus, a manufacturing trade has been selected in preference to a selling trade. A Clergyman who is also a Schoolmaster has been classed under the heading "Schoolmaster." Persons returned as "Pensioners" or as "Retired" from any specified profession or business (except Officers of the Army or Navy, Clergymen, and Medical Men) appear in this Table as simply "Pensioners" or "Retired" (see Order XXIII.), but are classified in Table 34 according to their former occupations. Inmates of Lunatic Asylums or of Workhouses, when returned as Insane and yet described by their former occupations, have—irrespective of age—been classed as "Retired." Other Inmates of Workhouses, unless aged 60 years or upwards, and Patients in Hospitals and Prisoners of all ages, have been classed under their stated occupations on the assumption that their ordinary work has been relinquished for a time only. Inmates of Workhouses aged 60 years and upwards, whose former occupations were returned, have been dealt with as "Retired."

The numbers given under any heading include Apprentices, Assistants, Workmen, and Labourers, as well as Masters, except where special headings are provided for subordinates. Messengers, Errand Boys, Porters, and Watchmen are, however, shown under a separate heading, and Clerks are classified as Civil Service Clerks, Bank Clerks, Railway Clerks, Insurance Clerks, or Commercial Clerks, according to the particular service in which they are engaged.

In some cases women and children, chiefly widows or orphans carrying on the business of their husbands or fathers, are classed under Occupations commonly followed only by adult men.

In the list of Occupations the Male designations only are given for convenience, except where the occupations are exclusively followed by Females.

In Table 35 is given a condensed list of occupations for the Aggregate of Urban Districts and the Aggregate of Rural Districts, together constituting the entire County, with the numbers of each sex at five groups of ages engaged in such Occupations.

TABLE 34.—FORMER OCCUPATIONS of "PENSIONERS" and "RETIRED" in the ADMINISTRATIVE COUNTY, distinguishing those enumerated in WORKHOUSES and LUNATIC ASYLUMS, and also, for FEMALES, the UNMARRIED and the MARRIED or WIDOWED, 1901.

NOTE.—This Table is supplementary to Table 32, where the Pensioners and the Retired are shown simply as such without regard to their former Occupations. Inmates of Lunatic Asylums, or of Workhouses, when described as Insane and as having formerly followed some occupation, have been classed as "Retired," irrespective of age; also other formerly occupied inmates of Workhouses if aged 60 years or have not been dealt with as "Retired." No Officers in the Army or Navy, Clergymen of the Established Church, or members of the Medical Profession, are included in the "Retired."

Of the foregoing, 3 Males and 2 Females were returned in 1901 as Persons suffering from Combined Infirmities "from Childhood."																		

* The figures given for 1891 relate to the County of Herts as then constituted for Registration purposes, while those for 1901 relate to the Administrative County. The differences in the constitution of the two areas should be borne in mind in dealing with these figures—see Table 2.

† Of the 145 Persons in 1901 classified in the Table as Deaf and Dumb, 17 Males and 12 Females respectively were returned simply as "Dumb," as were also 4 Males and 2 Females classified as Deaf and Dumb from Childhood. The figures relating to the Deaf and Dumb from Childhood are based on the descriptions given in the Schedules, and must be regarded as incomplete.

‡ The Census Schedule did not require Persons who were Deaf without being Dumb to mention the fact of their Deafness, and therefore the figures given for the "Deaf" cannot be regarded as complete.

§ In 1891 the heading of the Census Schedule was "Lunatic, Imbecile or Idiot," and the Persons so returned were eventually classed as "Mentally Deranged." In 1901 the heading of the Schedule provided for two categories of the Mentally Deranged, viz., "Lunatic" and "Imbecile, Feeble-minded," and in drawing comparisons from the figures for the two Censuses, allowances should be made for these differences. The figures for 1891 for the new sub-divisions of Mentally Deranged cannot therefore be given. Total "Lunatic, Imbecile, and Feeble-minded," 1901:—2,719 Persons; 1,234 Males, 1,485 Females. Total "Mentally Deranged," 1891:—2,208 Persons; 966 Males, 1,242 Females. The figures for 1891 and 1901 include the patients (numbering in the latter year 1,774) resident in an asylum at Leavesden under the management of the Metropolitan Asylums Board. It should be noted that since 1891 a County Asylum has been erected near St. Albans in which were enumerated a large number of Hertfordshire patients who otherwise doubtless would have been resident in the Beds, Herts and Hunts Asylum, which is situated in Bedfordshire.

CENSUS OF 1901.

COUNTY OF HUNTINGDON.

SUMMARY OF THE CENSUS RESULTS.

THE Ancient or Geographical County of Huntingdon contains, according to revised returns furnished by His Majesty's Ordnance Survey Department, an area of 234,218 statute acres. Its population numbers 57,771 persons. In 1801 the population was 37,568; it has, therefore, increased by only 53·8 per cent. during the Century.

AREA AND
POPULATION.
TABLES 1, 2,
AND 3.

The Administrative County contains an area of 233,984 statute acres, and a population of 54,125, against 55,015 in 1891, a decrease of 1·6 per cent.; the number of inhabited houses is 12,787, against 12,619 in 1891, an increase of 1·3 per cent.; of uninhabited houses the number is 1,334, against 1,167 in 1891, an increase of 14·3 per cent.; and houses building number 94, against 22 in 1891. Of the 1,334 uninhabited houses, 300 were "In Occupation," that is, utilised for business or other purposes but without inmates on the Census night.

The Registration County contains an area of 207,569 statute acres, and a population of 46,750. The differences between the Ancient, the Administrative, and the Registration County are set forth in Table 2. The boundaries of the Administrative and of the Registration County are delineated on the appended Map.

Where comparative figures are quoted for 1891, they relate to areas as constituted in 1901, unless otherwise stated.

The Ancient County is divided for Parliamentary purposes into two County Divisions; it also includes a small part of the Parliamentary Borough of Peterborough.

PARLIAMEN-
TARY CON-
STITUENCIES.
TABLE 4.

There are 87 Ecclesiastical Parishes or Districts wholly or partly within the Ancient County; of these parishes or parts of parishes 85, with an aggregate population of 57,670, are within the Diocese of Ely, and 2, with a population of 101, in that of Peterborough.

ECCLESIAS-
TICAL
PARISHES.
TABLE 5.

The Administrative County has one Court of Quarter Sessions, and is divided into 5 Petty Sessional Divisions. None of the Municipal Boroughs have separate Commissions of the Peace or separate Courts of Quarter Sessions.

PETTY
SESSIONAL
DIVISIONS.
TABLE 7.

The total population of the Urban Districts in the Administrative County (comprising three Municipal Boroughs and two other Urban Districts) is 17,891, a decrease of 348, or 1·9 per cent., since 1891. The County contains four entire Rural Districts, and parts of two others; and, in addition, the Civil Parish of Sibson cum Stibbington, which is administered by the Rural District Council of Barnack (Soke of Peterborough). The aggregate population of the Rural Districts, including the Parish just mentioned is 36,234, a decrease of 542, or 1·5 per cent., since 1891. The proportions of Urban and Rural population to the aggregate population of the County are 33·1 and 66·9 per cent. respectively.

URBAN
AND RURAL
DISTRICTS.
TABLES 8, 9,
AND 10.

The number of Civil Parishes within the Administrative County is 105.

CIVIL
PARISHES.
TABLE 11.

REGISTRATION
DISTRICTS.
TABLE 12.

The Registration County contains a population of 46,750, and is divided into 3 Registration Districts, which are co-extensive with the Poor Law Unions of the same names; these Districts are further divided into 10 Sub-Districts. In Table 12, besides comparative figures of houses and of population in 1891 and 1901, a column is given to show the number of Families or Separate Occupiers in each Registration District and Sub-District, as well as in each Civil Parish. These amount to 11,322, giving an average of 4·1 persons to a family. The population of Huntingdonshire includes a total of 38 persons—23 Males and 15 Females—who were enumerated as having passed the Census night in Barns, Sheds, Caravans, etc.

TENEMENTS.
TABLE 19.

The total number of separate Tenements in the Administrative County is 12,889, against 12,814 in 1891, an increase of 0·6 per cent. The Tenements containing five or more rooms increased from 6,314 to 7,535, or 19·3 per cent., while those with fewer than five rooms decreased from 6,500 to 5,354, or 17·6 per cent. Stated in another way, the proportion of Tenements with five or more rooms was 49·3 per cent. of the Total Tenements in 1891, and increased to 58·5 per cent. at the recent Census; while the percentage of Tenements with fewer than five rooms declined from 50·7 to 41·5. The total number of Tenements with fewer than five rooms, containing more than two persons per room, declined from 470 in 1891 to 258 in 1901, or 45·1 per cent. In the aggregate of Urban Districts the proportion of Tenements with fewer than five rooms to the total number of Tenements is 40·8 per cent., and in the aggregate of Rural Districts it is 41·9 per cent.

MARRIAGES,
BIRTHS,
DEATHS, AND
MIGRATION.
TABLE 22.

Table 22 shows the decrease of population in the Registration County and its Registration Districts, compared with the difference between registered Births and Deaths; the Table also contains a column showing the balance of change which must be ascribed to Migration. The decrease of population in the Registration County since 1891 amounts to 3,539, while the excess of Births over Deaths amounts to 4,605. It follows that the County has sustained a net loss by Migration of 8,144. Each of the three Registration Districts in the County shows a loss by Migration.

SEXES AND
AGES.
TABLE 23.

The Females enumerated in the Administrative County exceed the Males by 655; there are thus 1,024 Females to every 1,000 Males. The number of children of school age (three and under fourteen years) is 13,080, of whom 6,487 are boys and 6,593 girls: attendance at school of children under five is not, however, compulsory; the number of children aged five and under fourteen years is 10,605, of whom 5,231 are boys and 5,374 girls. The number of persons 65 years of age and upwards is 4,182, of whom 1,951 are Males, and 2,231 Females. The proportion of persons aged 65 years and upwards enumerated in Rural Districts is 7·8 per cent. of the total Rural population, while in the Urban Districts the proportion is 7·6 per cent. of the total Urban population.

CONDITION AS
TO MARRIAGE.
TABLE 27.

Of the Males enumerated in the Administrative County, 15,733 are Unmarried, 9,901 are Married, and 1,101 are Widowed. Of the Females, 15,259 are Unmarried, 9,975 are Married, and 2,156 are Widowed. In the Registration County the proportion of the Married to the population at all ages is now higher than it was in 1891, owing to the decrease in the proportion of children through the decline in the birth-rate. The proportion of the Married, however, if calculated on the population aged twenty years and upwards, is distinctly lower than it was ten years ago among both Males and Females, the respective percentages for 1891 and 1901 being 66·4 and 64·8 for Males, and 61·5 and 59·7 for Females.

AGES OF
HUSBANDS
AND WIVES.
TABLE 29.

Table 29 shows, in combination, the ages of both Husbands and Wives. In 8,214 cases in the Registration County both the Husband and the Wife were enumerated in the same schedule, and were therefore presumably living together; in addition there were 264 Husbands whose Wives were absent—that is, were not enumerated in the same schedule—and 353 Wives whose Husbands were absent, on the Census night.

Pauper Inmates of Workhouse Establishments in the Registration County number 330 persons at all ages (equal to 7·1 per 1,000 of the population), of whom 191 are Males, and 139 Females; at 55 years and upwards the proportion of the population at the same age in Workhouse Establishments is 28·5 per 1,000, and at 65 years and upwards it is 46·7.

WORKHOUSES.
TABLE 30.

The Tables dealing with the Occupations of the people have been extended and elaborated. Table 32 contains a list of 379 Occupations, and shows the number of Males and Females employed in each. In this and succeeding Tables, Females are separately given as Unmarried and as Married or Widowed.

OCCUPATIONS.
TABLE 32.

In the Registration County the Male population aged 10 Years and upwards has decreased from 18,942 in 1891 to 17,815 in 1901, or 5·9 per cent., and the Female population at the same ages from 19,734 to 18,830, or 4·6 per cent. With these figures may be compared those for the principal Occupations. Amongst Males, workers employed in Agriculture (excluding Gardeners) have decreased from 8,085 to 6,862, or 15·1 per cent. Amongst Females, Domestic Indoor Servants have decreased from 2,765 to 2,049, or 25·9 per cent.; and Tailors, Clothiers, Dressmakers, Milliners, Staymakers, Seamstresses, and Machinists (undefined) have also decreased in the aggregate from 772 to 636 or 17·6 per cent.

In the Registration County in 1891, 84·8 per cent. of the Males aged 10 Years and upwards were engaged in Occupations, and 28·6 per cent. of the Females; in 1901 the percentages are 84·5 and 24·7 respectively. Of the 4,818 Occupied Females in the Administrative County, 3,651, or 75·8 per cent., are Unmarried, and 1,167, or 24·2 per cent., Married or Widowed.

The total number of Boys aged 10 and under 14 Years in the Administrative County is 2,262, of whom 464, or 20·5 per cent., are engaged in Occupations. The number of Girls at these ages is 2,348, of whom 132, or 5·6 per cent., are Occupied. Of the Boys, 289 are Agricultural Labourers or Farm Servants, and 73 are Messengers, Porters, etc.; while of the Girls, 107 are Domestic Indoor Servants.

OCCUPATIONS
OF CHILDREN
AGED 10 AND
UNDER 14
YEARS.
TABLE 33.

The number of Males classified as "Pensioned" or "Retired" other than Army and Navy Officers, Clergymen, and members of the Medical Profession, is 515 (including 91 in Workhouses), and is in the proportion of 2·9 per cent. to the number engaged in Occupations (see note at head of Table 34). The number of "Pensioned" or "Retired" Females is 82 (including 5 in Workhouses), and is in the proportion of 1·7 per cent. to the number engaged in Occupations. Of the 82 "Retired" Females, 35 are Unmarried, and 47 are Married or Widowed.

FORMER
OCCUPATIONS
OF "PEN-
SIONERS" AND
"RETIRED."
TABLE 34.

Of the 57,771 persons enumerated in the Ancient County, 38,955, or 67·4 per cent., were born within the County; 1,228 were born in London, 156 in Scotland, 145 in Ireland, 113 in British Colonies or Dependencies, and 105 in Wales and Monmouthshire. Persons of Foreign birth number 103; of these 61 were abstracted as British Subjects, 5 as Naturalised British Subjects, and 37 as Foreigners. British Subjects and Naturalised British Subjects number together 66, and contrast with a total of 27 in 1891. This difference seems to be mainly due to the new instruction on the Census Schedule that persons born abroad should state whether they were British Subjects, Naturalised British Subjects, or Foreign Subjects.

The number of persons returned as Blind is 47, and as Deaf and Dumb 19. The mentally deranged number 69, of whom 67 were returned as Imbecile or Feeble-minded, and 2 as Lunatic (see Note § to Table 38, page 36); of these, 6 were inmates of Workhouses, and the remaining 63 (2 of whom were Lunatic), were resident with relatives or in unlicensed houses.

TABLE 10.—RURAL DISTRICTS.—AREA ; HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—Under the provisions of the Local Government Act, 1894, considerable changes were made in the constitution of Rural Districts. In Huntingdonshire they comprise exclusively Parishes in the Poor Law Unions of the same names, except Norman Cross, which consists of Parishes in Peterborough Poor Law Union, and Saint Neots, which consists of Parishes in the Poor Law Unions of Saint Neots and Caxton. The extent of each Rural District may readily be seen in the Map preceding the Tables.

TABLE 11.—CIVIL PARISHES in the ADMINISTRATIVE COUNTY.—INHABITED HOUSES 1901, and POPULATION 1891 and 1901.

NOTE.—The expression "Civil Parish" means "a place for which a separate Poor Rate is or can be made, or for which a separate Overseer is or can be appointed." The Parishes are arranged alphabetically, those having compound names being placed in the order indicated by the usual pronunciation of those names—thus Great Gidding will be found under the letter G. The Registration Districts of the County of Huntingdon are all co-extensive with the Poor Law Unions of the same names.

* The Local Government Board's Provisional Order, No. 1,264, dated 30th September, 1896, transferring the part of Stanground Civil Parish in the Administrative County of the Isle of Ely to the Administrative County of Huntingdon, has not yet been confirmed; this Parish remains therefore, partly in the two Counties.

COUNTY OF HUNTINGDON—continued.

TABLE 12.—REGISTRATION COUNTY, DISTRICTS and SUB-DISTRICTS, with their constituent CIVIL PARISHES.—
AREA ; HOUSES and POPULATION 1891 and 1901, and SEPARATE OCCUPIERS 1901.

EXPLANATORY NOTES.

- (1.) The Registration Districts of the County of Huntingdon are all co-extensive with the Poor Law Unions of the same names.
 (2.) Where the name of the Registration County in which a Parish is situated differs from that of the Administrative County, the name of the latter is added in italics. The differences between the Registration County and the Administrative County are shown in Table 2.
 (3.) Parishes that are situated in a Municipal Borough or Urban District are distinguished by black type thus—**Ramsey**.
 (4.) The places named in footnotes as being included in Civil Parishes are generally localities having no defined boundaries, such as hamlets, villages, etc.
 (5.) For particulars of existing detached parts of Civil Parishes see Table 13, and for changes in the boundaries of Civil Parishes effected by the Local Government Acts of 1888 and 1894, and by Local Acts since 1891, see Table 14. In the Sub-Districts marked + changes were made in boundaries between the Census of 1891 and that of 1901. Full particulars of the alterations have been published in the Registrar-General's Annual Reports.
 (6.) Revised areas of Civil Parishes have been furnished by the Ordnance Survey Department; for the area of the Tidal Water and Foreshore comprised in Civil Parishes, see Table 15.
